(2) The Director of the Oregon Health Authority shall take possession of the records and property, and shall take charge of the employees and employ them in the exercise of the duties, functions and powers transferred by section 19 of this 2009 Act, without reduction of compensation but subject to change or termination of employment or compensation as provided by law. With respect to any employees transferred to the Oregon Health Authority under this section who are, on the effective date of this 2009 Act, represented by a labor organization or covered by a collective bargaining agreement, the authority shall recognize the labor organization as the collective bargaining representative for the employees and shall adopt and apply the terms of the collective bargaining agreement covering the employees.

(3) The Governor shall resolve any dispute between the Department of Human Services, the Department of Consumer and Business Services, the Oregon Department of Administrative Services, the Office of Private Health Partnerships or the Oregon Health Policy Commission and the Oregon Health Authority relating to transfers of records, property and employees under this section, and the Governor’s decision is final.

SECTION 22. The transfer of duties, functions and powers to the Oregon Health Authority by section 19 of this 2009 Act does not affect any action, proceeding or prosecution involving or with respect to such duties, functions and powers begun before and pending at the time of the transfer, except that the Oregon Health Authority is substituted for the Department of Human Services, the Oregon Department of Administrative Services, the Department of Consumer and Business Services, the Office of Private Health Partnerships or the Oregon Health Policy Commission in the action, proceeding or prosecution.

SECTION 29. An insurer licensed by the Department of Consumer and Business Services shall include in any rate filing under ORS 743.018 with respect to individual and small employer health insurance policies a statement of administrative expenses in the form and manner prescribed by the department by rule. The director may not disclose a part of a filing subject to a carrier’s request pending the director’s determination under this subsection.

(3) The director may by rule:

(a) Specify all information a carrier must submit as part of a rate filing under this section; and

(b) Historical and projected administrative costs and medical and hospital expenses.
(c) Historical and projected loss ratio between the amounts spent on medical services and earned premiums.
(d) Any anticipated change in the number of enrollees if the proposed premium rate is approved.

(f) Changes in the insurer’s health care cost containment and quality improvement efforts since the insurer’s last rate filing for the same category of health benefit plan.
(g) Whether the proposed change in the premium rate is necessary to maintain the insurer’s solvency or to maintain rate stability and prevent excessive rate increases in the future.

(b) Any public comments received under section 28 of this 2009 Act pertaining to the standards set forth in subsection (4) of this section and this subsection.
(6) With the written consent of the insurer, the director may modify a schedule or table of premium rates filed in accordance with subsection (1) of this section.

(7) The requirements of this section do not supersede other provisions of law that require insurers, health care service contractors or multiple employer welfare arrangements providing health insurance to file schedules or tables of premium rates or proposed premium rates with the director or to seek the director’s approval of rates or changes to rates.

**SECTION 68.** ORS 109.096 is amended to read:

109.096. (1) When the paternity of a child has not been established under ORS 109.070, the putative father is entitled to reasonable notice in adoption or other court proceedings concerning the custody of the child, except for juvenile court proceedings, if the petitioner knows, or by the exercise of ordinary diligence should have known:

The center shall only provide the information contained in the notice to persons whose names appear in the notice or to persons or agencies showing a legitimate interest in the parent-child relationship including, but not limited to, parties to adoption, juvenile court or heirship proceedings.

If such disclosure is made, the physician, psychologist, nurse practitioner, licensed clinical social worker or community mental health [and developmental disabilities] program shall not be subject to any civil liability for advising the parent, parents or legal guardian without the consent of the minor.

As soon as practicable, the supervising officer of a person subject to the requirements of this subparagraph shall review the person’s living arrangement with the person’s sex offender treatment provider to ensure that the arrangement supports the goals of offender rehabilitation and community safety. (ii) The person demonstrates to the board or supervisory authority by a preponderance of the evidence that no mental intimidation or pressure was brought to bear during the commission of the crime;

(iii) The person demonstrates to the board or supervisory authority by a preponderance of the evidence that imposition of the condition will deprive the person of a residence that would be materially significant in aiding in the rehabilitation of the person or in the success of the post-prison supervision; or

(iv) The person resides in a halfway house. As used in this sub-subparagraph, “halfway house” means a publicly or privately operated profit or nonprofit residential facility that provides rehabilitative care and treatment for sex offenders.

(B) Has not fully paid the restitution by the time the person has completed the period of post-prison supervision imposed for the offense for which the restitution was ordered.

(5) A person’s failure to apply for or accept employment at any workplace where there is a labor dispute in progress does not constitute a violation of the conditions of post-prison supervision. As used in this subsection, “labor dispute” has the meaning given that term in ORS 662.010.

(6)(a) When a person is released from imprisonment on post-prison supervision, the board shall order, as a condition of post-prison supervision, that the person reside for the first six months after
release in the county where the person resided at the time of the offense that resulted in the imprisonment.

(b) Upon motion of the board, the person, a victim or a district attorney, the board may waive the residency requirement only after making a finding that one of the following conditions has been met:

(A) The person provides proof of employment with no set ending date in a county other than the established county of residence;

(B) The person is found to pose a significant danger to a victim of the person’s crime, or a victim or victim’s family is found to pose a significant danger to the person residing in the established county of residence;

(E) The person desires to be released to another state; or

(F) The board finds other good cause, of a nature similar to the other conditions listed in this paragraph, for the waiver.

(C) If the person is serving multiple sentences, the county of residence shall be determined according to the date of the last arrest resulting in a conviction.

(D) In determining the person’s county of residence for purposes of this subsection, the board may not consider offenses committed by the person while the person was incarcerated in a Department of Corrections facility.

(7) As used in this section, “attends,” “institution of higher education,” “works” and “carries on a vocation” have the meanings given those terms in ORS 181.594.

(L) A prohibition against using a post-office box unless approved by the board or supervising officer.

(M) A prohibition against residing in any dwelling in which another sex offender who is on probation, parole or post-prison supervision resides unless approved by the board or supervising officer, or in which more than one other sex offender who is on probation, parole or post-prison supervision resides unless approved by the board or a designee of the board. As soon as practicable, the supervising officer of a person subject to the requirements of this subparagraph shall review the person’s living arrangement with the person’s sex offender treatment provider to ensure that the arrangement supports the goals of offender rehabilitation and community safety. As used in this subparagraph:

(ii) The person demonstrates to the board by a preponderance of the evidence that no mental intimidation or pressure was brought to bear during the commission of the crime;

(C) If the board imposes the special condition of parole described in this paragraph and if at any time during the period of parole the victim moves to within three miles of the parolee's residence, the board may not require the parolee to change the parolee’s residence in order to comply with the special condition of parole.

(4) It is not a cause for revocation of parole that the parolee failed to apply for or accept employment at any workplace where there is a labor dispute in progress. As used in this subsection, “labor dispute” has the meaning given that term in ORS 662.010.

(5)(a) When the board grants an inmate parole from the custody of the Department of Corrections, the board shall order, as a condition of parole, that the inmate reside for the first six months in the county where the inmate resided at the time of the offense that resulted in the imprisonment.

(b) Upon motion of the board, an inmate, a victim or a district attorney, the board may waive the residency requirement only after making a finding that one of the following conditions has been met:

(A) The inmate provides proof of a job with no set ending date in a county other than the established county of residence;

(i) An Oregon driver license, regardless of its validity;

(ii) Records maintained by the Department of Revenue;

(iii) Records maintained by the Department of State Police bureau of criminal identification;

(iv) Records maintained by the Department of Human Services; and

(v) Records maintained by the Department of Corrections.

and

(vi) Records maintained by the Oregon Health Authority.

(B) When an inmate did not have one identifiable address of record at the time of the offense, the inmate shall be considered to have resided in the county where the offense occurred.

(C) If the inmate is serving multiple sentences, the county of residence shall be determined according to the date of the last arrest resulting in a conviction.
(D) If the inmate is being rereleased after revocation of parole, the county of residence shall be determined according to the date of the arrest resulting in a conviction of the underlying offense.

(E) In determining the inmate’s county of residence, a conviction for an offense that the inmate committed while incarcerated in a state corrections institution may not be considered.

(6) When the board grants an inmate parole from the custody of the Department of Corrections and if the inmate is required to report as a sex offender under ORS 181.595, the board, as a condition of parole, shall order the inmate to report with the Department of State Police, a chief of police, a county sheriff or the supervising agency:

**SECTION 101.** ORS 161.315 is amended to read:

161.315. Upon filing of notice or the introduction of evidence by the defendant as provided in ORS 161.309 (3), the state shall have the right to have at least one psychiatrist or licensed psychologist of its selection examine the defendant. The state shall file notice with the court of its intention to have the defendant examined. Upon filing of the notice, the court, in its discretion, may order the defendant committed to a state institution or any other suitable facility, if the defendant is 18 years of age or older, for observation and examination as the court may designate for a period not to exceed 30 days. If the defendant is under 18 years of age, upon filing of the notice, the court, in its discretion, may order the defendant committed to a secure intensive community inpatient facility designated by the [Department of Human Services] Oregon Health Authority for observation and examination as the court may designate for a period not to exceed 30 days. If the defendant objects to the examiner chosen by the state, the court for good cause shown may direct the state to select a different examiner.

**SECTION 102.** ORS 161.327 is amended to read:

161.327. (1)(a) Following the entry of a judgment pursuant to ORS 161.319 and the dispositional determination under ORS 161.325, if the court finds that the person would have been guilty of a felony, or of a misdemeanor during a criminal episode in the course of which the person caused physical injury or risk of physical injury to another, the court shall order that a psychiatric or psychological evaluation be performed and a report of the evaluation be provided to the court if an evaluation was not performed or a report was not provided to the court prior to trial. Upon receipt of the evaluation, the court shall order that the person be placed under the jurisdiction of the Psychiatric Security Review Board for care and treatment if the court finds by a preponderance of the evidence that the person is affected by mental disease or defect and presents a substantial danger to others requiring commitment to:

(A) A state hospital designated by the [Department of Human Services] Oregon Health Authority if the person is at least 18 years of age; or

(B) A secure intensive community inpatient facility designated by the [Department of Human Services] authority if the person is under 18 years of age.

(b) The period of jurisdiction of the board is equal to the maximum sentence provided by statute for the crime for which the person was found guilty except for insanity.

(c) When a court orders a psychiatric or psychological evaluation of a financially eligible person under this subsection, the court shall order the public defense services executive director to pay a reasonable fee for the evaluation from funds available for the purpose.
The court shall determine whether the person should be committed to a state hospital, or to a secure intensive community inpatient facility, designated by the [Department of Human Services] authority or conditionally released pending any hearing before the board as follows:

(a) If the court finds that the person presents a substantial danger to others and is not a proper subject for conditional release, the court shall order the person committed to a state hospital designated by the [Department of Human Services] authority if the person is at least 18 years of age, or to a secure intensive community inpatient facility designated by the [Department of Human Services] authority if the person is under 18 years of age, for custody, care and treatment pending hearing before the board in accordance with ORS 161.341 to 161.351.

(b) If the court finds that the person presents a substantial danger to others but that the person can be adequately controlled with supervision and treatment if conditionally released and that necessary supervision and treatment are available, the court may order the person conditionally released, subject to those supervisory orders of the court as are in the best interests of justice, the protection of society and the welfare of the person. The court shall designate a person or state, county or local agency to supervise the person upon release, subject to those conditions as the court directs in the order for conditional release. Prior to the designation, the court shall notify the person or agency to whom conditional release is contemplated and provide the person or agency an opportunity to be heard before the court. After receiving an order entered under this paragraph, the person or agency designated shall assume supervision of the person pursuant to the direction of the Psychiatric Security Review Board. The person or agency designated as supervisor shall be required to report in writing no less than once per month to the board concerning the supervised person’s compliance with the conditions of release.

(3) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others.

(4) In determining whether a person should be conditionally released, the court may order evaluations, examinations and compliance as provided in ORS 161.336 (4) and 161.346 (2).

(5) In determining whether a person should be committed to a state hospital or to a secure intensive community inpatient facility or conditionally released, the court shall have as its primary concern the protection of society.

(6) Upon placing a person on conditional release, the court shall notify the board in writing of the court’s conditional release order, the supervisor appointed, and all other conditions of release, and the person shall be on conditional release pending hearing before the board in accordance with ORS 161.336 to 161.351. Upon compliance with this subsection and subsections (1) and (2) of this section, the court’s jurisdiction over the person is terminated and the board assumes jurisdiction over the person.

(7) An order of the court under this section is a final order appealable by the person found guilty except for insanity in accordance with ORS 19.205 (5). Notwithstanding ORS 19.255, notice of an appeal under this section shall be served and filed within 90 days after the order appealed from is entered in the register. The person shall be entitled on appeal to suitable counsel possessing skills and experience commensurate with the nature and complexity of the case. If the person is financially eligible, suitable counsel shall be appointed in the manner provided in ORS 138.500 (1), and the compensation for counsel and costs and expenses of the person necessary to the appeal shall be determined and paid as provided in ORS 138.500.

(8) Upon placing a person under the jurisdiction of the board, the court shall notify the person of the right to appeal and the right to a hearing before the board in accordance with ORS 161.336 (7) and 161.341 (4).

SECTION 103. ORS 161.336 is amended to read:

161.336. (1) If the Psychiatric Security Review Board determines that the person presents a substantial danger to others but can be adequately controlled with supervision and treatment if conditionally released and that necessary supervision and treatment are available, the board may
order the person conditionally released, subject to those supervisory orders of the board as are in
the best interests of justice, the protection of society and the welfare of the person. The board may
designate any person or state, county or local agency the board considers capable of supervising the
person upon release, subject to those conditions as the board directs in the order for conditional
release. Prior to the designation, the board shall notify the person or agency to whom conditional
release is contemplated and provide the person or agency an opportunity to be heard before the
board. After receiving an order entered under this section, the person or agency designated shall
assume supervision of the person pursuant to the direction of the board.

(2) Conditions of release contained in orders entered under this section may be modified from
time to time and conditional releases may be terminated by order of the board as provided in ORS
161.351.

(3) For purposes of this section, a person affected by a mental disease or defect in a state of
remission is considered to have a mental disease or defect requiring supervision when the disease
may, with reasonable medical probability, occasionally become active and, when active, render the
person a danger to others. The person may be continued on conditional release by the board as
provided in this section.

(4)(a) As a condition of release, the board may require the person to report to any state or local
mental health facility for evaluation. Whenever medical, psychiatric or psychological treatment is
recommended, the board may order the person, as a condition of release, to cooperate with and ac-
cept the treatment from the facility.

(b) The facility to which the person has been referred for evaluation shall perform the evalua-
tion and submit a written report of its findings to the board. If the facility finds that treatment of
the person is appropriate, it shall include its recommendations for treatment in the report to the
board.

(c) Whenever treatment is provided by the facility, it shall furnish reports to the board on a
regular basis concerning the progress of the person.

(d) Copies of all reports submitted to the board pursuant to this section shall be furnished to
the person and the person’s counsel. The confidentiality of these reports is determined pursuant to
ORS 192.501 to 192.505.

(e) The facility shall comply with any other conditions of release prescribed by order of the
board.

(5) If at any time while the person is under the jurisdiction of the board it appears to the board
or its chairperson that the person has violated the terms of the conditional release or that the
mental health of the individual has changed, the board or its chairperson may order the person re-
turned for evaluation or treatment to a state hospital designated by the [Department of Human
Services] Oregon Health Authority if the person is at least 18 years of age, or to a secure intensive
community inpatient facility designated by the [Department of Human Services] authority if the
person is under 18 years of age. A written order of the board, or its chairperson on behalf of the
board, is sufficient warrant for any law enforcement officer to take into custody such person and
transport the person accordingly. A sheriff, municipal police officer, constable, parole and probation
officer, prison official or other peace officer shall execute the order, and the person shall be re-
turned as soon as practicable to the custody of the [Department of Human Services] authority.
Within 20 days following the return of the person to the custody of the [Department of Human Ser-
vices] authority, the board shall conduct a hearing. Notice of the time and place of the hearing shall
be given to the person, the attorney representing the person and the Attorney General. The board
may continue the person on conditional release or, if it finds by a preponderance of the evidence
that the person is affected by mental disease or defect and presents a substantial danger to others
and cannot be adequately controlled if conditional release is continued, it may order the person
committed to a state hospital designated by the [Department of Human Services] authority if the
person is at least 18 years of age, or to a secure intensive community inpatient facility designated
by the [Department of Human Services] authority if the person is under 18 years of age. The state
must prove by a preponderance of the evidence the person’s unfitness for conditional release. A
person in custody pursuant to this subsection has the same rights as any person appearing before the board pursuant to ORS 161.346.

(6) The community mental health [and developmental disabilities] program director, the director of the facility providing treatment to a person on conditional release, any peace officer or any person responsible for the supervision of a person on conditional release may take a person on conditional release into custody or request that the person be taken into custody if there is reasonable cause to believe the person is a substantial danger to others because of mental disease or defect and that the person is in need of immediate care, custody or treatment. Any person taken into custody pursuant to this subsection shall be transported as soon as practicable to a state hospital designated by the [Department of Human Services] authority if the person is at least 18 years of age, or to a secure intensive community inpatient facility designated by the [Department of Human Services] authority if the person is under 18 years of age. A person taken into custody under this subsection has the same rights as any person appearing before the board pursuant to ORS 161.346.

(7)(a) Any person conditionally released under this section may apply to the board for discharge from or modification of an order of conditional release on the ground that the person is no longer affected by mental disease or defect or, if still so affected, no longer presents a substantial danger to others and no longer requires supervision, medication, care or treatment. Notice of the hearing on an application for discharge or modification of an order of conditional release shall be made to the Attorney General. The applicant, at the hearing pursuant to this subsection, must prove by a preponderance of the evidence the applicant’s fitness for discharge or modification of the order of conditional release. Applications by the person for discharge or modification of conditional release shall not be filed more often than once every six months.

(b) Upon application by any person or agency responsible for supervision or treatment pursuant to an order of conditional release, the board shall conduct a hearing to determine if the conditions of release shall be continued, modified or terminated. The application shall be accompanied by a report setting forth the facts supporting the application.

(8) The total period of commitment and conditional release ordered pursuant to this section may not exceed the maximum sentence provided by statute for the crime for which the person was found guilty except for insanity.

(9) The board shall maintain and keep current the medical, social and criminal history of all persons committed to its jurisdiction. The confidentiality of records maintained by the board shall be determined pursuant to ORS 192.501 to 192.505.

(10) In determining whether a person should be committed to a state hospital or to a secure intensive community inpatient facility, conditionally released or discharged, the board shall have as its primary concern the protection of society.

SECTION 104. ORS 161.341 is amended to read:

161.341. (1) If the Psychiatric Security Review Board finds, upon its initial hearing, that the person presents a substantial danger to others and is not a proper subject for conditional release, the board shall order the person committed to, or retained in, a state hospital designated by the [Department of Human Services] Oregon Health Authority if the person is at least 18 years of age, or to a secure intensive community inpatient facility designated by the [Department of Human Services] authority if the person is under 18 years of age, for custody, care and treatment. The period of commitment ordered by the board may not exceed the maximum sentence provided by statute for the crime for which the person was found guilty except for insanity.

(2) If at any time after the commitment of a person to a state hospital, or to a secure intensive community inpatient facility, designated by the [Department of Human Services] authority under this section, the superintendent of the hospital or the director of the secure intensive community inpatient facility is of the opinion that the person is no longer affected by mental disease or defect, or, if so affected, no longer presents a substantial danger to others or that the person continues to be affected by mental disease or defect and continues to be a danger to others, but that the person can be controlled with proper care, medication, supervision and treatment if conditionally released, the superintendent or director shall apply to the board for an order of discharge or conditional release.
The application shall be accompanied by a report setting forth the facts supporting the opinion of the superintendent or director. If the application is for conditional release, the application must also be accompanied by a verified conditional release plan. The board shall hold a hearing on the application within 60 days of its receipt. Not less than 20 days prior to the hearing before the board, copies of the report shall be sent to the Attorney General.

3 The attorney representing the state may choose a psychiatrist or licensed psychologist to examine the person prior to the initial or any later decision by the board on discharge or conditional release. The results of the examination shall be in writing and filed with the board, and shall include, but need not be limited to, an opinion as to the mental condition of the person, whether the person presents a substantial danger to others and whether the person could be adequately controlled with treatment as a condition of release.

4 Any person who has been committed to a state hospital, or to a secure intensive community inpatient facility, designated by the Department of Human Services authority for custody, care and treatment or another person acting on the person’s behalf may apply to the board for an order of discharge or conditional release upon the grounds:

(a) That the person is no longer affected by mental disease or defect;
(b) If so affected, that the person no longer presents a substantial danger to others; or
(c) That the person continues to be affected by a mental disease or defect and would continue to be a danger to others without treatment, but that the person can be adequately controlled and given proper care and treatment if placed on conditional release.

5 When application is made under subsection (4) of this section, the board shall require that a report from the superintendent of the hospital or the director of the secure intensive community inpatient facility be prepared and transmitted as provided in subsection (2) of this section. The applicant must prove by a preponderance of the evidence the applicant’s fitness for discharge or conditional release under the standards of subsection (4) of this section, unless more than two years has passed since the state had the burden of proof on that issue, in which case the state shall have the burden of proving by a preponderance of the evidence the applicant’s lack of fitness for discharge or conditional release. Applications for discharge or conditional release under subsection (4) of this section shall not be filed more often than once every six months commencing with the date of the initial board hearing.

6 The board is not required to hold a hearing on a first application under subsection (4) of this section any sooner than 90 days after the initial hearing. However, hearings resulting from any subsequent requests shall be held within 60 days of the filing of the application.

7(a) In no case shall any person committed by the court under ORS 161.327 to a state hospital, or to a secure intensive community inpatient facility, designated by the Department of Human Services authority be held in the hospital or facility for more than 90 days from the date of the court’s commitment order without an initial hearing before the board to determine whether the person should be conditionally released or discharged.
(b) In no case shall a person be held pursuant to this section for a period of time exceeding two years without a hearing before the board to determine whether the person should be conditionally released or discharged.

SECTION 105. ORS 161.346 is amended to read:

161.346. (1) The Psychiatric Security Review Board shall conduct hearings upon any application for discharge, conditional release, commitment or modification filed pursuant to ORS 161.336, 161.341 or 161.351 and as otherwise required by ORS 161.336 to 161.351 and shall make findings on the issues before it which may include:

(a) If the board finds that the person is no longer affected by mental disease or defect, or, if so affected, no longer presents a substantial danger to others, the board shall order the person discharged from commitment or from conditional release.
(b) If the board finds that the person is still affected by a mental disease or defect and is a substantial danger to others, but can be controlled adequately if conditionally released with treat-
ment as a condition of release, the board shall order the person conditionally released as provided in ORS 161.336.

(c) If the board finds that the person has not recovered from the mental disease or defect and is a substantial danger to others and cannot adequately be controlled if conditionally released on supervision, the board shall order the person committed to, or retained in, a state hospital designated by the [Department of Human Services] Oregon Health Authority if the person is at least 18 years of age, or a secure intensive community inpatient facility designated by the [Department of Human Services] authority if the person is under 18 years of age, for care, custody and treatment.

(2) At any time, the board may appoint a psychiatrist or licensed psychologist to examine the person and to submit a report to the board. Reports filed with the board pursuant to the examination shall include, but need not be limited to, an opinion as to the mental condition of the person and whether the person presents a substantial danger to others, and whether the person could be adequately controlled with treatment as a condition of release. To facilitate the examination of the person, the board may order the person placed in the temporary custody of any state hospital or other suitable facility.

(3) The board may make the determination regarding discharge or conditional release based upon the written reports submitted pursuant to this section. If any member of the board desires further information from the examining psychiatrist or licensed psychologist who submitted the report, these persons shall be summoned by the board to give testimony. The board shall consider all evidence available to it which is material, relevant and reliable regarding the issues before the board. Such evidence may include but is not limited to the record of trial, the information supplied by the attorney representing the state or by any other interested party, including the person, and information concerning the person’s mental condition and the entire psychiatric and criminal history of the person. All evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their serious affairs shall be admissible at hearings. Testimony shall be taken upon oath or affirmation of the witness from whom received. The officer presiding at the hearing shall administer oaths or affirmations to witnesses.

(4) The board shall furnish to the person about whom the hearing is being conducted, the attorney representing the person, the Attorney General, the district attorney and the court or department of the county from which the person was committed written notice of any hearing pending under this section within a reasonable time prior to the hearing. The notice shall include:

(a) The time, place and location of the hearing.

(b) The nature of the hearing and the specific action for which a hearing has been requested, the issues to be considered at the hearing and a reference to the particular sections of the statutes and rules involved.

(c) A statement of the authority and jurisdiction under which the hearing is to be held.

(d) A statement of all rights under subsection (6) of this section.

(5) Prior to the commencement of a hearing, the board or presiding officer shall serve personally or by mail a written notice to each party as provided in ORS 183.413 (2).

(6) At the hearing, the person about whom the hearing is being held shall have the right:

(a) To appear at all proceedings held pursuant to this section, except board deliberations.

(b) To cross-examine all witnesses appearing to testify at the hearing.

(c) To subpoena witnesses and documents as provided in ORS 161.395.

(d) To be represented by suitable legal counsel possessing skills and experience commensurate with the nature and complexity of the case, to consult with counsel prior to the hearing and, if financially eligible, to have suitable counsel appointed at state expense.

(e) To examine all information, documents and reports which the board considers. If then available to the board, the information, documents and reports shall be disclosed to the person so as to allow examination prior to the hearing.

(7) A record shall be kept of all hearings before the board, except board deliberations.
Upon request of any party before the board, or on its own motion, the board may continue a hearing for a reasonable period not to exceed 60 days to obtain additional information or testimony or for other good cause shown.

Within 15 days following the conclusion of the hearing, the board shall provide to the person, the attorney representing the person, the Attorney General or other attorney representing the state, if any, written notice of the board’s decision.

The burden of proof on all issues at hearings of the board shall be by a preponderance of the evidence.

If the board determines that the person about whom the hearing is being held is financially eligible, the board shall appoint suitable counsel to represent the person. Counsel so appointed shall be an attorney who satisfies the professional qualifications established by the Public Defense Services Commission under ORS 151.216. The public defense services executive director shall determine and allow fair compensation for counsel appointed under this subsection and the reasonable expenses of the person in respect to the hearing. Compensation payable to appointed counsel shall not be less than the applicable compensation level established under ORS 151.216. The compensation and expenses so allowed shall be paid by the public defense services executive director from funds available for the purpose.

The Attorney General may represent the state at contested hearings before the board unless the district attorney of the county from which the person was committed elects to represent the state. The district attorney of the county from which the person was committed shall cooperate with the Attorney General in securing the material necessary for presenting a contested hearing before the board. If the district attorney elects to represent the state, the district attorney shall give timely written notice of such election to the Attorney General, the board and the attorney representing the person.

SECTION 106. ORS 161.365 is amended to read:

Whenever the court has reason to doubt the defendant’s fitness to proceed by reason of incapacity as defined in ORS 161.360, the court may call to its assistance in reaching its decision any witness and may appoint a psychiatrist or psychologist to examine the defendant and advise the court.

If the court determines the assistance of a psychiatrist or psychologist would be helpful, the court may order the defendant to be committed for the purpose of an examination for a period not exceeding 30 days to a state mental hospital designated by the Oregon Health Authority if the defendant is at least 18 years of age, or to a secure intensive community inpatient facility designated by the authority if the defendant is under 18 years of age. The report of each examination shall include, but is not necessarily limited to, the following:

(a) A description of the nature of the examination;
(b) A statement of the mental condition of the defendant; and
(c) If the defendant suffers from a mental disease or defect, an opinion as to whether the defendant is incapacitated within the definition set out in ORS 161.360.

Except when the defendant and the court both request to the contrary, the report may not contain any findings or conclusions as to whether the defendant as a result of mental disease or defect was subject to the provisions of ORS 161.295 or 161.300 at the time of the criminal act charged.

If the examination by the psychiatrist or psychologist cannot be conducted by reason of the unwillingness of the defendant to participate therein, the report shall so state and shall include, if possible, an opinion as to whether such unwillingness of the defendant was the result of mental disease or defect affecting capacity to proceed.

The report of the examination shall be filed in triplicate with the clerk of the court, who shall cause copies to be delivered to the district attorney and to counsel for defendant.

When upon motion of the court or a financially eligible defendant, the court has ordered a psychiatric or psychological examination of the defendant, a county or justice court shall order the
county to pay, and a circuit court shall order the public defense services executive director to pay from funds available for the purpose:

(a) A reasonable fee if the examination of the defendant is conducted by a psychiatrist or psychologist in private practice; and

(b) All costs including transportation of the defendant if the examination is conducted by a psychiatrist or psychologist in the employ of the [Department of Human Services] Oregon Health Authority or a community mental health [and developmental disabilities] program established under ORS 430.610 to 430.670.

(7) When such an examination is ordered at the request or with the acquiescence of a defendant who is determined not to be financially eligible, the examination shall be performed at the defendant’s expense. When such an examination is ordered at the request of the prosecution, the county shall pay for the expense of the examination.

SECTION 107. ORS 161.370 is amended to read:

161.370. (1) When the defendant’s fitness to proceed is drawn in question, the issue shall be determined by the court. If neither the prosecuting attorney nor counsel for the defendant contests the finding of the report filed by a psychiatrist or psychologist under ORS 161.365, the court may make the determination on the basis of such report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon such hearing, the party who contests the finding thereof shall have the right to summon and to cross-examine any psychiatrist or psychologist who submitted the report and to offer evidence upon the issue. Other evidence regarding the defendant’s fitness to proceed may be introduced by either party.

(2) If the court determines that the defendant lacks fitness to proceed, the proceeding against the defendant shall be suspended, except as provided in subsection (12) of this section, and the court shall commit the defendant to the custody of the superintendent of a state mental hospital designated by the [Department of Human Services] Oregon Health Authority if the defendant is at least 18 years of age, or to the custody of the director of a secure intensive community inpatient facility designated by the [Department of Human Services] authority if the defendant is under 18 years of age, or shall release the defendant on supervision for as long as such unfitness shall endure. The court may release the defendant on supervision if it determines that care other than commitment for incapacity to stand trial would better serve the defendant and the community. It may place conditions which it deems appropriate on the release, including the requirement that the defendant regularly report to the [Department of Human Services] authority or a community mental health [and developmental disabilities] program for examination to determine if the defendant has regained capacity to stand trial. When the court, on its own motion or upon the application of the superintendent of the hospital or director of the secure intensive community inpatient facility in which the defendant is committed, a person examining the defendant as a condition of release on supervision, or either party, determines, after a hearing, if a hearing is requested, that the defendant has regained fitness to proceed, the proceeding shall be resumed. If, however, the court is of the view that so much time has elapsed since the commitment or release of the defendant on supervision that it would be unjust to resume the criminal proceeding, the court on motion of either party may dismiss the charge and may order the defendant to be discharged or cause a proceeding to be commenced forthwith under ORS 426.070 to 426.170 or 427.235 to 427.290.

(3) The superintendent of a state hospital or director of a secure intensive community inpatient facility shall cause the defendant to be evaluated within 60 days from the defendant’s delivery into the superintendent’s or director’s custody, for the purpose of determining whether there is a substantial probability that, in the foreseeable future, the defendant will have the capacity to stand trial.

(4) In addition, the superintendent or director shall:

(a) Immediately notify the committing court if the defendant, at any time, gains or regains the capacity to stand trial or will never have the capacity to stand trial.

(b) Within 90 days of the defendant’s delivery into the superintendent’s or director’s custody, notify the committing court that:
(A) The defendant has the present capacity to stand trial;

(B) There is no substantial probability that, in the foreseeable future, the defendant will gain or regain the capacity to stand trial; or

(C) There is a substantial probability that, in the foreseeable future, the defendant will gain or regain the capacity to stand trial. If such a probability exists, the superintendent or director shall give the court an estimate of the time in which the defendant, with appropriate treatment, is expected to gain or regain capacity.

(5) If the superintendent or director determines that there is a substantial probability that, in the foreseeable future, the defendant will gain or regain the capacity to stand trial, unless the court otherwise orders, the defendant shall remain in the superintendent’s or director’s custody where the defendant shall receive treatment designed for the purpose of enabling the defendant to gain or regain capacity. In keeping with the notice requirement under subsection (4)(b) of this section, the superintendent or director shall, for the duration of the defendant’s period of commitment, submit a progress report to the committing court, concerning the defendant’s capacity or incapacity, at least once every 180 days as measured from the date of the defendant’s delivery into the superintendent’s or director’s custody.

(6) A defendant who remains committed under subsection (5) of this section shall be discharged within a period of time that is reasonable for making a determination concerning whether or not, and when, the defendant may gain or regain capacity. However, regardless of the number of charges with which the defendant is accused, in no event shall the defendant be committed for longer than whichever of the following, measured from the defendant’s initial custody date, is shorter:

(a) Three years; or

(b) A period of time equal to the maximum sentence the court could have imposed if the defendant had been convicted.

(7) The superintendent or director shall notify the committing court of the defendant’s impending discharge 30 days before the date on which the superintendent or director is required to discharge the defendant under subsection (6) of this section.

(8) When the committing court receives a notice from the superintendent or director under either subsection (4) or (7) of this section concerning the defendant’s progress or lack thereof, the committing court shall determine after a hearing, if a hearing is requested, whether the defendant presently has the capacity to stand trial.

(9) If under subsection (8) of this section the court determines that the defendant lacks the capacity to stand trial, the court shall further determine whether there is a substantial probability that the defendant, in the foreseeable future, will gain or regain the capacity to stand trial and whether the defendant is entitled to discharge under subsection (6) of this section. If the court determines that there is no substantial probability that the defendant, in the foreseeable future, will gain or regain the capacity to stand trial or that the defendant is entitled to discharge under subsection (6) of this section, the court shall dismiss, without prejudice, all charges against the defendant and:

(a) Order that the defendant be discharged; or

(b) Initiate commitment proceedings under ORS 426.070 or 427.235 to 427.290.

(10) All notices required under this section shall be filed with the clerk of the court and delivered to both the district attorney and the counsel for the defendant.

(11) If the defendant regains fitness to proceed, the term of any sentence received by the defendant for conviction of the crime charged shall be reduced by the amount of time the defendant was committed under this section to the custody of a state mental hospital, or to the custody of a secure intensive community inpatient facility, designated by the [Department of Human Services] Oregon Health Authority.

(12) The fact that the defendant is unfit to proceed does not preclude any objection through counsel and without the personal participation of the defendant on the grounds that the indictment is insufficient, that the statute of limitations has run, that double jeopardy principles apply or upon
any other ground at the discretion of the court which the court deems susceptible of fair determination prior to trial.

SECTION 108. ORS 161.375 is amended to read:

161.375. (1) When a patient, who has been placed at the Oregon State Hospital for evaluation, care, custody and treatment under the jurisdiction of the Psychiatric Security Review Board or by court order under ORS 161.315, 161.365 or 161.370, has escaped or is absent without authorization from the Oregon State Hospital or from the custody of any person in whose charge the superintendent has placed the patient, the superintendent may order the arrest and detention of the patient.

(2) When a patient, who has been placed at a secure intensive community inpatient facility for evaluation, care, custody and treatment under the jurisdiction of the Psychiatric Security Review Board or by court order under ORS 161.315, 161.365, 161.370 or 419C.527, has escaped or is absent without authorization from the facility or from the custody of any person in whose charge the director of the facility has placed the patient, the director of the facility shall notify the Director of [Human Services, The Director of Human Services] the Oregon Health Authority. The Director of the Oregon Health Authority may order the arrest and detention of the patient.

(3) The superintendent or the [Director of Human Services] Director of the Oregon Health Authority may issue an order under this section based upon a reasonable belief that grounds exist for issuing the order. When reasonable, the superintendent or the [Director of Human Services] Director of the Oregon Health Authority shall investigate to ascertain whether such grounds exist.

(4) Any order issued by the superintendent or the [Director of Human Services] Director of the Oregon Health Authority as authorized by this section constitutes full authority for the arrest and detention of the patient and all laws applicable to warrant or arrest apply to the order. An order issued by the superintendent or the [Director of Human Services] Director of the Oregon Health Authority under this section expires 72 hours after being signed by the superintendent or the [Director of Human Services] Director of the Oregon Health Authority.

(5) As used in this section, “superintendent” means the superintendent of the Oregon State Hospital or the superintendent’s authorized representative.

SECTION 109. ORS 161.385 is amended to read:

If there is a vacancy for any cause, the Governor shall make an appointment to become immediately effective for the unexpired term.

(9)(a) When a person over whom a panel of the board exercises its jurisdiction is adversely affected or aggrieved by a final order of the panel, the person is entitled to judicial review of the final order. The record may include a certified true copy of a tape recording of the proceedings at a hearing in accordance with ORS 161.346. A copy of the record transmitted shall be delivered to the person by the panel.

(c) The court may affirm, reverse or remand the order on the same basis as provided in ORS 183.482 (8).

(d) The filing of the petition does not stay the panel’s order, but the panel or the Court of Appeals may order a stay upon application on such terms as are deemed proper.

(a) Any assets received by or owing to a person and the personal estate of the person, or the decedent’s estate, as compensation from the state for injury, death or, if the collection is being made by the Department of Corrections, the false imprisonment of the person that occurred when the person was in a state institution listed in ORS 179.321 and for which the state admits liability or is found liable through adjudication; and

(b) Any real or personal property of the personal estate of the person, or the decedent’s estate, that the person or an authorized representative of the person can demonstrate was purchased solely with assets referred to in paragraph (a) of this subsection or partially with such assets, to the extent such assets were used in the purchase.

SECTION 149. ORS 179.640 is amended to read:
The Department of Corrections, the Department of Human Services and the Oregon Health Authority shall establish rules for determining ability to pay for persons in their respective institutions. The rules adopted by each agency shall require, in addition to other relevant factors, consideration of the personal estate, the person’s need for funds for personal support after release, and the availability of third-party benefits such as, but not limited to, Medicare or private insurance. Each agency may also consider the probable length of stay at the state institution. Nothing in this section requires the Department of Corrections to investigate a person’s ability to pay or to issue an ability-to-pay order.

(b) When adopting rules under paragraph (a) of this subsection, the Department of Corrections shall consider the person’s needs for funds to pay for the support of the person’s children and to pay any monetary obligations imposed on the person as a result of the person’s conviction.

(2) In determining a person’s ability to pay, neither agency may consider none of the agencies as part of the personal estate of the person or the decedent’s estate:

(a) Any assets received by or owing to the person and the personal estate of the person, or the decedent’s estate, as compensation from the state for injury, death or, if the collection is being made by the Department of Corrections, the false imprisonment of the person that occurred when the person was in a state institution listed in ORS 179.321 and for which the state admits liability or is found liable through adjudication; and

(b) Any real or personal property that the person or an authorized representative of the person can demonstrate was purchased solely with assets referred to in paragraph (a) of this subsection or partially with such assets, to the extent such assets were used in the purchase.

(3) A person and the authorized representative of the person, if any, shall provide all financial information requested by the agency that is necessary to determine the person’s ability to pay. To determine ability to pay, the agency may use any information available to the agency, including information provided by the Department of Revenue from personal income tax returns pursuant to ORS 314.840, and elderly rental assistance claims. Upon request, the Department of Revenue shall release copies of tax returns to the agency. When the person or the person’s authorized representative fails to provide evidence to demonstrate an inability to pay full cost of care, the agency may determine the person has the ability to pay the full cost of care.

(4) The agency shall provide actual notice to the person and any authorized representative, if known to the agency, of its determination by issuing an ability-to-pay order. The order shall state the person’s full liability and the person’s determined ability to pay. Actual notice means receipt by the person and the authorized representative of notice. The notice shall include a copy of the ability-to-pay order, a description of the person’s appeal rights and the date upon which appeal rights terminate and state the address where a request for hearing may be mailed or delivered. At any time, the agency may reissue an ability-to-pay order to notify an authorized representative as provided by ORS 179.653 (4).

(5) At any time during the person’s stay at the state institution or within 36 months from the date the person is released, if the agency receives new financial information that shows a change in the person’s financial circumstances, the agency shall consider the changed circumstances and issue a new ability-to-pay order.

(6) Orders issued after the person is released may not require the person to make payments toward the cost of care for more than 36 consecutive months following release. However, the agency may collect beyond the 36-month period any payments that became due but were not paid within the 36 months following release. Any remaining balance of full cost of care shall be collected as provided in ORS 179.740.

(7) Notwithstanding ORS 183.315 (5), if a person or authorized representative disagrees with any ability-to-pay order issued pursuant to this section, the person or authorized representative may request a contested case hearing. To the extent practical, the hearing will be held at a location convenient to the person or the authorized representative. The request must be postmarked within 60 days from the date of the mailing of the ability-to-pay order. If the person or the authorized repre-
sentative makes a timely request for a contested case hearing, the hearing and any appeal of the final hearing order shall be governed by ORS 183.413 to 183.497. If the person or the authorized representative fails to make a timely request for a contested case hearing, the ability-to-pay order shall be final and not subject to judicial review, except as subsequently modified by the agency as provided in subsection (5) of this section.

(8) On appeal, regardless of other information presented, payment of the full cost of care may be ordered if the person or the authorized representative refuses to produce financial information that the Hearings Officer or administrative law judge determines is relevant and must be produced.

SECTION 150. ORS 179.653 is amended to read:

179.653. (1) If any person or authorized representative refuses to pay for the cost of care as ordered by the [Department of Human Services or the Department of Corrections] Department of Corrections, the Department of Human Services or the Oregon Health Authority under ORS 179.640, the amount unpaid plus interest shall be a lien in favor of the State of Oregon. The lien shall arise as each payment is due under the order and shall continue until the liability with interest is satisfied. The lien shall be upon the title to and interest in the real and personal property of the personal estate.

(2) Prior to the filing of a distraint warrant as provided in ORS 179.655 (2), the lien shall only be valid against:
   (a) Property of the person;
   (b) Assets held by any authorized representative bound by the ability-to-pay order; and
   (c) Assets subject to lien held by any person or entity having actual knowledge of the ability-to-pay order or the lien.

(3) Regardless of any other provision of law or statute that provides a procedure for establishing obligations, including the claim and payment provisions of ORS chapter 125, an authorized representative who has received notice and had an opportunity to request a contested case hearing shall comply with an ability-to-pay order upon demand by the agency. The agency may issue the demand any time after the order becomes final.

(4) An authorized representative who has not had an opportunity to request a contested case hearing, either because the authorized representative was not appointed at the time the ability-to-pay order became final, or was not given notice of the ability-to-pay order as required by ORS 179.640 (4), shall not be bound by the order of the agency. To bind the authorized representative, the ability-to-pay order must be reissued and notice provided to the authorized representative pursuant to ORS 179.640 (4). The authorized representative shall have the same appeal rights as if the order had originally been issued to the authorized representative. After the order becomes final, the authorized representative shall be bound as provided in subsection (3) of this section. The agency may not issue an execution of a lien or foreclose against property held by or in the control of the authorized representative until the authorized representative is bound by the order of the agency.

(5) An authorized representative who is a trustee shall only be bound to the extent that the final order specifically finds that the trust assets of a trust fund are subject to claim by the agency.

(6) If the authorized representative does not comply with the demand, the agency may file with the probate court a motion to require the authorized representative to comply. If the authorized representative is a conservator or guardian appointed under ORS chapter 125, the motion shall be filed in that proceeding. The motion shall be accompanied by an affidavit stating that the order is final, that demand has been made on the authorized representative and that the order has not been complied with.

(7) The authorized representative may object to the motion only on grounds that the order is not final, that the order is not binding on the authorized representative as provided in this section or that all required payments have been made. The objection must be by affidavit.

(8) If the authorized representative objects by affidavit, the court shall hear the motion. If the court determines that the ability-to-pay order is final and binding on the authorized representative and that all required payments have not been made, the court shall order the authorized representative to comply with the ability-to-pay order.
(9) If the authorized representative fails to object by affidavit within 15 days of the filing of the motion, the court shall order the authorized representative to comply with the order. An authorized representative who willfully fails or refuses to comply may be found in contempt of court and may be held personally responsible.

(10) Nothing in this section shall affect the requirement that the agency issue a new order in accordance with ORS 179.640 (5) if financial circumstances have changed.

SECTION 151. ORS 179.655 is amended to read:

ORS 179.655. (1) If any amount due the [Department of Human Services or the Department of Corrections] Department of Corrections, the Department of Human Services or the Oregon Health Authority for the cost of care of a person is not paid within 30 days after it becomes due, and no provision is made to secure the payment by bond, deposit or otherwise, pursuant to rules adopted by the appropriate agency, the agency may issue a distraint warrant directed to any county of the state.

(2) After the receipt of the distraint warrant, the clerk of the county shall enter in the County Clerk Lien Record the name of the person, the amount for which the distraint warrant is issued and the date the distraint warrant is recorded. The amount of the distraint warrant shall become a lien upon the title to and interest in any property owned or later acquired by the debtor against whom it is issued, and it may be enforced by the agency in the same manner as a judgment of the circuit court.

(3) In the event that an ability-to-pay order issued under ORS 179.640 (4) or (5) becomes final, and supersedes a previous final ability-to-pay order on which a distraint warrant had been issued, the agency shall issue a new distraint warrant superseding the previous distraint warrant, and the lien shall conform to the new order.

(4) The agency may direct a copy of the distraint warrant to the sheriff of any county of the state commanding the sheriff to levy upon and sell the real and personal property of the taxpayer found within that county, for the payment of the amount due, with interest, collection charge and the sheriff’s fee. The sheriff shall return the distraint warrant to the agency and pay to it the money collected not less than 60 days from the date the copy of the distraint warrant was directed to the sheriff.

(5) The agency may issue the directive provided in subsection (4) of this section to any agent of the agency. In executing the distraint warrant, the agent shall have the same powers conferred by law upon sheriffs. However, the agent is not entitled to any fee or compensation in excess of actual expenses incurred in the performance of this duty.

SECTION 152. ORS 179.660 is amended to read:

ORS 179.660. If the [Department of Human Services or the Department of Corrections] Department of Corrections, the Department of Human Services or the Oregon Health Authority believes a person at one of its state institutions needs a guardian or conservator, or both, and one has not been appointed, the agency may request that the district attorney institute proper proceedings for this appointment in the court having probate jurisdiction. The county of which the person is a resident, or was a resident at the time of admittance, shall be the basis for determining the appropriate district attorney to be contacted.

SECTION 153. ORS 179.701 is amended to read:

ORS 179.701. The cost-of-care rates for a person shall be determined by the [Department of Human Services or the Department of Corrections] Department of Corrections, the Department of Human Services or the Oregon Health Authority, as appropriate. The rates established shall be reasonably related to current costs of the institutions as described in ORS 179.321. Current costs shall exclude costs of outpatient services as defined in ORS 430.010 (4) (5) and any other costs not directly related to the care for a person at a state institution.

SECTION 154. ORS 179.711 is amended to read:

ORS 179.711. (1) Remittance of amounts due for care of persons at state institutions as provided in ORS 179.610 to 179.770 shall be made to the [Department of Human Services or the Department of
Corrections] Department of Corrections, the Department of Human Services or the Oregon Health Authority, as appropriate.

(2) The agency shall refund any unearned payment for the care of a person at a state institution where payment has been made in advance and the person dies or is discharged before the end of the period for which payment was made. Any refund shall be paid to the person, to the authorized representative of the person or to the decedent’s estate if the person has died. All claims for refunds approved by the agency shall be paid as provided in ORS 293.295 to 293.462. Any amounts necessary for payment of refunds are appropriated from the money collected by that agency under the provisions of ORS 179.610 to 179.770.

SECTION 155. ORS 179.731 is amended to read:

179.731. If the Department of Human Services or the Department of Corrections determines that collection of the amount payable under ORS 179.610 to 179.770 for the cost of care of a person would be detrimental to the best interests of the person or the agency, the agency may waive the collection of part or all of the amount otherwise payable.

SECTION 156. ORS 179.740 is amended to read:

179.740. (1) The Department of Human Services or the Department of Corrections, the Department of Human Services or the Oregon Health Authority, as appropriate, may file a claim against the decedent’s estate for any unpaid charges under ORS 179.620 (3). This shall be done in the same manner as claims of creditors and with the priorities provided in ORS 115.125.

(2) If, within 90 days following the person’s death, the person’s estate is not otherwise being probated, the agency may petition any court of competent jurisdiction for the issuance of letters of administration or testamentary. This action would be for the purpose of collecting the full amount of unpaid cost of care as determined by ORS 179.701 and limited by ORS 179.620 (3). However, the agency may not file a petition under this subsection until at least 90 days after the death of the person who was at the state institution and then only in the event that the person’s estate is not otherwise being probated.

(3) The agency may settle any claim against the decedent’s estate during the pendency of the probate proceeding by accepting other security or in any other equitable manner. The agency may waive all or part of the claim if it finds collection of this amount due to be inequitable.

(4) The agency may not recover amounts that exceed the total cost of care of the deceased person as computed under ORS 179.701 and limited by ORS 179.620 (3).

SECTION 157. ORS 179.745 is amended to read:

179.745. The State of Oregon, by and through the Department of Corrections, the Department of Human Services or the Oregon Health Authority, may take title to real and personal property to carry out the provisions of ORS 179.620, 179.653, 179.655 and 179.740. With the written consent of the owner of real property or an authorized representative of the owner, the agency may transfer real property under the provisions of ORS 270.100 to 270.190. The agency may transfer personal property under rules adopted by the agency. The proceeds, less costs, of any real or personal property transferred by the agency under this section shall be credited to and deposited in the Mental Health and Developmental Disability Services Account established by ORS 430.180 or the Department of Corrections Account established by ORS 423.097 Department of Corrections Account, the Department of Human Services Account or the Oregon Health Authority Fund, as appropriate.

SECTION 158. ORS 179.770 is amended to read:

179.770. (1) In accordance with any applicable provisions of ORS chapter 183, both the Department of Human Services and the Department of Corrections may adopt any rules necessary to carry out ORS 179.610 to 179.770.

(2) Subject to any applicable provision of the State Personnel Relations Law, the agency may employ employees necessary to carry out ORS 179.610 to 179.770.

(2) The Department of Human Services, the Oregon Health Authority and the Employment Department may require the fingerprints of a person for the purpose of requesting a state or nationwide criminal records check of the person under ORS 181.534:

(a) For agency employment purposes;

(b) For the purposes of licensing, certifying, registering or otherwise regulating or administering programs, persons or qualified entities that provide care;

(d) For the purposes of employment decisions made by a mass transit district or transportation district for qualified entities that, under contracts with the district or the [Department of Human Services] Oregon Health Authority, employ persons to operate motor vehicles for the transportation of medical assistance program clients.

(3) The Department of Human Services and the Oregon Health Authority may conduct criminal records checks on a person through the Law Enforcement Data System maintained by the Department of State Police, if deemed necessary by the Department of Human Services or the Oregon Health Authority to protect children, elderly persons, persons with disabilities or other vulnerable persons.

(4) The Department of Human Services and the Oregon Health Authority may furnish to qualified entities, in accordance with the [Department of Human Services’] rules of the Department of Human Services or the Oregon Health Authority and the rules of the Department of State Police, information received from the Law Enforcement Data System. However, any criminal offender records and information furnished to the Department of Human Services or the Oregon Health Authority by the Federal Bureau of Investigation through the Department of State Police may not be disseminated to qualified entities.

(5) A qualified entity, using rules adopted by the Department of Human Services or the Oregon Health Authority, shall determine under this section whether a person is fit to hold a position, provide services, be employed or, if the qualified entity has authority to make such a determination, be licensed, certified or registered, based on the criminal records check obtained pursuant to ORS 181.534, any false statements made by the person regarding the criminal history of the person and any refusal to submit or consent to a criminal records check including fingerprint identification. If a person is determined to be unfit, then that person may not hold the position, provide services or be employed, licensed, certified or registered.

(6) In making the fitness determination under subsection (5) of this section, the qualified entity shall consider:

(a) The nature of the crime;

(b) The facts that support the conviction or pending indictment or indicate the making of the false statement;

(c) The relevancy, if any, of the crime or the false statement to the specific requirements of the person’s present or proposed position, services, employment, license, certification or registration; and

(d) Intervening circumstances relevant to the responsibilities and circumstances of the position, services, employment, license, certification or registration. Intervening circumstances include but
are not limited to the passage of time since the commission of the crime, the age of the person at
the time of the crime, the likelihood of a repetition of offenses, the subsequent commission of an-
other relevant crime and a recommendation of an employer.

(7) The Department of Human Services, the Oregon Health Authority and the Employment
Department may make fitness determinations based on criminal offender records and information
furnished by the Federal Bureau of Investigation through the Department of State Police only as
provided in ORS 181.534.

(8) A qualified entity and an employee of a qualified entity acting within the course and scope
of employment are immune from any civil liability that might otherwise be incurred or imposed for
determining pursuant to subsection (5) of this section that a person is fit or not fit to hold a posi-

of a qualified entity acting within the course and scope of employment and an employer or employer’s
agent who in good faith comply with this section and the decision of the qualified entity or

the failure to hire a prospective employee or the decision to discharge an employee on the basis of
the qualified entity’s decision. An employee of the state acting within the course and scope of em-
ployment is not liable for defamation or invasion of privacy in connection with the lawful dissem-
ination of information lawfully obtained under this section.

(9) The Department of Human Services and the Oregon Health Authority shall develop [a
system that maintains] systems that maintain information regarding criminal records checks in
order to minimize the administrative burden imposed by this section and ORS 181.534. Records
maintained under this subsection are confidential and may not be disseminated except for the pur-
poses of this section and in accordance with the rules of the Department of Human Services, the
Oregon Health Authority and the Department of State Police. Nothing in this subsection permits
the Department of Human Services to retain fingerprint cards obtained pursuant to this section.

(10) In addition to the rules required by ORS 181.534, the Department of Human Services and
the Oregon Health Authority, in consultation with the Department of State Police, shall adopt
rules:

(a) Specifying which qualified entities are subject to this section;
(b) Specifying which qualified entities may request criminal offender information;
(c) Specifying which qualified entities are responsible for deciding whether a subject individual
is not fit for a position, service, license, certification, registration or employment; and
(d) Specifying when a qualified entity, in lieu of conducting a completely new criminal records
check, may proceed to make a fitness determination under subsection (5) of this section using the
information maintained by the Department of Human Services and the Oregon Health Authority
pursuant to subsection (9) of this section.

(11) If a person refuses to consent to the criminal records check or refuses to be fingerprinted,
the qualified entity shall deny or terminate the employment of the person, or revoke or deny any
applicable position, authority to provide services, employment, license, certification or registration.

The advisory committee’s recommendations to the Legislative Assembly shall take into consideration public concerns and values related to these matters.

SECTION 173. ORS 192.630, as amended by section 21, chapter 100, Oregon Laws 2007, is amended to read:

192.630. (1) All meetings of the governing body of a public body shall be open to the public and all persons shall be permitted to attend any meeting except as otherwise provided by ORS 192.610 to 192.690.

(2) A quorum of a governing body may not meet in private for the purpose of deciding on or deliberating toward a decision on any matter except as otherwise provided by ORS 192.610 to 192.690.

(3) A governing body may not hold a meeting at any place where discrimination on the basis of race, color, creed, sex, sexual orientation, national origin, age or disability is practiced. However, the fact that organizations with restricted membership hold meetings at the place does not restrict its use by a public body if use of the place by a restricted membership organization is not the primary purpose of the place or its predominate use.

(4) Meetings of the governing body of a public body shall be held within the geographic boundaries over which the public body has jurisdiction, or at the administrative headquarters of the public body or at the other nearest practical location. Training sessions may be held outside the jurisdiction as long as no deliberations toward a decision are involved. A joint meeting of two or more governing bodies or of one or more governing bodies and the elected officials of one or more federally recognized Oregon Indian tribes shall be held within the geographic boundaries over which one of the participating public bodies or one of the Oregon Indian tribes has jurisdiction or at the nearest practical location. Meetings may be held in locations other than those described in this subsection in the event of an actual emergency necessitating immediate action.

(5)(a) It is discrimination on the basis of disability for a governing body of a public body to meet in a place inaccessible to persons with disabilities, or, upon request of a person who is deaf or hard of hearing, to fail to make a good faith effort to have an interpreter for persons who are deaf or hard of hearing provided at a regularly scheduled meeting. The sole remedy for discrimination on the basis of disability shall be as provided in ORS 192.680.

(b) The person requesting the interpreter shall give the governing body at least 48 hours’ notice of the request for an interpreter, shall provide the name of the requester, sign language preference and any other relevant information the governing body may request.

(c) If a meeting is held upon less than 48 hours’ notice, reasonable effort shall be made to have an interpreter present, but the requirement for an interpreter does not apply to emergency meetings.

(d) If certification of interpreters occurs under state or federal law, the Oregon Health Authority or other state or local agency shall try to refer only certified interpreters to governing bodies for purposes of this subsection.

(e) As used in this subsection, “good faith effort” includes, but is not limited to, contacting the department or other state or local agency that maintains a list of qualified interpreters and arranging for the referral of one or more qualified interpreters to provide interpreter services.

SECTION 174. ORS 197.660 is amended to read:

(1) “Residential facility” means a residential care, residential training or residential treatment facility, as those terms are defined in ORS 443.400, [licensed under ORS 443.400 to 443.460 or licensed under ORS 418.205 to 418.327 by the Department of Human Services] that provides residential care.
alone or in conjunction with treatment or training or a combination thereof for six to fifteen individuals who need not be related. Staff persons required to meet licensing requirements shall not be counted in the number of facility residents, and need not be related to each other or to any resident of the residential home.

(3) “Zoning requirement” means any standard, criteria, condition, review procedure, permit requirement or other requirement adopted by a city or county under the authority of ORS chapter 215 or 227 that applies to the approval or siting of a residential facility or residential home. A zoning requirement does not include a state or local health, safety, building, occupancy or fire code requirement.

SECTION 175. ORS 198.792 is amended to read:

198.792. (1) Proceedings may be initiated by the county board or any other public agency in accordance with ORS 431.705 to 431.760:

(a) To annex the affected territory to a district, as defined by ORS 431.705; or
(b) To form a metropolitan service district as authorized by ORS chapter 268, or a county service district as authorized by ORS chapter 451, to include the affected territory.

(2) The findings of the Director of [Human Services] the Oregon Health Authority when filed with the county board in accordance with ORS 431.735 or 431.750 shall be considered a petition for the purposes of ORS 198.705 to 198.955. The county board of the principal county shall conduct proceedings in accordance with the findings and order of the director and with ORS 198.705 to 198.955.

(3) In proceedings described by subsection (1) of this section, the county board shall determine whether the affected territory shall be included in a new district or annexed to an existing district. The county board shall not inquire into the need for the proposed service facilities or adjust the boundaries of the affected territory. ORS 198.805 (2), and the provisions of ORS 198.810 and 198.815 providing for an election on the formation of or annexation to a district, do not apply to proceedings under this section.

SECTION 176. ORS 199.461 is amended to read:

199.461. (1) When the boundary commission receives a petition in a boundary change proceeding or an application for any proceeding allowed under ORS 199.464, it shall:

(a) Cause a study to be made of the proposal.
(b) Conduct one or more public hearings on the proposal.

(2) After the study and hearings, the boundary commission may alter the boundaries set out in a petition for formation or a minor boundary change of a city or district or in a petition for consolidation of cities as to either to include or exclude territory. If the commission determines that any land has been improperly omitted from the proposal and that the owner of the land has not appeared at the hearing, in person or by a representative designated in writing, the commission shall continue the hearing on the petition and shall order notice given to the nonappearing owner requiring appearance of the owner before the commission to show cause, if any, why the land should not be included in the proposal. For minor boundary change modifications, notice to nonappearing owners may be given by personal service or by letter sent by first-class mail, at least 10 days prior to the date to which the hearing has been continued. For major boundary change modifications, notice to nonappearing owners may be given by personal service, by letter sent by first-class mail or by a legal advertisement in a newspaper of general circulation in the area at least 15 days prior
to the date to which the hearing has been continued. The required notice may be waived by the nonappearing owner.

(3) After the study and hearings the boundary commission may alter the application for extraterritorial sewer or water line extensions to include or exclude line and connections thereto, and may alter the application for formation of a privately owned sewer or water system or allocation of territory to a community water supply system to include or exclude territory. If the commission determines that any land has been improperly omitted from a proposal to form a private water or sewer system or allocate territory to a community water system, or that any line or connections have been improperly omitted from a proposal to extend extraterritorially a water or sewer line, and that the owner of the property to be included or to which the line is being extended has not appeared at the hearing, in person or by a representative designated in writing, the commission shall continue the hearing on the proposal and shall order notice given to the nonappearing owner requiring appearance of the owner before the commission to show cause, if any, why the land or line or connection should not be included in the proposal. Notice to nonappearing owners may be given by personal service or by letter sent by first-class mail, at least 10 days prior to the date to which the hearing has been continued. The required notice may be waived by the nonappearing owner.

(4) On the basis of the study and on the basis of the facts presented at the hearing, the boundary commission shall approve the proposed boundary change or application under ORS 199.464 as presented or as modified by the commission or disapprove the proposed change, by an order stating the reasons for the decision of the commission. Jurisdiction for judicial review of such an order is conferred upon the Court of Appeals. Except as provided in ORS 183.315 (1), any person interested in a boundary change may petition for judicial review of the order under ORS 183.482.

(5) Immediately after the effective date of a final order entered under subsection (4) of this section and a proclamation declaring a minor boundary change approved if any is entered under ORS 199.505 (3), the commission shall file a copy of the order and proclamation, if any, with the Secretary of State, the Department of Revenue, the assessor and the county clerk of each county in which the affected territory, city or district is located, and the clerk of the affected city or district. If the commission disapproves a minor boundary change, it shall send a copy of the final order to the person who actually filed the petition and to the affected city or district.

(6) Immediately after the effective date of a final order on an application under ORS 199.464, the commission shall file a copy of the order with the applicant, the Department of Human Services, Oregon Health Authority, the Department of Environmental Quality and the county planning department.

SECTION 177. ORS 199.490 is amended to read:

199.490. (1) A proceeding for a minor boundary change other than a transfer of territory may be initiated:
   (a) By resolution of the governing body of the affected city or district;
   (b) By petition signed by 10 percent of the electors registered in the affected territory;
   (c) By petition signed by the owners of at least one-half the land area in the affected territory;
   (d) By resolution of a boundary commission having jurisdiction of the affected territory; or
   (e) When the minor boundary change is a withdrawal of a city from a district, by resolution of the governing body of the city, which shall be an affected city for the purposes of ORS 199.410 to 199.534.

   (2)(a)(A) An annexation proceeding may also be initiated by a resolution adopted by the governing body of the affected city or district upon receiving consent to annex their land in writing from more than half of the owners of land in the territory proposed to be annexed, who also own more than half of the land in the territory proposed to be annexed and of real property therein representing more than half of the assessed value of all real property in the territory proposed to be annexed.

   (B) A resolution adopted by the governing body of the affected city or district upon receiving written consent to annexation from a majority of the electors registered in the territory proposed
to be annexed and written consent to the annexation of their land from the owners of more than half the land in the territory proposed to be annexed.

(b) However, before soliciting statements of consent for the purpose of authorizing an annexation under a proceeding initiated as provided by this subsection, the governing body of the affected city or district shall file a notice of intent to annex with the boundary commission having jurisdiction of the affected territory. The notice of intent to annex shall name the affected city or district and generally describe the boundaries of the territory sought to be annexed, which territory must be contiguous to the city or district or separated from it only by a public right of way or a stream, bay, lake or other body of water. The notice of intent to annex shall have attached to it a county assessor’s cadastral map showing the location of the affected territory that the city or district proposes to annex.

(c) For the purpose of this subsection, consent need not be obtained for any land in a public way included within or contiguous to the territory proposed to be annexed. However, land in such a public way shall, as determined by the commission, be considered annexed to the affected city or district if the minor boundary change is approved, regardless of the land’s ownership, size or assessed valuation.

(d) For the purpose of this subsection, consent need not be obtained for any real property that is publicly owned, is the right of way for a public utility, telecommunications utility or railroad or is exempt from ad valorem taxation unless the owner of such property files a statement consenting to or opposing annexation with the legislative body of the annexing city or district on or before the date the city or district adopts the resolution required by paragraph (a) of this subsection.

(e) As used in this subsection, “owner” has the additional meaning given that term in ORS 222.120 (7).

(3) A transfer of territory proceeding may be initiated:

(a) By joint resolution of the governing bodies of the affected districts or cities;
(b) By petition signed by 10 percent of the electors registered in the affected territory;
(c) By petition signed by the owners of at least one-half the land area in the affected territory; or
(d) By resolution of a boundary commission having jurisdiction of the affected territory.

(4) The petition or resolution shall:

(a) Name the affected city or district and state whether it is proposed to annex, withdraw or transfer territory;
(b) Describe the boundaries of the affected territory;
(c) If the proposal concerns a district, designate the applicable principal Act;
(d) Have attached a county assessor’s cadastral map showing the location of the affected territory; and
(e) Be filed with the boundary commission having jurisdiction of the affected territory.

(5) When a city annexation is initiated:

(a) As provided by ORS 222.750 the petition proposing the annexation shall be filed with the boundary commission having jurisdiction of the annexation.
(b) As provided by ORS 222.840 to 222.915, the findings adopted by the Director of [Human Services] the Oregon Health Authority under ORS 222.880 shall be considered the initiatory action and a certified copy of the findings shall be filed with the boundary commission having jurisdiction of the annexation, at the same time a copy of the finding is filed with the affected city.

(6) Except when a boundary change is initiated by an affected city or district under subsection (1), (2), (3) or (5) of this section or by the [Director of Human Services] director as provided by subsection (5)(b) of this section, the boundary commission shall notify the affected city or district that a petition has been filed or that the commission has adopted a resolution. If the petition complies with the requirements of the applicable statutes, the commission shall proceed as provided by ORS 199.460 to 199.463 and 199.490 to 199.519.

(7) Unless the parties appearing at a hearing for a minor boundary change or application under ORS 199.464 agree to a postponement of the adoption of a final order, a final order approving or
disapproving a minor boundary change must be adopted within 90 days after the date the petition, resolution or application is filed with the commission. If a final order approving or disapproving a minor boundary change is not adopted within 90 days after the petition, resolution or application is filed or within the period of postponement, the petition, resolution or application shall be considered approved by the commission. A postponement shall not be for a period exceeding one year from the date the petition, resolution or application initiating the proposal is filed with the commission.

SECTION 178. ORS 199.495 is amended to read:
ORS 199.495. In a proceeding initiated as provided by ORS 199.490 (2) and (5):
(1) If the proposed annexation is approved by the commission, the final order shall be effective at the time specified in the final order except that the effective date for an annexation initiated as provided by ORS 199.490 (5) shall not be more than one year after the date the final order is adopted and for an annexation initiated as provided by ORS 199.490 (2) shall not be more than 10 years after the date the final order is adopted. If no effective date is specified in the final order, the order shall take effect on the date the order is adopted. The order shall not be subject to ORS 199.505.
(2) ORS 222.883 to 222.896, 222.900 (1) and (3) and 222.915 do not apply to proceedings initiated by the findings of the Director of [Human Services] the Oregon Health Authority.

SECTION 179. ORS 199.512 is amended to read:
ORS 199.512. (1) The findings of the Director of [Human Services] the Oregon Health Authority filed with a boundary commission in accordance with ORS 431.740 or 431.750 shall be considered a petition for the purposes of ORS 199.410 to 199.534. When the findings of the director are filed with a commission, it shall proceed in accordance with the findings and with ORS 199.410 to 199.534, but the commission shall not inquire into the need for the proposed facilities or adjust the boundaries of the affected territory.
(2) In proceedings described by subsection (1) of this section, the boundary commission shall determine whether the affected territory shall be included in a new city, new metropolitan service district or new county service district or annexed to an existing district. The final order of the commission shall conclude the proceedings for all purposes; and the formation or annexation approved and ordered by the commission shall take effect 45 days after the date the commission adopts the final order in the proceeding.

SECTION 180. ORS 222.120 is amended to read:
ORS 222.120. (1) Except when expressly required to do so by the city charter, the legislative body of a city is not required to submit a proposal for annexation of territory to the electors of the city for their approval or rejection.
(2) When the legislative body of the city elects to dispense with submitting the question of the proposed annexation to the electors of the city, the legislative body of the city shall fix a day for a public hearing before the legislative body at which time the electors of the city may appear and be heard on the question of annexation.
(3) The city legislative body shall cause notice of the hearing to be published once each week for two successive weeks prior to the day of hearing, in a newspaper of general circulation in the city, and shall cause notices of the hearing to be posted in four public places in the city for a like period.
(4) After the hearing, the city legislative body may, by an ordinance containing a legal description of the territory in question:
(a) Declare that the territory is annexed to the city upon the condition that the majority of the votes cast in the territory is in favor of annexation;
(b) Declare that the territory is annexed to the city where electors or landowners in the contiguous territory consented in writing to such annexation, as provided in ORS 222.125 or 222.170, prior to the public hearing held under subsection (2) of this section; or
(c) Declare that the territory is annexed to the city where the [Department of Human Services] Oregon Health Authority, prior to the public hearing held under subsection (1) of this section, has

Enrolled House Bill 2009 (HB 2009-C)
issued a finding that a danger to public health exists because of conditions within the territory as provided by ORS 222.840 to 222.915.

(5) If the territory described in the ordinance issued under subsection (4) of this section is a part less than the entire area of a district named in ORS 222.510, the ordinance may also declare that the territory is withdrawn from the district on the effective date of the annexation or on any subsequent date specified in the ordinance. However, if the affected district is a district named in ORS 222.465, the effective date of the withdrawal of territory shall be determined as provided in ORS 222.465.

(6) The ordinance referred to in subsection (4) of this section is subject to referendum.

(7) For the purpose of this section, ORS 222.125 and 222.170, “owner” or “landowner” means the legal owner of record or, where there is a recorded land contract which is in force, the purchaser thereunder. If there is a multiple ownership in a parcel of land each consenting owner shall be counted as a fraction to the same extent as the interest of the owner in the land bears in relation to the interest of the other owners and the same fraction shall be applied to the parcel’s land mass and assessed value for purposes of the consent petition. If a corporation owns land in territory proposed to be annexed, the corporation shall be considered the individual owner of that land.

SECTION 181. ORS 222.850 is amended to read:

222.860. (1) The city council of any city shall adopt a resolution containing a proposal for annexation without vote or consent in the affected territory. The proposal may contain terms of annexation as provided in ORS 222.111 and shall:
(a) Describe the boundaries of the affected territory; and
(b) Describe the conditions alleged to be causing a danger to public health.
(2) The governing body of any district having jurisdiction over the affected territory may adopt a resolution containing a proposal for annexation to the city without vote or consent in the affected territory. The proposal shall:
(a) Describe the boundaries of the affected territory; and
(b) Describe the conditions alleged to be causing a danger to public health.
(3) The local board of health having jurisdiction shall verify the conditions alleged in the proposal to be causing a danger to public health, based upon its knowledge of those conditions.

(4) The council or governing body shall cause a certified copy of the resolution together with verification by the local board of health having jurisdiction, to be forwarded to the Department of Human Services Oregon Health Authority and request the authority to ascertain whether conditions dangerous to public health exist in the affected territory.

SECTION 183. ORS 222.870 is amended to read:

222.870. (1) Upon receipt of the certified copy of the resolution, and verification by the local board of health having jurisdiction, the Department of Human Services Oregon Health Authority shall review and investigate conditions in the affected territory. If it finds substantial evidence that a danger to public health exists in the territory, it shall issue an order for a hearing to be held within the affected territory, or at a place near the affected territory if there is no suitable place within that territory at which to hold the hearing, not sooner than 30 days from the date of the order.

(2) Upon issuance of an order for a hearing, the authority shall immediately give notice of the resolution and order by publishing them in a newspaper of general circulation within the city and the affected territory once each week for two successive weeks and by posting copies of the order in four public places within the affected territory.

SECTION 184. ORS 222.875 is amended to read:

222.875. (1) The hearing shall be for the sole purpose of determining whether a danger to public health exists due to conditions in the affected territory. It may be conducted by one or more members of the staff of the Department of Human Services Oregon Health Authority to whom authority to conduct such a hearing is delegated. It shall proceed in accordance with rules which may be established by the authority. Any person who may be affected by the finding, including residents of the city, may be heard. Within 60 days following the hearing, the person conducting the hearing shall prepare and submit to the [department] authority written findings of fact and recommendations based thereon. The [department] authority shall publish a notice of the issuance of such findings and recommendations in the newspaper utilized for the notice of hearing under ORS 222.870, advising of the opportunity for presentation of a petition under subsection (2) of this section.

(2) Within 15 days after the publication of notice of issuance of findings in accordance with subsection (1) of this section any person who may be affected by the findings, including residents of the city, or the affected city, may petition the Director of the Human Services Oregon Health Authority according to rules of the authority to present written or oral arguments on the proposal. If a petition is received the director may set a time and place for receipt of argument.

SECTION 185. ORS 222.880 is amended to read:

222.880. (1) Within 30 days following the final hearing of any arguments received by petition under the provisions of ORS 222.875 (2) the Director of Human Services Oregon Health Authority shall review the arguments and the findings and recommendations of the person conducting the hearing as provided in ORS 222.875 (2). If the director finds no danger to public health exists because of conditions within the affected territory, the director shall issue an order terminating the proceedings under ORS 222.840 to 222.915 with reference to the affected territory.

(2) If the director finds that a danger to public health exists because of conditions within the affected territory, the director shall file a certified copy of findings with the city and, except where the condition causing the danger to public health is impure or inadequate domestic water, with the Environmental Quality Commission.

(3) If the director determines that a danger to public health exists because of conditions within only part of the affected territory, the director may, upon petition and hearing, reduce the boundaries of the affected territory to that part of the territory that presents a danger if the area to be excluded would not be surrounded by the affected territory remaining to be annexed and would not be directly served by the sanitary, water or other facilities necessary to remove or alleviate the
danger to public health existing within the affected territory remaining to be annexed. The findings shall describe the boundaries of the affected territory as reduced by the director. The director shall file a certified copy of findings with the city and, except where the condition causing the danger to public health is impure or inadequate domestic water, the commission.

(4) In determining whether to exclude any area the director may consider whether or not such exclusion would unduly interfere with the removal or alleviation of the danger to public health in the affected territory remaining to be annexed and whether the exclusion would result in an illogical boundary for the extension of services normally provided by an incorporated city.

(5) The city shall, when requested, aid in the determinations made under subsections (3) and (4) of this section and, if necessary, cause a study to be made.

(6) Notwithstanding ORS 222.111 (3), the director, in implementing an order under ORS 222.840 to 222.915, may allow the use of the tax differential authorized by ORS 222.111 (3) for a period not exceeding 15 years with the consent of the affected city.

SECTION 186. ORS 222.883 is amended to read:

222.883. At any time after the Director of Human Services under ORS 222.880 finds that conditions dangerous to public health exist, the Oregon Health Authority may order further proceedings on the findings filed under ORS 222.880 halted in order to allow a city, district or persons affected by the findings to develop and propose an alternative plan to annexation for the removal or alleviation of the conditions dangerous to public health. Proceedings may be stayed under this section for not longer than 30 days.

SECTION 187. ORS 222.885 is amended to read:

222.885. (1) Within 60 days after the Director of Human Services under ORS 222.880 finds that conditions dangerous to public health exist, a petition, signed by not less than 51 percent of the electors registered in the affected territory, may be filed with the Oregon Health Authority. Such petition shall suggest an alternative plan to annexation to the city for removal or alleviation of the conditions dangerous to public health. The petition shall state the intent of the residents to seek annexation to an existing district authorized by law to provide facilities within the affected territory necessary to remove or alleviate the dangerous conditions or to seek, with the approval of the city or district, extraterritorial extension of a city’s or district’s sewer or water lines. The petition shall be accompanied by a proposed plan which shall state the type of facilities to be constructed, a proposed means of financing the facilities, and an estimate of the time required to construct such facilities and place them in operation.

(2) Within 30 days after the director under ORS 222.880 finds that conditions dangerous to public health exist, a resolution adopted by the city council or the governing body of any district having jurisdiction over the affected territory may be filed with the Oregon Health Authority. Such resolution shall suggest an alternative plan to annexation to the city for removal or alleviation of the conditions dangerous to public health. The resolution shall be accompanied by a proposed plan which shall state the type of facilities to be constructed, a proposed means of financing the facilities, and an estimate of the time required to construct such facilities and place them in operation.

(3) Upon receipt of such petition or resolution adopted by a district or city council, the [department] shall:

(a) Immediately forward copies of any petition or resolution to the city or district referred to in the petition or resolution, and, except where the condition causing the danger to public health is impure or inadequate domestic water, to the Environmental Quality Commission.

(b) Order further proceedings on the findings filed under ORS 222.880 stayed pending the review permitted under ORS 222.890 and this section.

SECTION 188. ORS 222.890 is amended to read:

222.890. (1) An alternative plan referred to in ORS 222.885 shall be reviewed by the Oregon Health Authority in cases where danger to public health is caused by impure or inadequate domestic water and in all other cases by the Environmental Quality Commission. The plan shall be approved or rejected by the [appropriate] authority or commission. In re-
viewing the alternative plan contained in the petition, the authority or commission shall consider whether, in its judgment, the plan contains a preferable alternative for the alleviation or removal of the conditions dangerous to public health. If it determines that annexation to the city provides the best and most expeditious method of removing or alleviating the dangerous conditions, the alternative plan shall be rejected and further proceedings on the finding filed under ORS 222.880 shall resume.

(2) If the reviewing authority or commission finds that the alternative plan provides a preferable method of alleviating or removing the dangerous conditions, the petitioners or appropriate governing body shall have six months within which to present to such the authority or commission information showing:

(a) That the territory in which the conditions dangerous to public health exist has received approval for the extension of a city’s or district’s sewer or water lines within the territory or has annexed to a district authorized by law to provide facilities necessary to remove or alleviate the dangerous conditions, and that financing of the facilities for extension of such facilities to the territory has been assured.

(b) Detailed plans and specifications for the construction of such facilities.

(c) A time schedule for the construction of such facilities.

(d) That such facilities, if constructed, will remove or alleviate the conditions dangerous to public health in a manner as satisfactory and expeditious as would be accomplished by the proposed annexation to the city.

(2) If the parent fails to file a response denying paternity and requesting a hearing within the time period allowed in ORS 416.415 (2), then the administrator, without further notice to the parent, may enter an order, in accordance with ORS 416.415 (7), which declares and establishes the parent as the legal father of the child.

(3) Any order entered pursuant to subsection (1) or (2) of this section establishes legal paternity for all purposes. The Center for Health Statistics of the [Department of Human Services] Oregon Health Authority shall prepare a new birth certificate in the new name, if any, of the child. The original birth certificate shall be sealed and filed and may be opened only upon order of a court of competent jurisdiction.

may be produced at trial. The proceedings in court shall for all purposes be deemed suits in equity. The provisions of ORS 109.145 to 109.230 apply to proceedings certified to court by the administrator pursuant to this section.

(b) Any response denying paternity and requesting a hearing shall be sent by the enforcement office to the obligee by regular mail.

(7) If the blood tests conducted under ORS 109.250 to 109.262 result in a cumulative paternity index of 99 or greater, evidence of the tests, together with the testimony of the parent, shall be a sufficient basis upon which to establish paternity and the administrator may enter an order declaring the alleged father as the legal father of the child unless a party objects in writing to the entry of the order. The testimony of the parent may be presented by affidavit.

(8) Prior to certification to court, the administrator may attempt to resolve the issue of paternity by discovery conducted under the Oregon Rules of Civil Procedure. Unless otherwise specifically provided by statute, the proceedings shall be conducted under the Oregon Rules of Civil Procedure.

(9) When, in accordance with subsection (6)(a)(A) of this section, a party objects to the entry of an order and the blood tests conducted under ORS 109.250 to 109.262 result in a cumulative paternity index of 99 or greater, notwithstanding the party’s objection, evidence of the tests, together with the testimony of a parent, is a sufficient basis upon which to presume paternity for purposes of establishing temporary support under this section. The court shall, upon motion of any party, enter a temporary order requiring the alleged father to provide support pending the determination of parentage by the court. In determining the amount of support, the court shall use the formula established under ORS 25.275.

The court shall designate a qualified mental health or developmental disabilities treatment provider or state, county or local agency to supervise the young person on release, subject to those conditions as the
court directs in the order for conditional release. Prior to the designation, the court shall notify the qualified mental health or developmental disabilities treatment provider or agency to whom conditional release is contemplated and provide the qualified mental health or developmental disabilities treatment provider or agency an opportunity to be heard before the court. (4) Upon placing a young person on conditional release and ordering the young person placed under the jurisdiction of the board, the court shall notify the juvenile panel in writing of the court’s conditional release order, the supervisor designated and all other conditions of release pending a hearing before the juvenile panel in accordance with ORS 419C.532, 419C.535, 419C.538, 419C.540 and 419C.542.

419C.538. (1) When the juvenile panel of the Psychiatric Security Review Board orders a young person conditionally released under ORS 419C.532 (4), the juvenile panel may designate a qualified mental health or developmental disabilities treatment provider or state, county or local agency to supervise the young person on release subject to those conditions as the juvenile panel directs in the order for conditional release. Prior to the designation, the juvenile panel shall notify the qualified mental health or developmental disabilities treatment provider or agency to whom conditional release is contemplated and provide the qualified mental health or developmental disabilities treatment provider or agency an opportunity to be heard before the juvenile panel. After receiving an order entered under ORS 419C.532 (4), the qualified mental health or developmental disabilities treatment provider or agency designated shall assume supervision of the young person pursuant to the direction of the juvenile panel.

(2) Conditions of release contained in orders entered under ORS 419C.532 (4) may be modified from time to time and conditional release may be terminated by order of the juvenile panel as provided in ORS 419C.532 and 419C.542.

(3)(a) As a condition of release, the juvenile panel may require the young person to report to any state, county or local mental health or developmental disabilities facility for evaluation. A peace officer shall execute the order, and the young person shall be returned as soon as practicable to a facility designated by the department or the authority. A young person taken into custody under this subsection must immediately be transported to a hospital or facility designated by the department or the authority. Within 20 days following the return of the young person to the facility designated by the department or the authority, the juvenile panel shall conduct a hearing. At a hearing required by this subsection, the state has the burden of proving the young person’s lack of fitness for conditional release.

(6)(a) A young person conditionally released under ORS 419C.532 (4) may apply to the juvenile panel for discharge from or modification of an order of conditional release on the ground that the young person no longer has a mental disease or defect or, if affected by a mental disease or defect other than a serious mental condition, no longer presents a substantial danger to others and no longer requires supervision or treatment services. Within 60 days after receiving an application under this paragraph, the juvenile panel shall conduct a hearing. At a hearing required by this paragraph, the state has the burden of proving the young person’s lack of fitness for discharge or modification of the order of conditional release. A young person may not apply for discharge or modification of conditional release more often than once every six months.

The juvenile panel shall review the young person’s status and determine whether the young person should be discharged from the jurisdiction of the board.

(4) Notwithstanding the fact that a young person who is brought before the juvenile panel under subsection (3) of this section continues to have a serious mental condition, the juvenile panel may discharge the young person if the young person did not exhibit behaviors that presented a substantial danger to others during the period of conditional release and no longer requires supervision by the juvenile panel.

(b) At any time, for good cause and in the best interest of the mentally ill person, the [department] authority may transfer a committed person from one facility to another. When transferring a person under this paragraph, the [department] authority shall make the transfer:

(A) If the transfer is from a facility in one class to a facility of the same class, as provided by rule of the [department] authority;

(B) If the transfer is from a facility in one class to a facility in a less restrictive class, by following the procedures for trial visits under ORS 426.273; and

(d) Pursuant to its rules, the [department] authority may delegate to a community mental health [and developmental disabilities] program director the responsibility for assignment of mentally ill persons to suitable facilities or transfer between such facilities under conditions which the [department] authority may define.

SECTION 385. ORS 426.070 is amended to read:
426.070. (1) Any of the following may initiate commitment procedures under this section by giving the notice described under subsection (2) of this section:

(a) Two persons;

(b) The county health officer; or

(c) Any magistrate.

(2) For purposes of subsection (1) of this section, the notice must comply with the following:

(a) It must be in writing under oath;

(b) It must be given to the community mental health [and developmental disabilities] program director or a designee of the director in the county where the allegedly mentally ill person resides;

(c) It must state that a person within the county other than the person giving the notice is a mentally ill person and is in need of treatment, care or custody;

(d) If the commitment proceeding is initiated by two persons under subsection (1)(a) of this section, it may include a request that the court notify the two persons:

(A) Of the issuance or nonissuance of a warrant under this section; or

(B) Of the court’s determination under ORS 426.130 (1); and

(e) If the notice contains a request under paragraph (d) of this subsection, it must also include the addresses of the two persons making the request.

(3) Upon receipt of a notice under subsections (1) and (2) of this section or when notified by a circuit court that the court received notice under ORS 426.234, the community mental health [and developmental disabilities] program director, or designee of the director, shall:

(a) Immediately notify the judge of the court having jurisdiction for that county under ORS 426.060 of the notification described in subsections (1) and (2) of this section.

(b) Immediately notify the [Department of Human Services] Oregon Health Authority if commitment is proposed because the person appears to be a mentally ill person, as defined in ORS 426.005 (1)(d)(C). When such notice is received, the [department] authority may verify, to the extent known by the [department] authority, whether or not the person meets the criteria described in ORS 426.005 (1)(d)(C)(i) and (ii) and so inform the community mental health [and developmental disabilities] program director or designee of the director.

(c) Initiate an investigation under ORS 426.074 to determine whether there is probable cause to believe that the person is in fact a mentally ill person.
(4) Upon completion, a recommendation based upon the investigation report under ORS 426.074 shall be promptly submitted to the court. If the community mental health [and developmental disabilities] program director determines that probable cause does not exist to believe that a person released from detention under ORS 426.234 (2)(c) or (3)(b) is a mentally ill person, the community mental health [and developmental disabilities] program director shall not submit a recommendation to the court.

(5) When the court receives notice under subsection (3) of this section:
   (a) If the court, following the investigation, concludes that there is probable cause to believe that the person investigated is a mentally ill person, it shall, through the issuance of a citation as provided in ORS 426.090, cause the person to be brought before it at a time and place as it may direct, for a hearing under ORS 426.095 to determine whether the person is mentally ill. The person shall be given the opportunity to appear voluntarily at the hearing unless the person fails to appear or unless the person is detained pursuant to paragraph (b) of this subsection.
   (b)(A) The judge may cause the allegedly mentally ill person to be taken into custody pending the investigation or hearing by issuing a warrant of detention under this subsection. A judge may only issue a warrant under this subsection if the court finds that there is probable cause to believe that failure to take the person into custody would pose serious harm or danger to the person or to others.
   (B) To cause the custody of a person under this paragraph, the judge must issue a warrant of detention to the community mental health [and developmental disabilities] program director or designee, the sheriff of the county or designee, directing that person to take the allegedly mentally ill person into custody and produce the person at the time and place stated in the warrant.
   (C) At the time the person is taken into custody, the person shall be informed by the community mental health [and developmental disabilities] program director, the sheriff or a designee of the following:
      (i) The person’s rights with regard to representation by or appointment of counsel as described in ORS 426.100;
      (ii) The warning under ORS 426.123; and
      (iii) The person’s right, if the community mental health [and developmental disabilities] program director, sheriff or designee reasonably suspects that the person is a foreign national, to communicate with an official from the consulate of the person’s country. A community mental health [and developmental disabilities] program director, sheriff or designee is not civilly or criminally liable for failure to provide the information required by this sub-subparagraph. Failure to provide the information required by this sub-subparagraph does not in itself constitute grounds for the exclusion of evidence that would otherwise be admissible in a proceeding.
   (D) The court may make any orders for the care and custody of the person prior to the hearing as it considers necessary.
   (c) If the notice includes a request under subsection (2)(d)(A) of this section, the court shall notify the two persons of the issuance or nonissuance of a warrant under this subsection.

If commitment is proposed because the person appears to be a mentally ill person as defined in ORS 426.005 (1)(d)(C), the investigator shall be allowed access to medical records necessary to verify the existence of criteria described in ORS
426.005 (1)(d)(C). The investigator shall include pertinent parts of the medical record in the investigation report. Records and communications described in this paragraph and communications related thereto are not privileged under ORS 40.230, 40.235, 40.240 or 40.250.

No person under the age of 18 years shall be admitted as a patient to any such state hospital unless an application therefor in behalf of the person has been executed by the parent, adult next of kin or legal guardian of the person. Except when a period of longer hospitalization has been imposed as a condition of admission, pursuant to rules and regulations of the [department] authority, no person voluntarily admitted to any state hospital shall be detained therein more than 72 hours after the person, if at least 18 years of age, has given notice in writing of a desire to be discharged therefrom, or, if the patient is under the age of 18 years, after notice in writing has been given by the parent, adult next of kin or legal guardian of the person that such parent, adult next of kin or legal guardian desires that such person be discharged therefrom.

(2) Any person voluntarily admitted to a state hospital pursuant to this section may upon application and notice to the superintendent of the hospital concerned, be granted a temporary leave of absence from the hospital if such leave, in the opinion of the superintendent, will not interfere with the successful treatment or examination of the applicant for leave.

SECTION 403. ORS 426.231 is amended to read:

426.231. (1) A physician licensed by the Oregon Medical Board may hold a person for transportation to a treatment facility for up to 12 hours in a health care facility licensed under ORS chapter 431 and approved by the [Department of Human Services] Oregon Health Authority if:

SECTION 406. ORS 426.234 is amended to read:
426.234. (1) At the time a person is admitted to or retained in a hospital or nonhospital facility under ORS 426.232 or 426.233, a physician, nurse or qualified mental health professional at the hospital or nonhospital facility shall:

A physician, nurse or qualified mental health professional is not civilly or criminally liable for failure to provide the information required by this paragraph. Failure to provide the information required by this paragraph does not in itself constitute grounds for the exclusion of evidence that would otherwise be admissible in a proceeding.

(2)(a) At the time the person is admitted to or retained in a hospital under ORS 426.232, the physician shall contact the community mental health [and developmental disabilities] program director of the county in which the person resides, if the county of residence is different from the county in which the hospital is located. The community mental health [and developmental disabilities] pro-

If the community mental health [and developmental disabilities] program director does not make the request authorized by this paragraph, the physician shall notify, immediately and in writing, the circuit court in the county in which the person is hospitalized.

(c) If, at any time prior to the hearing under ORS 426.070 to 426.130, the physician responsible for a person admitted or retained under ORS 426.232 determines that the person is not dangerous to self or others and is not in need of emergency care or treatment for mental illness, the physician may release the person from the detention authorized by ORS 426.232. The community mental health [and developmental disabilities] program director of the county in which the person resides may request that the community mental health [and developmental disabilities] program director of the county in which the person was taken into custody notify the circuit court in the county where the person resides. Otherwise, the community mental health [and developmental disabilities] program director of the county in which the person was taken into custody shall notify, immediately and in writing, the circuit court in the county in which the person was taken into custody.

(b) If, at any time prior to the hearing under ORS 426.070 to 426.130, a community mental health [and developmental disabilities] program director, after consultation with a physician, determines that a person admitted or retained under ORS 426.233 is not dangerous to self or others and is not in need of immediate care, custody or treatment for mental illness, the community mental health [and developmental disabilities] program director may release the person from detention. The community mental health [and developmental disabilities] program director shall immediately notify the circuit court originally notified under paragraph (a) of this subsection of the person’s release from detention.

(4) When the judge of the circuit court receives notice under subsection (2) or (3) of this section, the judge immediately shall commence proceedings under ORS 426.070 to 426.130. In a county having a population of 100,000 or more, and when feasible in a county with a lesser population, the community mental health [and developmental disabilities] program director or designee who directs the peace officer or other authorized person to take a person into custody under ORS 426.233 shall not also conduct the investigation as provided for under ORS 426.074. Except when a person is being held under ORS 426.237 (1)(b), a person shall not be held under ORS 426.232 or 426.233 for more than five judicial days without a hearing being held under ORS 426.070 to 426.130.

(5) When the judge of the circuit court receives notice under subsection (2)(c) or (3)(b) of this section that a person has been released, and unless the court receives the recommendation required by ORS 426.070 (4), the judge shall dismiss the case no later than 14 days after the date the person was initially detained.

(4) In transporting a person between a hospital and nonhospital facility under this section, the community mental health [and developmental disabilities] program director has all the powers provided in ORS 133.225 and 161.255 and may compel the assistance of any peace officer or other person.

(5) When a person is transferred under this section, the community mental health [and developmental disabilities] program director shall notify immediately the court notified under ORS 426.234 (2) or (3) of the fact of the transfer and of the location of the person.

(b) No later than three judicial days after initiation of a prehearing period of detention as provided in ORS 426.070, 426.140, 426.232 or 426.233, certify the detained person for a 14-day period of intensive treatment if:

(B) The community mental health [and developmental disabilities] program director in the county where the person resides verbally approves the arrangements for payment for the services at the hospital or nonhospital facility; and

(C) The community mental health [and developmental disabilities] program director locates a hospital or nonhospital facility that:

(i) Is approved by the [department] authority and the community mental health [and developmental disabilities] program director in the county where the person resides; and

(ii) Can, in the opinion of the community mental health [and developmental disabilities] program director and the psychiatrist, provide intensive care or treatment for mental illness necessary and sufficient to meet the emergency psychiatric needs of the person.

(c) Recommend, in an investigation report as provided in ORS 426.074, that the circuit court hold a hearing under ORS 426.070 to 426.130 if the community mental health [and developmental disabilities] program director has probable cause to believe the person is a mentally ill person.

(2)(a) If the circuit court adopts the recommendation of the community mental health [and developmental disabilities] program director under subsection (1)(a) of this section, the circuit court shall enter an order releasing the person and dismissing the case. Unless the person agrees to voluntary treatment, if the person is being detained in a:

(A) Nonhospital facility, the community mental health [and developmental disabilities] program director shall make discharge plans and insure the discharge of the person.
(B) Hospital, the treating physician shall make discharge plans and discharge the person.

(b) Upon release of the person, the community mental health [and developmental disabilities] program director shall attempt to notify the person’s next of kin if the person consents to the notification.

(3)(a) If the detained person is certified for treatment under subsection (1)(b) of this section, the community mental health [and developmental disabilities] program director shall:

(A) Deliver immediately a certificate to the court having jurisdiction under ORS 426.060; and

(B) Except when the person expressly refuses treatment, the treating physician shall treat the person within the scope of the treatment plan provided the person under paragraph (b) of this subsection. The person’s refusal of treatment constitutes sufficient grounds for the community mental health [and developmental disabilities] program director to request a hearing as provided in subsection (4)(a) of this section.

(C) If the person is in a hospital and the community mental health [and developmental disabilities] program director locates a nonhospital facility, approved by the [department] authority, that, in the opinion of the community mental health [and developmental disabilities] program director and the treating physician, can provide care or treatment for mental illness necessary and sufficient to meet the emergency psychiatric needs of the person, the treating physician shall discharge the person from the hospital and the community mental health [and developmental disabilities] program director shall remove the person to the nonhospital facility for the remainder of the 14-day intensive treatment period. (5)(a) The [department] authority may deny payment for part or all of the emergency psychiatric services provided by a hospital or nonhospital facility under ORS 426.232, 426.233 or 426.237 when the [department] authority finds, upon review, that the allegedly mentally ill person’s condition did not meet the admission criteria in ORS 426.232 (1), 426.233 (1) or 426.237 (1)(b)(A). The payer responsible under this section shall make a request for denial of payment for emergency psychiatric services provided under ORS 426.232, 426.233 or 426.237 in writing to the [department] authority.

When the witness has been subpoenaed on behalf of an allegedly mentally ill person who is represented by appointed counsel, the fees and costs allowed for that witness shall
be paid pursuant to ORS 135.055. If the costs of witnesses subpoenaed by the allegedly mentally ill person are paid as provided under this subsection, the procedure for subpoenaing witnesses shall comply with ORS 136.570.

(6) All costs incurred in connection with a proceeding under ORS 426.180 for the commitment of a person from a reservation for land-based tribes of Native Americans, including the cost of transportation, commitment and delivery of the person, shall be paid by the ruling body of the reservation of which the person is a resident.

(2) When in the opinion of the [department] authority, the committed person can be appropriately served by outpatient care during the period of commitment, the outpatient care may be required as a condition for trial visit for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If outpatient care is required as a condition for a trial visit, the conditions shall include a designation of a facility, service or other provider to provide care or treatment.

(3) A copy of the conditions for trial visit shall be given to all of the persons listed in ORS 426.278.

SECTION 414. ORS 426.275 is amended to read:

The person shall have the same rights with respect to notice, detention stay, hearing and counsel as for a hearing held under ORS 426.095. The court shall hold the hearing within five judicial days of the date the mentally ill person receives notice under this section. The court may allow postponement and detention during postponement as provided under ORS 426.095.

(3) Pursuant to the determination of the court upon hearing under this section, a person on placement shall either continue the placement on the same or modified conditions or shall be returned to the [Department of Human Services] Oregon Health Authority for involuntary care and treatment on an inpatient basis subject to discharge at the end of the commitment period or as otherwise provided under this chapter and ORS 430.397 to 430.401.

(4) If the person on placement is living in a county other than the county of the court that established the current period of commitment under ORS 426.130 during which the trial visit, conditional release or outpatient commitment takes place, the court establishing the current period of commitment shall transfer jurisdiction to the appropriate court of the county in which the person is living while on the placement and the court receiving the transfer shall accept jurisdiction.

(5) The court may proceed as provided in ORS 426.307 or this section when the court:

Nothing in this chapter and ORS 430.397 to 430.401 prohibits the [Department of Human Services] Oregon Health Authority from releasing a person from a hospital or other facility in which the person is being treated prior to the expiration of the period of commitment under ORS 426.130 when, in the opinion of the director of the facility or treating physician, the person is no longer mentally ill.

SECTION 417. ORS 426.300 is amended to read:

426.300. (1) The [Department of Human Services] Oregon Health Authority shall, by filing a written certificate with the last committing court and the court of residence, discharge any patient from court commitment, except one held upon an order of a court or judge having criminal juris-

(2) The [department] authority may sign applications for public assistance on behalf of those patients who may be eligible for public assistance.

**SECTION 418.** ORS 426.301 is amended to read:

426.301. The [department] authority, pursuant to its rules, may delegate to the director of the treating facility the responsibility for making the certification. The director of the treating facility shall consult with the community mental health [and developmental disabilities] program director of the county of residence prior to making the certification. If the certification is made, the person will not be released, but the director of the treating facility shall immediately issue a copy of the certification to the person and to the community mental health [and developmental disabilities] program director of the county of residence.

(e) That the person may protest either orally or in writing by signing the form accompanying the certification; that the person is entitled to have a physician or other qualified person as recommended by the [department] authority, other than a member of the staff at the facility where the person is confined, examine the person and report to the court the results of the examination.

(f) That the person may subpoena witnesses and offer evidence on behalf of the person at the hearing.

(g) That if the person is without funds to retain legal counsel or an examining physician or qualified person as recommended by the [department] authority, the court will appoint legal counsel, a physician or other qualified person.

(4) Nothing in subsection (3) of this section requires the giving of the warning under ORS 426.123.

(5) The person serving the certification shall read and deliver the certification to the person and ask whether the person protests a further period of commitment. The person may protest further commitment either orally or by signing a simple protest form to be given to the person with the certification. If the person does not protest a further period of commitment within 14 days of service of the certification, the [department] authority or facility shall so notify the court and the court shall, without further hearing, order the commitment of the person for an additional indefinite period of time up to 180 days.

**SECTION 419.** ORS 426.303 is amended to read:

426.303. The court may consider as evidence such reports and testimony.
6. The court shall then conduct a hearing and after hearing the evidence and reviewing the recommendations of the treating and examining physicians or other qualified persons, the court shall determine whether the person is still a mentally ill person and in need of further treatment. If in the opinion of the court the individual is still a mentally ill person by clear and convincing evidence and in need of further treatment, the court may order commitment to the [department] authority for an additional indefinite period of time up to 180 days.
7. At the end of the 180-day period, the person shall be released unless the [department] authority or facility again certifies to the committing court that the person is still a mentally ill person and in need of further treatment, in which event the procedures set forth in ORS 426.301 to 426.307 shall be followed.

428.310. The Department of Human Services or the Oregon Health Authority may execute and terminate a compact on behalf of the State of Oregon with any state, territory or possession of the United States, the District of Columbia and the Commonwealth of Puerto Rico joining therein, in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but
that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) “Sending state” shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) “Receiving state” shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) “Institution” shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) “Patient” shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment or supervision pursuant to the provisions of this compact.

(e) “After-care” shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) “Mental illness” shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) “Mental deficiency” shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) “State” shall mean any state, territory or possession of the United States, the District of Columbia and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, the person shall be eligible for care and treatment in an institution in that state irrespective of the residence, settlement or citizenship qualifications of the person.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that the patient would be taken if the patient were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV
(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, the patient shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties and responsibilities of any patient’s guardian on the guardian’s own behalf or in respect of any patient for whom the guardian may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian,
any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue the power and responsibility of the guardian, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term “guardian” as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator or other person or agency however denominated who is charged by law with responsibility for the property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a “compact administrator” who, on behalf of the state of the compact administrator, shall act as general coordinator of activities under the compact in the state of the compact administrator and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by the state of the compact administrator either in the capacity of sending or receiving state. The compact administrator or the duly designated representative of the compact administrator shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when entered into according to law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom as provided by law and such renunciation shall be by the same authority which executed it. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.
(b) Withdrawal from any agreement permitted by Article VII (b) as to costs or from any supplemental agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

(3) If the director determines that a danger to public health exists because of conditions within only part of the affected territory, or that such conditions could be removed or alleviated in only part of the affected territory by the provision of service facilities, the director may, subject to conditions stated in ORS 431.705 to 431.760, reduce the boundaries of the affected territory to that part which presents a danger or in which the conditions could be removed or alleviated if the area to be excluded would not be surrounded by the territory remaining to be annexed and would not be directly served by the sanitary, water or other facilities necessary to remove or alleviate the danger to public health existing within the territory remaining to be annexed. The findings shall describe the boundaries of the area as reduced by the director.
(4) In determining whether to exclude any area the director may consider whether or not such exclusion would unduly interfere with the removal or alleviation of the danger to public health in the area remaining to be annexed and whether the exclusion would result in an illogical boundary for the provision of services.

(5) The requesting body or the boundary commission shall, when requested, aid in the determinations made under subsections (3) and (4) of this section and, if necessary, cause a study to be made.

SECTION 583. ORS 431.740 is amended to read:

The petition shall suggest an alternative plan to the proposed formation or annexation for removal or alleviation of the conditions dangerous to public health. The petition shall state the intent of the residents to seek annexation to an existing city or special district authorized by law to provide service facilities necessary to remove or alleviate the dangerous conditions. The petition shall be accompanied by a proposed plan which shall state the type of facilities to be constructed, a proposed means of financing the facilities and an estimate of the time required to construct such facilities and place them in operation.

(2) Upon receipt of the petition, the [department] authority shall immediately forward a copy of the petition to the Environmental Quality Commission, if the plan accompanying the petition involves facilities that are subject to the jurisdiction of the commission. The [department] authority also shall forward a copy of the petition to the requesting body and to the county court or boundary commission where the [department] authority filed its findings under ORS 431.740 and direct the county court or boundary commission to stay the proceedings pending the review permitted under this section and ORS 431.750.

SECTION 585. ORS 431.750 is amended to read:

431.750. (1) If the alternative plan submitted under ORS 431.745 (1) involves service facilities that are subject to the jurisdiction of the commission, the alternative plan shall be submitted to and reviewed by the Environmental Quality Commission and shall be approved or rejected by the commission within 30 days from the date of filing with the [Department of Human Services] Oregon Health Authority. In reviewing the alternative plan, the commission shall consider whether, in its judgment, the plan contains a preferable alternative for the alleviation or removal of the conditions dangerous to public health. If the commission determines that the original plan provides the better and most expeditious method of removing or alleviating the dangerous conditions, it shall disapprove the alternative plan and inform the [department] authority of its decision. The [department] authority shall order the proceedings on the finding filed under ORS 431.740 to resume.

(2) If the commission finds that the alternative plan provides a preferable method of alleviating or removing the dangerous conditions, the petitioners shall be granted six months within which to present to the commission information showing:

(a) That the affected territory has annexed to a city or special district authorized by law to provide the service facilities necessary to remove or alleviate the dangerous conditions, and that the financing of the extension of such facilities to the territory has been assured.

(b) Detailed plans and specifications for the construction of such facilities.

(c) A time schedule for the construction of such facilities.
(d) That such facilities, if constructed, will remove or alleviate the conditions dangerous to public health in a manner as satisfactory and expeditious as would be accomplished by the formation or annexation proposed by the original plans.

(3) The commission shall review the plan presented to it by the petitioners under subsection (2) of this section and shall promptly certify to the [department] authority whether the requirements of subsection (2) of this section have been met. If the requirements have been met, the [department] authority shall certify the alternative plan to the county court or boundary commission having jurisdiction and direct it to proceed in accordance with the alternative plan and in lieu of the plans filed under ORS 431.740. If the requirements of subsection (2) of this section are not met by the petitioners, the [department] authority shall certify that fact to the county court or boundary commission having jurisdiction and direct it to continue the proceedings on the plans filed under ORS 431.740.

SECTION 586. ORS 431.760 is amended to read:

431.760. (1) A person who owns property or resides within affected territory that is subject to proceedings under the provisions of ORS 431.705 to 431.760 shall not participate in an official capacity in any investigation, hearing or recommendation relating to such proceedings. If the Director of [Human Services] the Oregon Health Authority is such a person, the director shall so inform the Governor, who shall appoint another person to fulfill the duties of the director in any investigation, hearing or recommendation relating to the such proceeding.

(2) Subsection (1) of this section does not excuse a member of a county court from voting on the order required by ORS 198.792 (2) or 451.445 (1).

(5) When an HIV test is performed pursuant to ORS 433.080 or rules adopted under ORS 433.065, the results shall be reported confidentially to the person who suffered the substantial exposure giving rise to the test.

(6) The confidentiality provisions of ORS 433.045 (3) apply to any person who receives an HIV test result pursuant to ORS 433.080 or rules adopted under ORS 433.065. Any person who complies with the requirements of this subsection shall not be subject to an action for damages.

SECTION 638. ORS 433.080 is amended to read:
When the **Department of Human Services** or **Oregon Health Authority** declares by rule that mandatory testing of source persons could help a defined class of workers from being infected or infecting others with the human immunodeficiency virus, the following apply:

1. When a source person, after having been first requested to consent to testing by rules adopted under ORS 433.065, has refused or within a time period prescribed by rule of the **department** or **authority** has failed to submit to the requested test, except when the exposed person has knowledge that the exposed person has a history of a positive HIV test, the exposed person may seek mandatory testing of the source person by filing a petition with the circuit court for the county in which the exposure occurred. The form for the petition shall be as prescribed by the **department** or **authority** and shall be obtained from the local public health department.

2. The petition shall name the source person as the respondent and shall include a short and plain statement of facts alleging:
   - (a) The petitioner is a worker subjected to an occupational exposure or a person who has been subjected to a substantial exposure by a worker administering health care and the respondent is the source person;
   - (b) The petitioner is in the class of workers defined by rule of the **Department of Human Services** or **authority** under this section;
   - (c) All procedures for obtaining the respondent’s consent to an HIV test by rules adopted under ORS 433.065 have been exhausted by the petitioner and the respondent has refused to consent to the test, or within the time period prescribed by rule of the **department** or **authority** has failed to submit to the test;
   - (d) The petitioner has no knowledge that the petitioner has a history of a positive HIV test and has since the exposure, within a time period prescribed by rule of the **department** or **authority**, submitted a specimen from the petitioner for an HIV test; and
   - (e) The injury that petitioner is suffering or will suffer if the source person is not ordered to submit to an HIV test.

3. The petition shall be accompanied by the certificate of the local public health administrator declaring that, based upon information in the possession of the administrator, the facts stated in the allegations under subsection (2)(a), (b) and (c) of this section are true.

4. Upon the filing of the petition, the court shall issue a citation to the respondent stating the nature of the proceedings, the statutes involved and the relief requested and, that if the respondent does not appear at the time and place for hearing stated in the citation, that the court will order the relief requested in the petition.

5. The citation shall be served on the respondent together with a copy of the petition by the county sheriff or deputy. The person serving the citation and petition shall, immediately after service thereof, make a return showing the time, place and manner of such service and file it with the clerk of the court.

6. The hearing shall be held within three days of the service of the citation upon the respondent. The court may for good cause allow an additional period of 48 hours if additional time is requested by the respondent.

7. Both the petitioner and the local public health administrator certifying to the matter alleged in the petition shall appear at the hearing. The hearing of the case shall be informal with the object of resolving the issue before the court promptly and economically between the parties. The parties shall be entitled to subpoena witnesses, to offer evidence and to cross-examine. The judge may examine witnesses to insure a full inquiry into the facts necessary for a determination of the matter before the court.

8. After hearing all of the evidence, the court shall determine the truth of the allegations contained in the petition. The court shall order the respondent to submit to the requested test by a licensed health care provider without delay if, based upon clear and convincing evidence, the court finds that:
   - (a) The allegations in the petition are true;
The injury the petitioner is suffering or will suffer is an injury that only the relief requested will adequately remedy; and

(c) The interest of the petitioner in obtaining the relief clearly outweighs the privacy interest of the respondent in withholding consent.

(9) If the court does not make the finding described in subsection (8) of this section, the court shall dismiss the petition.

(10) Failure to obey the order of the court shall be subject to contempt proceedings pursuant to law.

SECTION 639. ORS 433.085 is amended to read:

(2) The petition submitted to the court must set forth the facts and circumstances of the contact and the reasons the petitioner and a medically trained person representing the petitioner, if available, believe the exposure was substantial and the testing would be appropriate. The petition must also include information sufficient to identify the alleged source person and the location of the alleged source person, if known. The court shall hold an ex parte hearing in person or by telephone on the day of receipt of the petition, if possible, or within a reasonable period not to exceed three judicial days. Upon a showing that the petitioner has been exposed to the bodily fluids of another person and the circumstances create probable cause to conclude that a significant possibility exists that the petitioner has been exposed to HIV or hepatitis B or C, the court shall order the testing of the source person.

(3) If the court orders a test under subsection (2) of this section:

(a) The order shall direct the source person to allow the required test to be performed by a licensed health care provider without delay and may specify a time when the test must be completed. If the source person is in custody or otherwise subject to the legal control of another person, the order may be directed to the agency with custody of, or the other person with legal control over, the source person and direct the agency or other person to provide the source person with a copy of the order and ensure that the required test is performed.

(b) The petitioner shall designate a physician or nurse practitioner to receive the test results on behalf of the petitioner.

(c) The order must inform the source person, agency or other person of who is to receive the results of the test and of how to obtain payment for costs under subsection (6) of this section.

(d) The order shall be served on the source person, or the agency with custody of or other person with legal control over the source person, in the manner directed by the court. The court may provide for service of the order by any means appropriate to the circumstances of the source person, including but not limited to service by the petitioner or by directing the sheriff to serve the order. Any costs of service shall be paid as provided under subsection (6) of this section.

(e) The order is enforceable through the contempt powers of the court.

(4) The results of any test ordered under this section are confidential and subject to the confidentiality provisions of ORS 433.045 (3). The results shall be made available only to those persons authorized under ORS 433.045 (3) and to the petitioner, any physician or nurse practitioner designated by the petitioner to receive the results, the Department of Human Services and the source person.

(5) If the test results are negative, the court may order the source person to submit to additional testing six months after the first test was conducted.

(6) No charge or filing fee may be imposed for the filing of a petition under this section. The cost of any testing ordered under this section shall be the responsibility of the employer of the petitioner.

(3) When the specimen of a person tested for substances of abuse is submitted to the laboratory and the test result is positive, the laboratory shall perform a confirming test which has been designated by rule of the [Department of Human Services] Oregon Health Authority as the best available technology for use to determine whether or not the substance of abuse identified by the first test is present in the specimen prior to reporting the test results.

(4) The [department] authority by rule shall set standards for special category laboratories that engage only in the initial testing for substances of abuse in the body, including registration procedures for such laboratories and personnel.

The ambulatory surgery and inpatient discharge abstract record for each patient must include the following information, and may include other information deemed necessary by the office for developing or evaluating statewide health policy:

(2) By July 1 of each year, the office may request from ambulatory surgical centers licensed under ORS 441.015 ambulatory surgery discharge abstract records covering all patients admitted during the preceding year. Ambulatory surgery discharge abstract records must include information similar to that requested from general hospitals under subsection (1) of this section.

(3) In lieu of abstracting and compiling the records itself, the office may solicit the voluntary submission of such data from Oregon hospitals or other sources to enable it to carry out its responsibilities under this section. If such data are not available to the office on an annual and timely basis, the office may establish by rule a fee to be charged to each hospital.

(4) Subject to prior approval of the Oregon [Department of Administrative Services] Health Policy Board and a report to the Emergency Board, if the Legislative Assembly is not in session, prior to adopting the fee, and within the budget authorized by the Legislative Assembly as the budget may be modified by the Emergency Board, the fee established under subsection (3) of this section may not exceed the cost of abstracting and compiling the records.

However, nothing in this subsection shall authorize the publication of specific data in a form that allows identification of individual patients or licensed health care professionals.

(8) The office may provide by rule for the submission of records for enrollees in a health maintenance organization from a hospital associated with such an organization in a form the office determines appropriate to the office’s needs for such data and the organization’s record keeping and reporting systems for charges and services.

A certificate of need is not transferable.

(7) Nothing in this section applies to any hospital, skilled nursing or intermediate care service or facility that seeks to replace equipment with equipment of similar basic technological function or an upgrade that improves the quality or cost-effectiveness of the service provided. Any person acquiring such replacement or upgrade shall file a letter of intent for the project in accordance with the rules of the department if the price of the replacement equipment or upgrade exceeds $1 million.

(8) Except as required in subsection (1) of this section for a new hospital or new skilled nursing or intermediate care service or facility not operating as a Medicare swing bed program, nothing in this section requires a rural hospital as defined in ORS 442.470 (5)(a)(A) and (B) to obtain a certificate of need.

The consideration of a new health service proposed by a health maintenance organization shall also address the availability and cost of obtaining the proposed new health service from the existing providers in the area that are not health maintenance organizations.

(b) The [Department of Human Services] Oregon Health Authority shall issue a certificate of need for beds, services or equipment to meet the needs or reasonably anticipated needs of members of health maintenance organizations when beds, services or equipment are not available from non-plan providers.

SECTION 756. ORS 442.705 is amended to read:

442.705. (1) The Legislative Assembly finds that direct competition among health care providers in the field of heart and kidney transplant services may not result in the most cost efficient and least expensive transplant services for the citizens of this state and that it is in the public interest to allow cooperative programs among health care providers providing heart and kidney transplant services.

(2) The Legislative Assembly declares that, to the extent provided in ORS 442.700 to 442.760, it is the policy and intent of this state to displace competition among health care providers providing heart and kidney transplant services by allowing health care providers to enter into cooperative programs governing the provision of heart and kidney transplant services in order to achieve in each instance the following goals:

(a) Reduction of, or protection against, rising costs of heart and kidney transplant services;
(b) Reduction of, or protection against, rising prices for heart and kidney transplant services;
(c) Improvement or maintenance of the quality of heart and kidney transplant services provided in this state;
(d) Reduction of, or protection against, duplication of resources including, without limitation, expensive medical specialists, medical equipment and sites of service;
(e) Improvement or maintenance of efficiency in the delivery of heart and kidney transplant services;
(f) Improvement or maintenance of public access to heart and kidney transplant services;
(g) Increase in donations of organs for transplantation; and
(h) Improvement in the continuity of patient care.

(3) The Legislative Assembly further declares that the goals identified in subsection (2) of this section represent the policies of this state.

(4) The Legislative Assembly further declares that once a cooperative program is approved under ORS 442.700 to 442.760, there is an interest in insuring stability in the provision of health care services by a cooperative program, to the extent stability is consistent with achieving the goals identified in subsection (2) of this section.

(5) The Director of [Human Services] the Oregon Health Authority shall actively supervise the cooperative program in accordance with authority under ORS 442.700 to 442.760 and 646.740.

SECTION 757. ORS 442.710 is amended to read:

442.710. (1) The Oregon Health and Science University and one or more entities, each of which operates at least three hospitals in a single urban area in this state, may apply to the Director of [Human Services] the Oregon Health Authority for approval of a cooperative program. The application shall include an executed written copy of all agreements for the cooperative program.

(2) An application for approval of a cooperative program shall be made in the form and manner and shall set forth any information regarding the proposed cooperative program that the director may prescribe. The information shall include, but not be limited to:

(a) A list of the names of all health care providers who propose to provide heart and kidney transplant services under the cooperative program, together with appropriate evidence of compliance with any licensing or certification requirements for those health care providers to practice in this state. In the case of employed physicians, the list and the information to be submitted may be limited to the employer or organizational unit of the employer;

(b) A description of the activities to be conducted by the cooperative program;

(c) A description of proposed anticompetitive practices listed in ORS 442.715, any practices that the parties anticipate will have significant anticompetitive effects and a description of practices of
the cooperative program affecting costs, prices, personnel positions, capital expenditures and allocation of resources;

(d) A list of the goals identified in ORS 442.705 (2) that the cooperative program expects to achieve;

(e) A description of the proposed places and manner of providing heart and kidney transplant services and services related to heart and kidney transplants under the cooperative program;

(f) A proposed budget for operating the cooperative program;

(g) Satisfactory evidence of financial ability to deliver heart and kidney transplant services in accordance with the cooperative program;

(h) The agreement that establishes the cooperative program and policies that shall govern it; and

(i) Other information the director believes will assist in determining whether the cooperative program will likely achieve the goals listed in ORS 442.705 (2).

(3) The director shall review the application in accordance with the provisions of this section and shall grant, deny or request modification of the application within 90 days of the date the application is filed. The director shall hold one or more public hearings on the application, which shall conclude no later than 80 days after the date the application is filed. The decision of the director on an application shall be considered an order in a contested case for the purposes of ORS chapter 183.

(4) The director shall approve an application made under subsection (2) of this section after:

(a) The applicants have demonstrated they will achieve at least six of the goals of ORS 442.700 to 442.760 and 646.740, including at least the goals identified in ORS 442.705 (2)(a) to (d); and

(b) The director has reviewed and approved the specifics of the anticompetitive activity expected to be conducted by the cooperative program.

(5) In evaluating the application, the director shall consider whether a cooperative program will contribute to or detract from achieving the goals listed in ORS 442.705 (2). The director may weigh goals relating to circumstances that are likely to occur without the cooperative program, and relating to existing circumstances. The director may also consider whether any alternative arrangements would be less restrictive of competition while achieving the same goals.

(6) An order approving a cooperative program shall identify and define the limits of the permitted activities for purposes of granting antitrust immunity under ORS 442.700 to 442.760.

(7) An order approving a cooperative program shall include:

(a) Approval of specific activities listed in ORS 442.715;

(b) Approval of activities the director anticipates will have substantial anticompetitive effects;

(d) The goals listed in ORS 442.705 (2) that the cooperative program is expected to achieve; and

(e) Approval of the cooperative program as described in the application and a finding that the cooperative program is in the public interest.

(8) An order denying the application for a cooperative program shall identify the findings of fact and reasons supporting denial.

(9) Either the director or all the parties to the cooperative program may request a modification of an application made under this section. A request for a modification shall result in one extension of 30 days after submission of the modified application. The director shall issue an order under this section within 30 days after submission of the modified application.

SECTION 758. ORS 442.720 is amended to read:

442.720. (b) Review the activities being conducted to achieve the goals; and
(c) Determine whether each of the activities is still necessary and appropriate to achieve the goals.

(2) If the director determines that additional information is needed for the review described in subsection (1) of this section, the director may order the board of governors to provide the information within a specified time.

(3) Within 60 days after receiving the annual report or any additional information ordered under subsection (2) of this section, the director shall:

(a) Approve the report if the director determines that the cooperative program is operating in accordance with the order and that the goals identified in the order are being adequately achieved by the cooperative program;
(b) Modify the order as appropriate to adjust to changes in the cooperative program approved by the director and approve the report as provided in paragraph (a) of this subsection;

(1) Any person may file a complaint with the Director of [Human Services] the Oregon Health Authority requesting that a specific decision or action of a cooperative program supervised by the director be reversed or modified, or that approval for all or part of the activities permitted by the order be suspended or terminated. The complaint shall allege the reasons for the requested action and shall include any evidence relating to the complaint.

(2) The director on the director’s own initiative may at any time request information from the board of governors concerning the activities of the cooperative program to determine whether the cooperative program is in compliance with the order.

**SECTION 762.** ORS 442.740 is amended to read:

442.740. (1) During the review of the annual report described in ORS 442.730, after receiving a complaint under ORS 442.735, or on the director’s own initiative, the Director of [Human Services] the Oregon Health Authority may take one or more of the following actions:
(a) If the director determines that a particular decision or action is not in accordance with the order, or that the parties are engaging in anticompetitive activity not permitted by the order, the director may direct the board of governors to identify and implement corrective action to insure compliance with the order or may modify the order.

(b) If the director determines that the cooperative program is engaging in unlawful activity not permitted by the order or is not complying with the directive given under paragraph (a) of this subsection, the director may serve on the cooperative program a proposed order directing the cooperative program to:

(A) Conform with the directive under paragraph (a) of this subsection; or

(B) Cease and desist from engaging in the activity.

(2) The cooperative program shall have up to 30 days to comply with a proposed order under subsection (1)(b) of this section unless the board of governors demonstrates additional time is needed for compliance.

(3) If the director determines that the participants in the cooperative program are in substantial noncompliance with the cease and desist directive, the director may seek an appropriate injunction in the circuit courts of Marion or Multnomah Counties.

(4) If the director determines that a sufficient number of the goals set forth in ORS 442.705 (2) are not being achieved or that the cooperative program is engaging in activity not permitted by the order, the director may suspend or terminate approval for all or part of the activities approved and permitted by the order.

(5) A proposed order to be entered under subsection (1)(b) or (4) of this section may be served upon the cooperative program without prior notice. The cooperative program may contest the proposed order by filing a written request for a contested case hearing with the director not later than 20 days following the date of the proposed order. The proposed order shall become final if no request for a hearing is received. Unless inconsistent with this subsection, the provisions of ORS chapter 183, as applicable, shall govern the hearing procedure and any judicial review.

(6) The only effect of an order suspending or terminating approval under ORS 442.700 to 442.760 shall be to withdraw the immunities granted under ORS 442.715 (3) for anticompetitive activity permitted by the order and taken after the effective date of the order.

(3) Nothing in ORS 442.700 to 442.760 and 646.740 shall be construed to immunize any person from liability or impose liability where none would otherwise exist under federal or state antitrust laws for conduct in negotiating and entering into a cooperative program for which no application was filed with the director.

SECTION 765. ORS 442.755 is amended to read:

(5) Any hazardous substance intended, or packaged in a form suitable for use in the household or by children, which fails to bear a label in accordance with ORS 453.035 and the standards of the director shall be deemed to be a misbranded hazardous substance.

(6) Any hazardous substance contained in a reused food, drug or cosmetic container is a misbranded hazardous substance.

on the proposed hazardous substance or toxic substance, including but not limited to commenting
on health and environmental considerations, economic concerns and feasibility of compliance. The
local government shall consider the comments before adopting a list or making additions to a list
of hazardous substances and toxic substances to be reported.

(8) In administering a local community right to know regulatory program, a local government

(2) Nothing in this section shall affect the authority of the Department of Human Services to make and enforce rules:

(a) Regarding the quality of water for human or animal consumption pursuant to ORS 448.115 to 448.325, 624.010 to 624.121 and 624.310 to 624.430; and

(b) Regarding the quality of water for public swimming places pursuant to ORS 431.110.

(3) Nothing in this section shall prevent the State Department of Agriculture or the State Forestry Department from independently receiving moneys from a public or private agency for the purposes of preventing or controlling air or water pollution resulting from agricultural or silvicultural activities or soil erosion, or for research related to such purposes.

(4)(a) In awarding a public contract under ORS 279.835 to 279.855 or ORS chapter 279A, 279B or 279C for a removal or remedial action pursuant to ORS 465.200 to 465.545, a corrective action or cleanup action pursuant to ORS 466.005 to 466.385, 466.605 to 466.680 or 466.706 to 466.882 or a removal pursuant to ORS 468B.005 to 468B.030, 468B.035, 468B.048 to 468B.085, 468B.090, 468B.093, 468B.095 and 468B.300 to 468B.500, the department, and the Oregon Department of Administrative Services, when administering the establishment of such a contract on behalf of the Department of Environmental Quality under ORS 279A.050 and 279A.140, shall subtract from the amount of any bid or proposal the hazardous waste management fees and solid waste fees that would be required by law to be paid to the department for waste that would be disposed of at a solid waste disposal site or a hazardous waste or PCB disposal facility, based on the bid or proposal. The amount to be subtracted shall be established on the basis of reasonable preprocurement estimates of the amount of waste that would be disposed of under the contract and that would be subject to those fees.

(b) The subtraction for fees under paragraph (a) of this subsection shall apply only to a contract reasonably anticipated to involve the disposal of no less than 50 tons of hazardous waste or no less than 500 tons of solid waste. The Legislative Assembly finds that making accurate advance estimates of amounts of waste that would be disposed of in projects of this character is technically challenging and requires the application of professional discretion. Therefore, no award of a contract under this subsection shall be subject to challenge, under ORS 279B.410, 279B.415 or 279C.460 or otherwise, on the ground of the inaccuracy or claimed inaccuracy of any such estimate.

(c) The subtraction for fees under paragraph (a) of this subsection shall not apply to the establishment, by or on behalf of the department, of master contracts by which the department engages the services of a contractor over a period of time for the purpose of issuing work orders for the performance of environmental activities on a project or projects for which the amounts of waste to be disposed of were not reasonably identified at the inception of the master contracts. However, the department shall require any contractor under a master contract to apply the subtraction for fees under paragraph (a) of this subsection in the selection of any subcontractor to perform the removal of waste in amounts equaling or exceeding the amounts set forth in paragraph (b) of this subsection. Nothing in this subsection shall be construed to prohibit the department or the Oregon Department of Administrative Services from establishing contracts pursuant to this section through contracting procedures authorized by ORS 279.835 to 279.855 and ORS chapters 279A, 279B and 279C that do not require the solicitation of bids or proposals.

The commission shall specifically address as a separate class, those contractors and workers who perform small scale, short duration renovating and maintenance activity. As used in this subsection, “small scale, short duration renovating and maintenance activity” means a task for which the removal of asbestos is not the primary objective of the job, including but not limited to:

The licenses issued under this subsection shall be in bearer form and, subject to applicable laws and regulations relating to angling and to taking shellfish, shall be used as the director of the hospital or domiciliary provides.

 SECTION 983. ORS 527.710 is amended to read:

527.710. (1) In carrying out the purposes of ORS 527.610 to 527.770, 527.990 (1) and 527.992, the State Board of Forestry shall adopt, in accordance with applicable provisions of ORS chapter 183, rules to be administered by the State Forester establishing standards for forest practices in each region or subregion.

(2) The rules shall ensure the continuous growing and harvesting of forest tree species. Consistent with ORS 527.630, the rules shall provide for the overall maintenance of the following resources:

(a) Air quality;
(b) Water resources, including but not limited to sources of domestic drinking water;
(c) Soil productivity; and
(d) Fish and wildlife.

(3)(a) In addition to its rulemaking responsibilities under subsection (2) of this section, the board shall collect and analyze the best available information and establish inventories of the following resource sites needing protection:

(A) Threatened and endangered fish and wildlife species identified on lists that are adopted, by rule, by the State Fish and Wildlife Commission or are federally listed under the Endangered Species Act of 1973 as amended;
(B) Sensitive bird nesting, roosting and watering sites;
(C) Biological sites that are ecologically and scientifically significant; and
(D) Significant wetlands.

(b) The board shall determine whether forest practices would conflict with resource sites in the inventories required by paragraph (a) of this subsection. If the board determines that one or more forest practices would conflict with resource sites in the inventory, the board shall consider the consequences of the conflicting uses and determine appropriate levels of protection.

(c) Based upon the analysis required by paragraph (b) of this subsection, and consistent with the policies of ORS 527.630, the board shall adopt rules appropriate to protect resource sites in the inventories required by paragraph (a) of this subsection.

(4) Before adopting rules under subsection (1) of this section, the board shall consult with other agencies of this state or any of its political subdivisions that have functions with respect to the purposes specified in ORS 527.630 or programs affected by forest operations. Agencies and programs subject to consultation under this subsection include, but are not limited to:

(a) Air and water pollution programs administered by the Department of Environmental Quality under ORS chapters 468A and 468B and ORS 477.013 and 477.515 to 477.532;
(b) Mining operation programs administered by the Department of Geology and Mineral Industries under ORS 516.010 to 516.130 and ORS chapter 517;

(k) Pesticide control programs administered by the State Department of Agriculture under ORS chapter 634.

(5) In carrying out the provisions of subsection (4) of this section, the board shall consider and accommodate the rules and programs of other agencies to the extent deemed by the board to be appropriate and consistent with the purposes of ORS 527.630.
(6) The board shall adopt rules to meet the purposes of another agency’s regulatory program where it is the intent of the board to administer the other agency’s program on forestland and where the other agency concurs by rule. An operation performed in compliance with the board’s rules shall be deemed to comply with the other agency’s program.

(7)(a) The board may enter into cooperative agreements or contracts necessary in carrying out the purposes specified in ORS 527.630.

(b) The State Forestry Department shall enter into agreements with appropriate state agencies for joint monitoring of the effectiveness of forest practice rules in protecting forest resources and water quality.

(8) If, based upon the study completed pursuant to section 15 (2)(f), chapter 919, Oregon Laws 1991, the board determines that additional rules are necessary to protect forest resources pursuant to ORS 527.630, the board shall adopt forest practice rules that reduce to the degree practicable the adverse impacts of cumulative effects of forest practices on air and water quality, soil productivity, fish and wildlife resources and watersheds. Such rules shall include a process for determining areas where adverse impacts from cumulative effects have occurred or are likely to occur, and may require that a written plan be submitted for harvests in such areas.

(9)(a) The State Forester, in cooperation with the State Department of Fish and Wildlife, shall identify streams for which restoration of habitat would be environmentally beneficial. The State Forester shall select as a priority those streams where restoration efforts will provide the greatest benefits to fish and wildlife, and to streambank and streambed stability.

(b) For those streams identified in paragraph (a) of this subsection, the State Forester shall encourage landowners to enter into cooperative agreements with appropriate state agencies for conduct of restoration activities.

(c) The board, in consultation with appropriate state agencies, shall study and identify methods for restoring or enhancing fish and wildlife populations through restoration and rehabilitation of sites beneficial to fish and wildlife.

(d) The board shall adopt rules to implement the findings of this subsection.

(10) In addition to its responsibilities under subsections (1) to (3) of this section, the board shall adopt rules to reduce the risk of serious bodily injury or death caused by a rapidly moving landslide directly related to forest practices. The rules shall consider the exposure of the public to these safety risks and shall include appropriate practices designed to reduce the occurrence, timing or effects of rapidly moving landslides. As used in this subsection, “rapidly moving landslide” has the meaning given that term in ORS 195.250.

SECTION 984. ORS 537.532 is amended to read:

537.532. (1) Notwithstanding any other provision of law, the injection into aquifers of water that complies with drinking water standards established by the [Department of Human Services] Oregon Health Authority under ORS 448.273 under an aquifer storage and recovery limited license or permit:

(a) Shall not be considered a waste, contaminant or pollutant;

(b) Shall be exempt from the requirement to obtain a discharge permit under ORS 468B.050 or 468B.053 or a concentration limit variance from the Department of Environmental Quality;

(c) Shall comply with all other applicable local, state or federal laws; and

(d) May be located within or outside an urban growth boundary in conformance with land use laws.

(2) In order to continue to protect the high quality of Oregon’s aquifers for present and future uses, the Legislative Assembly recognizes the need to minimize concentrations of constituents in the injection source water that are not naturally present in the aquifer. Each aquifer storage and recovery limited license or permit shall include conditions to minimize, to the extent technically feasible, practical and cost-effective, the concentration of constituents in the injection source water that are not naturally present in the aquifer. In no case may an aquifer storage and recovery limited license or permit establish concentration limits for water to be injected in excess of the standards established by the [Department of Human Services] authority under ORS 448.273 or the maximum
measurable levels established by the Environmental Quality Commission under ORS 468B.165, whichever are more stringent.

(3) Except as otherwise provided, if the injection source water contains constituents regulated under ORS 448.273 or 468B.165 that are detected at greater than 50 percent of the established levels, the aquifer storage and recovery limited license or permit may require the permittee to employ, or continue the employment of, technically feasible, practical and cost-effective methods to minimize concentrations of such constituents in the injection source water. Constituents that have a secondary maximum contaminant level or constituents that are associated with disinfection of the water may be injected into the aquifer up to the standards established under ORS 448.273.

(4) The Water Resources Department may, based upon valid scientific data, further limit certain constituents in the injection source water if the department finds the constituents will interfere with or pose a threat to the maintenance of the water resources of the state for present or future beneficial uses.

SECTION 985. ORS 537.534 is amended to read:

537.534. (1) In accordance with this section, the Water Resources Commission shall establish rules for the permitting and administration of aquifer storage and recovery projects. The rules shall establish the Water Resources Department as the sole permitting agency for the projects, but the Department of Environmental Quality and the Department of Human Services may comment on permits for a project and recommend conditions to be included on the permit. When necessary, the applicant also shall obtain land use and development approval from a local government.

(2) Notwithstanding the provisions of ORS 537.130, the Water Resources Commission shall establish by rule a procedure to allow a person to obtain a limited license to store and use water injected into an underground aquifer for aquifer storage and recovery testing purposes for a short term or fixed duration after the person complies with the notice provision set forth in ORS 537.144. The rules shall provide a 30-day public comment period before issuance of a limited license. The Water Resources Department may attach conditions to the limited license regarding monitoring, sampling and rates of recovery up to 100 percent of the injection quantity. Aquifer storage and recovery under a limited license may be conditioned by the Water Resources Department to protect existing ground water rights that rely upon the receiving aquifer and the injection source water. The Water Resources Department may revoke or modify the limited license to use the stored water acquired under a limited license if that use causes injury to any other water right or to a minimum perennial streamflow. The Water Resources Director may issue a limited license for aquifer storage and recovery purposes for a term of not more than five years. The license may be renewed if the applicant demonstrates further testing is necessary.

(3) To obtain a limited license for aquifer storage and recovery, the applicant shall provide to the Water Resources Department:

(a) Well construction information;
(b) Test results of the quality of the injection source water;
(c) Test results of the quality of the receiving aquifer water;
(d) The proposed injected water storage time, recovery rates and recovery schedule;
(e) Preliminary hydrogeologic information including a description of the aquifer, estimated flow direction and rate of movement, allocation of surface water, springs or wells within the area affected by aquifer storage and recovery wells;
(f) The fee established by rule by the commission pursuant to ORS 536.050 (1)(L); and
(g) Any other information required by rule of the commission.

(4) Only after completion of a test program under a limited license issued under subsection (3) of this section may the applicant apply for a permanent aquifer storage and recovery permit. Each application for an aquifer storage and recovery permit shall be accompanied by the fee set forth in ORS 536.050 for examination of an application for a permit to store water. The Water Resources Department shall be the sole permitting agency for the project and may place conditions on the permit consistent with rules adopted by the commission, but the Department of Environmental
Quality and the [Department of Human Services] Oregon Health Authority may review, comment on and recommend conditions to be included on the permit. When necessary, the applicant shall obtain land use and development approval from a local government. Where existing water rights for the injection source water have been issued, the Water Resources Department shall receive comments from interested parties or agencies, but the public interest review standards shall apply only to the matters raised by the aquifer storage and recovery permit application in the same manner as any new water right application, not to the underlying water rights. If new water rights for injection source water and aquifer storage and recovery are necessary, then the public interest review standards shall apply to the new permit application in the same manner as any new water right application. The Water Resources Director may refer policy matters to the commission for decision.

(5) The commission shall adopt rules consistent with this section to implement an aquifer storage and recovery program. The rules shall include:

(a) Requirements for reporting and monitoring the aquifer storage and recovery project aquifer impacts and for constituents reasonably expected to be found in the injection source water.

(b) Provisions that allow any person operating an aquifer storage and recovery project under a permit, upon approval by the Water Resources Department, to recover up to 100 percent of the water stored in the aquifer storage facility if valid scientific data gathered during operations under the limited license or permit demonstrate that the injected source water is not lost through migration or other means and that ground water otherwise present in the aquifer has not been irretrievably lost as a result of aquifer storage or retrieval. The Water Resources Department may place such other conditions on withdrawal of stored water necessary to protect the public health and environment, including conditions allowing reconsideration of the permit to comply with ORS 537.552.

(c) The procedure for allowing the Department of Environmental Quality and the [Department of Human Services] Oregon Health Authority to comment on and recommend permit conditions.

(6) The use of water under a permit as injection source water for an aquifer storage and recovery project up to the limits allowed in subsection (5)(b) of this section shall not affect the priority date of the water right permit or otherwise affect the right evidenced by the permit.

(7) The holder of a permit for aquifer storage and recovery shall apply for a transfer or change of use if the use of recovered water is different from that which is allowed in the source water permit or certificate.

**SECTION 986.** ORS 541.845 is amended to read:

541.845. (1) In accordance with the applicable provisions of ORS chapter 183, the Water Resources Commission may adopt rules necessary to carry out ORS 541.700 to 541.855.

(2) In adopting rules establishing guidelines or criteria for awarding loans or grants for drinking water projects, the commission shall coordinate the Water Resources Department’s rulemaking process with the Economic and Community Development Department and the [Department of Human Services] Oregon Health Authority in order to ensure that rules adopted under this subsection are consistent with rules adopted under ORS 285B.560 to 285B.599, 431.120, 541.705, 541.755, 541.765, 541.830 and 541.845; and

(a) Require the installation of meters on all new active service connections from any municipal drinking water distribution lines funded under ORS 285B.560 to 285B.599, 431.120, 541.700, 541.705, 541.755, 541.765, 541.830 and 541.845; and

(b) Require a plan, to be adopted by the municipality, for installation of meters on all service connections throughout the drinking water system.

(3) As used in this section, “service connection” does not include fire hydrants, fire sprinkler system connections, line blow-offs and drains, standby emergency interties, valve controlled drinking fountains and other similar intermittently used connections.

**SECTION 987.** ORS 545.101 is amended to read:

545.101. (1) When a subdivision is platted after September 13, 1975, under ORS 92.010 to 92.190, if the subdivision has three or more tracts on each acre of land within the subdivision, the subdivision shall be excluded and taken from the district pursuant to ORS 545.097 to 545.126 at the time that the plat is approved by the appropriate governing body.
(2) The exclusion provided in subsection (1) of this section shall not apply to a district which:
   (a) Also supplies domestic water approved by the [Department of Human Services] Oregon Health Authority to the subdivision; or
   (b) Agrees to supply water to the subdivision. A district may require as a condition of any agreement that:
       (A) The subdivider install underground pipe from the district’s designated point of delivery to each lot or parcel in the subdivision as shown on the plat approved by the appropriate governing body;
       (B) The subdivider install a meter or other adequate measuring device at the delivery point to the subdivision and for each lot or parcel;
       (C) The subdivider provide adequate easements for the delivery system and make provision for the maintenance and repair of the delivery system; and
       (D) The subdivider provide any other measures that the district considers necessary for the proper and efficient delivery of water to the subdivision and for the efficient administration of such delivery.

   (3) Nothing in subsection (2)(b) of this section requires a district to agree to deliver water to a subdivision.

SECTION 988. ORS 547.045 is amended to read:
547.045. (1) Whenever any diking or drainage district is sought to be created and organized or is created and organized in the manner provided by law, within the boundaries of which are located any lands belonging to the state that have been acquired or used by or for any state institution described in ORS 179.321, the Director of Human Services or the Director of the Oregon Health Authority may sign any petition or objections thereto for the organization of such district and exercise on behalf of the state with respect to the district and the land therein belonging to the state, all the rights and privileges of a landowner within the district.

   (2) Whenever any such district or proposed district includes any lands belonging to any public body as defined in ORS 174.109, the presiding officer of such public body, or other member of the governing body of such public body, when thereto authorized by a resolution of the governing body thereof, may sign such petition or objection thereto on behalf of the public body, and exercise with respect to the district and the land therein belonging to the public body, all the rights and privileges of a landowner in the district, including the right to be a supervisor of the district.

   (3) Lands belonging to a public body as defined in ORS 174.109 shall be subject to the same burdens and liabilities and entitled to the same benefits as lands in the district belonging to private individuals. The Department of Human Services or the Oregon Health Authority may pay from any appropriations made for the operation and maintenance of any institution, the lands of which have been included in any diking or drainage district, any charges billed to the department or any assessments levied against such lands by the diking or drainage district.

SECTION 989. ORS 561.740 is amended to read:
561.740. (1) The Director of Agriculture and an appointee of the [Director of Human Services] Director of the Oregon Health Authority who has experience in health program administration may enter into memoranda of understanding or other intergovernmental agreements on behalf of this state for the purpose of furthering collaboration between this state and federal agencies that regulate the growing of biopharmaceutical crops. A memorandum or other agreement entered into under this section shall be designed to increase state input to the federal biopharm permitting system on biopharmaceutical crop issues and requirements of specific interest to this state.

   (2) To the extent authorized under federal and state law, or under any memorandum of understanding or other agreement entered into under subsection (1) of this section, the Director of Agriculture and the appointee of the Director of [Human Services] the Oregon Health Authority, or their designees:

       (a) Notwithstanding ORS 192.410 to 192.505, shall refuse to disclose any biopharm permit application or related biopharmaceutical crop information received from the United States Department of Agriculture’s Animal and Plant Health Inspection Service, or from any successor to that service,
that the United States Department of Agriculture has determined to be confidential business information.

(b) May review biopharm permit applications and biopharmaceutical crop information submitted to the United States Department of Agriculture.

(c) May administer and conduct site inspections and monitoring of any biopharmaceutical crops grown in Oregon.

(d) If there is evidence that biopharmaceutical crops are endangering Oregon agriculture, horticulture or forest production or public health, may take appropriate enforcement action.

(e) May charge a biopharm permit applicant or holder fees for state oversight, services or activities under this section. Fees charged under this paragraph may not total more than $10,000 and must be reasonably calculated to reimburse the state for the actual cost of the oversight, services or activities. Fees collected under this paragraph shall be deposited to the credit of the Department of Agriculture Service Fund and are continuously appropriated to the State Department of Agriculture for the purpose of carrying out this section.

(2) In order that maximum protection to the public health may result from the activities of the [Department of Human Services] authority and the State Department of Agriculture, the [Department of Human Services] authority shall notify the Director of Agriculture in writing of any contemplated survey that affects or may affect agricultural products that are under the regulation of the [State Department of Agriculture] department. The notice shall cover in detail the scope of the survey under consideration, and the reasons therefor. However, this section shall not be construed as prohibiting the [Department of Human Services] authority from taking immediate action in any case where such action seems necessary in the interests of public health. However, payment of the moneys in good faith to the affiant discharges and releases the transferor from any liability or responsibility for the transfer in the same manner and with the same effect as if the property had been transferred, delivered or paid to a personal representative of the estate of the deceased depositor.

(5) A probate proceeding is not necessary to establish the right of the surviving spouse, authority, department, surviving child, surviving parent, surviving brothers and sisters or an estate administrator of the Department of State Lands to withdraw the deposits upon the filing of the affidavit. If a personal representative is appointed in an estate where a withdrawal of deposits was made under this section, the person withdrawing the deposits shall account for them to the personal representative.

(3) In the event the holder died intestate without known heirs, an estate administrator of the Department of State Lands appointed under ORS 113.235 shall be the affiant and shall receive the withdrawal value of the accounts as escheat property.

(4) A savings association or federal association is under no obligation to determine the relationship of the affiant to the deceased holder. Payment made in good faith to the person, the Oregon Health Authority, [or] the Department of Human Services or an estate administrator of the Department of State Lands making the affidavit is a full acquittance and release of the association or federal association for the amount so paid.

(5) A probate proceeding is not necessary to establish the right of the surviving spouse, authority, department, surviving children, surviving parent or surviving brothers and sisters to withdraw an account as provided by this section. However, if a personal representative is appointed in an estate of a deceased holder whose account has been withdrawn under this section, the person withdrawing the account shall account for it to the personal representative.

(4) The credit union shall determine the relationship of the affiant to the deceased member. However, payment of the moneys in good faith to the affiant discharges and releases the transferor from any liability or responsibility for the transfer in the same manner and with the same effect as if the property had been transferred, delivered or paid to a personal representative of the estate of the deceased member.

(5) A probate proceeding is not necessary to establish the right of the surviving spouse, authority, department, surviving children, surviving parents, surviving brothers and sisters or an estate administrator of the Department of State Lands to withdraw the deposits upon the filing of the affidavit. If a personal representative is appointed in an estate where a withdrawal of deposits was made under this section, the person withdrawing the deposits shall account for them to the personal representative.

(6) When a credit union transfers moneys under subsection (1) of this section, the transferor may require the transferee to furnish the transferor with a written indemnity agreement, indemnifying the transferor against loss for moneys paid to the extent of the amount of the deposit.

or as that budget may be modified by the Emergency Board or the Oregon Department of Administrative Services, for operation of the Oregon Medical Insurance Pool Board.

SECTION 1120. ORS 735.614 is amended to read:

735.614. (1) If the Oregon Medical Insurance Pool Board determines at any time that funds in the Oregon Medical Insurance Pool Account are or will become insufficient for payment of expenses of the pool in a timely manner, the board shall determine the amount of funds needed and shall impose and collect assessments against insurers, as provided in this section, in the amount of the funds determined to be needed.

(2) Each insurer’s assessment shall be determined by multiplying the total amount to be assessed by a fraction, the numerator of which equals the number of Oregon insureds and certificate holders insured or reinsured by each insurer, and the denominator of which equals the total of all Oregon insureds and certificate holders insured or reinsured by all insurers, all determined as of March 31 each year.

(3) The board shall ensure that each insured and certificate holder is counted only once with respect to any assessment. For that purpose, the board shall require each insurer that obtains reinsurance for its insureds and certificate holders to include in its count of insureds and certificate holders all insureds and certificate holders whose coverage is reinsured in whole or part. The board shall allow an insurer who is a reinsurer to exclude from its number of insureds those that have been counted by the primary insurer or the primary reinsurer for the purpose of determining its assessment under this subsection.

(4) Each insurer shall pay its assessment as required by the board.

(5) If assessments exceed the amounts actually needed, the excess shall be held and invested and, with the earnings and interest, used by the board to offset future net losses or to reduce pool premiums. For purposes of this subsection, “future net losses” includes reserves for claims incurred but not reported.

(6) Each insurer’s proportion of participation in the pool shall be determined by the board based on annual statements and other reports deemed necessary by the board and filed by the insurer with the board. The board may use any reasonable method of estimating the number of insureds and certificate holders of an insurer if the specific number is unknown. With respect to insurers that are reinsurers, the board may use any reasonable method of estimating the number of persons insured by each reinsurer.

(7) The board may abate or defer, in whole or in part, the assessment of an insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the insurer to fulfill the insurer’s contractual obligations. In the event an assessment against an insurer is abated or deferred in whole or in part, the amount by which the assessment is abated or deferred may be assessed against the other insurers in a manner consistent with the basis for assessments set forth in this section. The insurer receiving the abatement or deferment shall remain liable to the board for the deficiency for four years.

(8) The board shall abate or defer assessments authorized by this section if a court orders that assessments cannot be made applicable to reinsurers. However, if a court orders that assessments cannot be made applicable to reinsurers, the board may continue to assess insurers to the end of the biennium in which the determination is made.

(9) Subject to the approval of the Director of the [Department of Consumer and Business Services] Oregon Health Authority, the board may develop a program for adjusting the assessment of an insurer in the individual health benefits market based on that insurer’s contribution to reducing the enrollment in the Oregon Medical Insurance Pool. When developing the program, the board may consider, but is not limited to, the following factors:

(a) The insurer’s level of participation;

(b) Level of health benefit plan coverage offered; and

(c) Assumption of risk in the individual health benefits market.

SECTION 1120a. ORS 735.625 is amended to read:
735.625. (1) Except as provided in subsection (3)(c) of this section, the Oregon Medical Insurance Pool Board shall offer major medical expense coverage to every eligible person.

(2) The coverage to be issued by the board, its schedule of benefits, exclusions and other limitations, shall be established through rules adopted by the board, taking into consideration the advice and recommendations of the pool members. In the absence of such rules, the pool shall adopt by rule the minimum benefits prescribed by section 6 (Alternative 1) of the Model Health Insurance Pooling Mechanism Act of the National Association of Insurance Commissioners (1984).

(3)(a) In establishing portability coverage under the pool, the board shall consider the levels of medical insurance provided in this state and medical economic factors identified by the board. The board may adopt rules to establish benefit levels, deductibles, coinsurance factors, exclusions and limitations that the board determines are equivalent to the portability health benefit plans established under ORS 743.760.

(b) In establishing medical insurance coverage under the pool, the board shall consider the levels of medical insurance provided in this state and medical economic factors identified by the board. The board may adopt rules to establish benefit levels, deductibles, coinsurance factors, exclusions and limitations that the board determines are equivalent to those found in the commercial group or employer-based medical insurance market.

(c) The board may provide a separate Medicare supplement policy for individuals under the age of 65 who are receiving Medicare disability benefits. The board shall adopt rules to establish benefits, deductibles, coinsurance, exclusions and limitations, premiums and eligibility requirements for the Medicare supplement policy.

(d) In establishing medical insurance coverage for persons eligible for coverage under ORS 735.615 (1)(d), the board shall consider the levels of medical insurance provided in this state and medical economic factors identified by the board. The board may adopt rules to establish benefit levels, deductibles, coinsurance factors, exclusions and limitations to create benefit plans that qualify the person for the credit for health insurance costs under section 35 of the federal Internal Revenue Code, as amended and in effect on December 31, 2004.

(4)(a) Premiums charged for coverages issued by the board may not be unreasonable in relation to the benefits provided, the risk experience and the reasonable expenses of providing the coverage.

(b) Separate schedules of premium rates based on age and geographical location may apply for individual risks.

(c) The board shall determine the applicable medical and portability risk rates either by calculating the average rate charged by insurers offering coverages in the state comparable to the pool coverage or by using reasonable actuarial techniques. The risk rates shall reflect anticipated experience and expenses for such coverage. Rates for pool coverage may not be more than 125 percent of rates established as applicable for medically eligible individuals or for persons eligible for pool coverage under ORS 735.615 (1)(d), or 100 percent of rates established as applicable for portability eligible individuals.

(d) The board shall annually determine adjusted benefits and premiums. The adjustments shall be in keeping with the purposes of ORS 735.600 to 735.650, subject to a limitation of keeping pool losses under one percent of the total of all medical insurance premiums, subscriber contract charges and 110 percent of all benefits paid by member self-insurance arrangements. The board may determine the total number of persons that may be enrolled for coverage at any time and may permit and prohibit enrollment in order to maintain the number authorized. Nothing in this paragraph authorizes the board to prohibit enrollment for any reason other than to control the number of persons in the pool.

(5)(a) The board may apply:

(A) A waiting period of not more than 90 days during which the person has no available coverage; or

(B) Except as provided in paragraph (c) of this subsection, a preexisting conditions provision of not more than six months from the effective date of coverage under the pool.
(b) In determining whether a preexisting conditions provision applies to an eligible enrollee, except as provided in this subsection, the board shall credit the time the eligible enrollee was covered under a previous health benefit plan if the previous health benefit plan was continuous to a date not more than 63 days prior to the effective date of the new coverage under the Oregon Medical Insurance Pool, exclusive of any applicable waiting period. The Oregon Medical Insurance Pool Board need not credit the time for previous coverage to which the insured or dependent is otherwise entitled under this subsection with respect to benefits and services covered in the pool coverage that were not covered in the previous coverage.

(c) The board may adopt rules applying a preexisting conditions provision to a person who is eligible for coverage under ORS 735.615 (1)(d).

(d) For purposes of this subsection, a “preexisting conditions provision” means a provision that excludes coverage for services, charges or expenses incurred during a specified period not to exceed six months following the insured’s effective date of coverage, for a condition for which medical advice, diagnosis, care or treatment was recommended or received during the six-month period immediately preceding the insured’s effective date of coverage.

(6)(a) Benefits otherwise payable under pool coverage shall be reduced by all amounts paid or payable through any other health insurance, or self-insurance arrangement, and by all hospital and medical expense benefits paid or payable under any workers’ compensation coverage, automobile medical payment or liability insurance whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any state or federal law or program except the Medicaid portion of the Oregon Medical Insurance Pool Board need not credit the time for previous coverage to which the insured or dependent is otherwise entitled under this subsection with respect to benefits and services covered in the pool coverage that were not covered in the previous coverage.

(b) The board shall have a cause of action against an eligible person for the recovery of the amount of benefits paid which are not for covered expenses. Benefits due from the pool may be reduced or refused as a setoff against any amount recoverable under this paragraph.

(7) Except as provided in ORS 735.616, no mandated benefit statutes apply to pool coverage under ORS 735.600 to 735.650.

(8) Pool coverage may be furnished through a health care service contractor or such alternative delivery system as will contain costs while maintaining quality of care.

SECTION 1121. ORS 735.630 is amended to read:

735.630. Neither participation in the pool as members, the establishment of rates, forms or procedures, nor any other action taken in the performance of the powers and duties under ORS 735.600 to 735.650 shall be the basis of any legal action, criminal or civil liability or penalty against the Oregon Medical Insurance Pool Board, any members, the Director of the Oregon State Board of Health or any of their agents or employees.

NOTE: Section 1122 was deleted by amendment. Subsequent sections were not renumbered.

SECTION 1123. ORS 735.701 is amended to read:

SECTION 1136. ORS 743.737 is amended to read:

743.737. Health benefit plans covering small employers shall be subject to the following provisions:

(1) A preexisting conditions provision in a small employer health benefit plan shall apply only to a condition for which medical advice, diagnosis, care or treatment was recommended or received during the six-month period immediately preceding the enrollment date of an enrollee or late enrollee. As used in this section, the enrollment date of an enrollee shall be the earlier of the effective date of coverage or the first day of any required group eligibility waiting period and the enrollment date of a late enrollee shall be the effective date of coverage.

(2) A preexisting conditions provision in a small employer health benefit plan shall terminate its effect as follows:

(a) For an enrollee, not later than the first of the following dates:
   (A) Six months following the enrollee’s effective date of coverage; or
   (B) Ten months following the start of any required group eligibility waiting period.

(b) For a late enrollee, not later than 12 months following the late enrollee’s effective date of coverage.

(3) In applying a preexisting conditions provision to an enrollee or late enrollee, except as provided in this subsection, all small employer health benefit plans shall reduce the duration of the provision by an amount equal to the enrollee’s or late enrollee’s aggregate periods of creditable coverage if the most recent period of creditable coverage is ongoing or ended within 63 days of the enrollment date in the new small employer health benefit plan. The crediting of prior coverage in accordance with this subsection shall be applied without regard to the specific benefits covered during the prior period. This subsection does not preclude, within a small employer health benefit plan, application of:

(a) An affiliation period that does not exceed two months for an enrollee or three months for a late enrollee; or

(b) An exclusion period for specified covered services, as established by the Health Insurance Reform Advisory Committee, applicable to all individuals enrolling for the first time in the small employer health benefit plan.

(4) Late enrollees may be excluded from coverage for up to 12 months or may be subjected to a preexisting conditions provision for up to 12 months. If both an exclusion from coverage period and a preexisting conditions provision are applicable to a late enrollee, the combined period shall not exceed 12 months.

(5) Each small employer health benefit plan shall be renewable with respect to all eligible enrollees at the option of the policyholder, small employer or contract holder except:

(a) For nonpayment of the required premiums by the policyholder, small employer or contract holder.

(b) For fraud or misrepresentation of the policyholder, small employer or contract holder or, with respect to coverage of individual enrollees, the enrollees or their representatives.
(c) When the number of enrollees covered under the plan is less than the number or percentage of enrollees required by participation requirements under the plan.

(d) For noncompliance with the small employer carrier’s employer contribution requirements under the health benefit plan.

(e) When the carrier discontinues offering or renewing, or offering and renewing, all of its small employer health benefit plans in this state or in a specified service area within this state. In order to discontinue plans under this paragraph, the carrier:
   (A) Must give notice of the decision to the Director of the Department of Consumer and Business Services and to all policyholders covered by the plans;
   (B) May not cancel coverage under the plans for 180 days after the date of the notice required under subparagraph (A) of this paragraph if coverage is discontinued in the entire state or, except as provided in subparagraph (C) of this paragraph, in a specified service area;
   (C) May not cancel coverage under the plans for 90 days after the date of the notice required under subparagraph (A) of this paragraph if coverage is discontinued in a specified service area because of an inability to reach an agreement with the health care providers or organization of health care providers to provide services under the plans within the service area; and
   (D) Must discontinue offering or renewing, or offering and renewing, all health benefit plans issued by the carrier in the small employer market in this state or in the specified service area.

(f) When the carrier discontinues offering and renewing a small employer health benefit plan in a specified service area within this state because of an inability to reach an agreement with the health care providers or organization of health care providers to provide services under the plan within the service area. In order to discontinue a plan under this paragraph, the carrier:
   (A) Must give notice to the director and to all policyholders covered by the plan;
   (B) May not cancel coverage under the plan for 90 days after the date of the notice required under subparagraph (A) of this paragraph; and
   (C) Must offer in writing to each small employer covered by the plan, all other small employer health benefit plans that the carrier offers in the specified service area. The carrier shall issue any such plans pursuant to the provisions of ORS 743.733 to 743.737. The carrier shall offer the plans at least 90 days prior to discontinuation.

(g) When the carrier discontinues offering or renewing, or offering and renewing, a health benefit plan for all small employers in this state or in a specified service area within this state, other than a plan discontinued under paragraph (f) of this subsection. With respect to plans that are being discontinued, the carrier must:
   (A) Offer in writing to each small employer covered by the plan, all health benefit plans that the carrier offers in the specified service area.
   (B) Issue any such plans pursuant to the provisions of ORS 743.733 to 743.737.
   (C) Offer the plans at least 90 days prior to discontinuation.
   (D) Act uniformly without regard to the claims experience of the affected policyholders or the health status of any current or prospective enrollee.

(h) When the director orders the carrier to discontinue coverage in accordance with procedures specified or approved by the director upon finding that the continuation of the coverage would:
   (A) Not be in the best interests of the enrollees; or
   (B) Impair the carrier’s ability to meet contractual obligations.

(i) When, in the case of a small employer health benefit plan that delivers covered services through a specified network of health care providers, there is no longer any enrollee who lives, resides or works in the service area of the provider network.

(j) When, in the case of a health benefit plan that is offered in the small employer market only through one or more bona fide associations, the membership of an employer in the association ceases and the termination of coverage is not related to the health status of any enrollee.

(k) For misuse of a provider network provision. As used in this paragraph, “misuse of a provider network provision” means a disruptive, unruly or abusive action taken by an enrollee that threatens the physical health or well-being of health care staff and seriously impairs the ability of the carrier
or its participating providers to provide services to an enrollee. An enrollee under this paragraph retains the rights of an enrollee under ORS 743.804.

(L) A small employer carrier may modify a small employer health benefit plan at the time of coverage renewal. The modification is not a discontinuation of the plan under paragraphs (e) and (g) of this subsection.

(6) Notwithstanding any provision of subsection (5) of this section to the contrary, any small employer carrier health benefit plan subject to the provisions of ORS 743.733 to 743.737 may be rescinded by a small employer carrier for fraud, material misrepresentation or concealment by a small employer and the coverage of an enrollee may be rescinded for fraud, material misrepresentation or concealment by the enrollee.

(7) A small employer carrier may continue to enforce reasonable employer participation and contribution requirements on small employers applying for coverage. However, participation and contribution requirements shall be applied uniformly among all small employer groups with the same number of eligible employees applying for coverage or receiving coverage from the small employer carrier. In determining minimum participation requirements, a carrier shall count only those employees who are not covered by an existing group health benefit plan, Medicaid, Medicare, CHAMPUS, Indian Health Service or a publicly sponsored or subsidized health plan, including but not limited to the [Oregon Health Plan] medical assistance program under ORS chapter 414.

(8) Premium rates for small employer health benefit plans shall be subject to the following provisions:

(a) Each small employer carrier issuing health benefit plans to small employers must file its geographic average rate for a rating period with the director at least once every 12 months.

(b)(A) The premium rates charged during a rating period for health benefit plans issued to small employers may not vary from the geographic average rate by more than 50 percent on or after January 1, 2008, except as provided in subparagraph (D) of this paragraph.

(B) The variations in premium rates described in subparagraph (A) of this paragraph shall be based solely on the factors specified in subparagraph (C) of this paragraph. A small employer carrier may elect which of the factors specified in subparagraph (C) of this paragraph apply to premium rates for small employers. The factors that are based on contributions or participation may vary with the size of the employer. All other factors must be applied in the same actuarially sound way to all small employers.

(C) The variations in premium rates described in subparagraph (A) of this paragraph may be based on one or more of the following factors:

(i) The ages of enrolled employees and their dependents;

(ii) The level at which the small employer contributes to the premiums payable for enrolled employees and their dependents;

(iii) The level at which eligible employees participate in the health benefit plan;

(iv) The level at which enrolled employees and their dependents engage in tobacco use;

(v) The level at which enrolled employees and their dependents engage in health promotion, disease prevention or wellness programs;

(vi) The period of time during which a small employer retains uninterrupted coverage in force with the same small employer carrier; and

(vii) Adjustments to reflect the provision of benefits not required to be covered by the basic health benefit plan and differences in family composition.

(D)(i) The premium rates determined in accordance with this paragraph may be further adjusted by a small employer carrier to reflect the expected claims experience of a small employer, but the extent of this adjustment may not exceed five percent of the annual premium rate otherwise payable by the small employer. The adjustment under this subparagraph may not be cumulative from year to year.

(ii) Except for small employers with 25 or fewer employees, the premium rates adjusted under this subparagraph are not subject to the provisions of subparagraph (A) of this paragraph.
(E) A small employer carrier shall apply the carrier’s schedule of premium rate variations as approved by the Director of the Department of Consumer and Business Services and in accordance with this paragraph. Except as otherwise provided in this section, the premium rate established for a health benefit plan by a small employer carrier shall apply uniformly to all employees of the small employer enrolled in that plan.

(c) Except as provided in paragraph (b) of this subsection, the variation in premium rates between different small employer health benefit plans offered by a small employer carrier must be based solely on objective differences in plan design or coverage and must not include differences based on the risk characteristics of groups assumed to select a particular health benefit plan.

(d) A small employer carrier may not increase the rates of a health benefit plan issued to a small employer more than once in a 12-month period. Annual rate increases shall be effective on the plan anniversary date of the health benefit plan issued to a small employer. The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(A) The percentage change in the geographic average rate measured from the first day of the prior rating period to the first day of the new period; and

(B) Any adjustment attributable to changes in age, except an additional adjustment may be made to reflect the provision of benefits not required to be covered by the basic health benefit plan and differences in family composition.

(e) Premium rates for health benefit plans shall comply with the requirements of this section.

(9) In connection with the offering for sale of any health benefit plan to a small employer, each small employer carrier shall make a reasonable disclosure as part of its solicitation and sales materials of:

(a) The full array of health benefit plans that are offered to small employers by the carrier;

(b) The authority of the carrier to adjust rates, and the extent to which the carrier will consider age, family composition and geographic factors in establishing and adjusting rates;

(c) Provisions relating to renewability of policies and contracts; and

(d) Provisions affecting any preexisting conditions provision.

(10)(a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial practices and are in accordance with sound actuarial principles.

(b) Each small employer carrier shall file with the director at least once every 12 months an actuarial certification that the carrier is in compliance with ORS 743.733 to 743.737 and that the rating methods of the small employer carrier are actuarially sound. Each such certification shall be in a uniform form and manner and shall contain such information as specified by the director. A copy of such certification shall be retained by the small employer carrier at its principal place of business.

(c) A small employer carrier shall make the information and documentation described in paragraph (a) of this subsection available to the director upon request. Except as provided in ORS 743.018 and except in cases of violations of ORS 743.733 to 743.737, the information shall be considered proprietary and trade secret information and shall not be subject to disclosure by the director to persons outside the Department of Consumer and Business Services except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction.

(11) A small employer carrier shall not provide any financial or other incentive to any insurance producer that would encourage the insurance producer to market and sell health benefit plans of the carrier to small employer groups based on a small employer group’s anticipated claims experience.

(12) For purposes of this section, the date a small employer health benefit plan is continued shall be the anniversary date of the first issuance of the health benefit plan.

(13) A small employer carrier must include a provision that offers coverage to all eligible employees and to all dependents to the extent the employer chooses to offer coverage to dependents.
(14) All small employer health benefit plans shall contain special enrollment periods during which eligible employees and dependents may enroll for coverage, as provided in 42 U.S.C. 300gg as amended and in effect on July 1, 1997.
