2 provider and other information needed to send reminder cards to, place telephone calls to or per-

21 **SECTION 2.** ORS 433.092 is amended to read:

22 433.092. The purpose of ORS 433.090 to 433.102 is to waive the requirement of consent for re-  
23 lease of information from, or providing information to, the immunization record of a client of any  
24 immunization registry and to waive issues of confidentiality in regard to this information. The  
25 waiver allows [*providers, the Department of Human Services and local health departments and their*  
26 *agents, parents or guardians, schools and children’s facilities*] **authorized users** to share information  
27 from the immunization record through or between immunization registries without violating  
28 confidentiality. The immunization registries and the associated tracking and recall systems are de-  
29 signed to increase the state’s immunization rates for clients and help prevent the spread of the dis-  
30 eases at which the immunizations are aimed. Immunizations are a proven benefit to individuals and  
31 society. An immunization registry reduces inappropriate immunizations and increases appropriate  
32 immunizations because clients’ records will be easily available to [*all providers*] **authorized users**.

33 **SECTION 3.** ORS 433.094 is amended to read:

34 433.094. The Department of Human Services, a local health department, or both, or their agents  
35 or other providers may develop an immunization registry and an associated tracking and recall  
36 system to include, but not be limited to, children and young adults. This system shall include, but  
37 not be limited to, the following:

38 (1) Registering all clients born in, living in or receiving services in this state;

39 (2) Tracking and updating immunization histories of the registered clients [*and retaining in ap-*  
40 *propriate form information about clients who have attained 18 years of age for release only as provided*  
41 *in ORS 433.098 (2)*];

42 (3) Allowing a provider to provide information to and obtain information from the immunization  
43 and immunization tracking and recall records contained in an immunization registry without the  
44 consent of the client or the parent or guardian of the client;

45 (4) Allowing an immunization record of a client to be released to [*that client’s parent, guardian,*

1 *school, children's facility or provider*] **authorized users**;

2 (5) Notifying in writing the parent or guardian of a client, at least through five years of age,  
3 when the tracking and recall system indicates that a client has missed a scheduled immunization  
4 and, if the client has not been immunized after two notifications, arranging to have the parent or  
5 guardian contacted personally;

6 (6) Integrating with any immunization registry and its associated tracking and recall systems;  
7 and

8 (7) Working with health care providers to develop easy information transfer systems.

9 **SECTION 4.** ORS 433.096 is amended to read:

10 433.096. Nothing in ORS 179.505, 192.410 to 192.505, 192.518 to 192.526 or 677.190 (5) or the cli-  
11 ent and provider privilege prevents:

12 (1) [A *provider, a local health department, the Department of Human Services, the parent or*  
13 *guardian of a client, a school or a children's facility*] **Authorized users** from providing information  
14 to and receiving information from the immunization record of a client from the immunization regis-  
15 try; or

16 (2) The immunization registry from:

17 (a) Providing immunization information to or receiving immunization information from a client's  
18 immunization record from [*a provider, a local health department, the Department of Human Services*  
19 *or the parent or guardian of a client, a school or a children's facility*] **authorized users**;

20 (b) Notifying or personally contacting a client or the **custodial** parent or guardian of [*that*] **a**  
21 client about the client's immunization status; or

22 (c) Providing or publishing information in aggregate form that does not identify a client.

23 **SECTION 5.** ORS 433.098 is amended to read:

24 433.098. (1) [A *provider, or a local health department, the Department of Human Services or the*  
25 *agents of any of them, children's facilities and schools shall not be subject to an action or be*] **An au-**  
26 **thorized user and the employees or agents of an authorized user are not** liable for sharing  
27 information from the immunization record or using information from the immunization tracking and  
28 recall record for purposes of tracking immunizations of clients and for outreach to clients who have  
29 missed immunizations.

30 (2) Information in an immunization registry or in the immunization tracking and recall record  
31 or derived [*therefrom*] **from the registry or record** is confidential and [*shall*] **may** not be disclosed  
32 to any person who is not specifically authorized to receive information under ORS 433.090 to  
33 433.102. [*However, when a client attains 18 years of age, information in the registry shall be made*  
34 *available only with the written consent of the client unless the requester shows a public health need for*  
35 *the information. Upon the written request of a client who is at least 18 years of age, the registry shall*  
36 *purge that client's immunization record and tracking and recall record from the registry*].

37 **(3) When a client who is 18 years of age or older requests in writing that the client's**  
38 **immunization record be removed from an immunization registry, the agency that maintains**  
39 **the registry shall purge the client's immunization record from the registry as soon as is**  
40 **reasonably possible.**

41 [(3)] (4) Before sharing data with any immunization registry, an immunization registry main-  
42 tained in Oregon must ensure that the immunization registry receiving the data has confidentiality  
43 and security policies at least as stringent as the policies of the registry sharing the data.

44 **SECTION 6.** ORS 433.100 is amended to read:

45 433.100. (1) The Department of Human Services shall adopt rules pertaining to the development

1 and implementation of the immunization registries and their associated tracking and recall systems.  
2 The rules shall include a process *[by which]* **that allows a client who is 18 years of age or older,**  
3 a custodial parent or guardian *[can]* **to** control the transfer of information from the immunization  
4 record or the immunization tracking and recall record when such control is necessary to protect the  
5 health or safety of the family **or the client.**

7 child in the registry or restricts the registry from providing tracking and recall information to a  
8 custodial parent or guardian.

9 (3)(a) Pursuant to rules adopted by the department, the department may charge fees to author-  
10 ized users, except hospitals, schools and individual health care providers, for services requested from  
11 an immunization registry, including associated tracking and recall systems maintained by the de-  
12 partment. Authorized users may make voluntary contributions to the department to help support  
13 the operation of an immunization registry established under ORS 433.094.

14 (b) Fees authorized under paragraph (a) of this subsection shall be assessed only against man-  
15 aged care organizations, health maintenance organizations, physician organizations and insurance

19 Treasury and placed in the General Fund to the credit of the Public Health Account. Such moneys  
20 are continuously appropriated to the department and shall be used only for the administration and
