427.007. [(1) *The Legislative Assembly finds and declares that a significant number of persons with intellectual disabilities or other developmental disabilities currently reside in state-operated hospitals and training centers or lack needed services simply because appropriate community-based services, including residential facilities, day programs, home care and other support, care and training programs, do not exist. The Legislative Assembly further finds that families are the major providers of support, care, training and other services to their members with intellectual disabilities or other developmental disabilities who live at home, and many of these families experience exceptionally high financial outlays and extraordinary physical and emotional challenges due to the unavailability of appropriate family support services. Such services pertain to the needs of the person with a disability, the needs of other family members related to their care-giving and nurturing capacity, and specialized needs for environmental accommodation to reduce dependency of the family member with an intellectual disability or another developmental disability. Therefore, the Department of Human Services is directed to facilitate the development of appropriate community-based services, including family support, residential facilities, day programs, home care and other necessary support, care and training programs, in an orderly and systematic manner. The role of state-operated hospitals and training centers in Oregon shall be*

as specialized back-up facilities to a primary system of community-based services for persons with intellectual disabilities or other developmental disabilities.]

(1)(a) Individuals with intellectual and other developmental disabilities and society as a whole benefit when the individuals exercise choice and self-determination, living and working in the most integrated community settings appropriate to their needs, with supportive services that are designed and implemented consistent with the choice of the individuals regarding services, providers, goals and activities. Individuals with developmental disabilities, together with their families and advocates, must play a major role in the planning, designing, funding, operation and monitoring of community services. These services should be ultimately focused on the outcomes of independence, integration and productivity.

(b) The employment of individuals with developmental disabilities in fully integrated work settings is the highest priority over unemployment, segregated employment, facility-based employment or day habilitation.

(c) Support for families with children who have developmental disabilities must be based upon principles of choice and self-determination, with families receiving the support they need to support their children at home. If a child with a developmental disability cannot remain safely at home even with supportive services, the child should live in a family-like setting with the ability to remain closely connected to the child's family.

(d) Therefore, the Department of Human Services is directed to facilitate, provide or contract for appropriate community-based services, including family support, residential facilities, day programs, home care and other necessary support, care and training programs, in an orderly and systematic manner.

(2) In carrying out the directive in subsection (1) of this section, the department shall develop a biennial plan in conjunction with the budgeting process for review by each Legislative Assembly. In developing this plan, the department shall meet with and consider the input of representatives from the following constituencies: Consumer organizations, parent-family organizations, advocacy organizations, unions representing *[workers in state-operated hospitals and training centers,]* **personal support workers and adult foster home providers**, community provider organizations, state and local education officials and community *[mental health departments or]* **developmental disabilities** programs. Such plans shall include, where appropriate:

[(a) Proposals for the decrease in the number of persons with intellectual disabilities or other developmental disabilities to be served in state-operated hospitals and training centers at a steady and planned rate until such time that the Legislative Assembly shall determine that each person served in programs or facilities operated or supported by the department is being served according to the best contemporary professional practices in the least restrictive environment, with preference given to the community-based setting over the institutional. However, no person shall be moved from any facility until a comprehensive assessment of the person's medical, treatment, training and support service needs has been completed, the move determined to be in the person's best interest and appropriate service alternatives procured.]

*[(b) (a) Proposals for the orderly development of community-based services, including family support, residential facilities, day programs, home care and other necessary support, care and training programs, to accommodate persons [coming out of state-operated hospitals and training centers] **eligible for and needing developmental disability services** and to serve persons already in the community waiting for services. The proposals [shall include services developed for persons in the community waiting for services that are at least equal in number to those services developed for those coming out of state-operated hospitals and training centers, and] shall include services for [all] persons who are leaving the public education system[, in order to further prevent unnecessary institutionalization of persons with intellectual disabilities or other developmental disabilities]. Funding for these services shall be commensurate with individual need. These proposals may include provisions for an array of both publicly and privately operated services and shall include specific implementation plans requiring that new services developed are designed to significantly increase the*

independence, productivity and integration into the community of persons with intellectual disabilities or other developmental disabilities.

[c] (b) Proposals for the location of community-based services for persons with intellectual disabilities or other developmental disabilities in proximity to family, friends, supportive services and home communities whenever possible.

(3) In further carrying out the directive in subsection (1) of this section, the department shall develop monitoring and evaluation systems *[which]* **that** ensure competent management, program quality and cost-effectiveness of community-based services. Such systems shall include, where appropriate:

(a) A comprehensive system of *[case management which assures]* **service coordination that ensures** an orderly movement of persons with intellectual disabilities or other developmental disabilities *[from state-operated hospitals and training centers to community-based services, and]* between community-based service alternatives, and *[assures]* **ensures** an effective system of service delivery to persons with intellectual disabilities or other developmental disabilities living in the community, based on individualized planning and close cooperation with consumers, families and guardians.

[(b) An annual progress assessment of every person with an intellectual disability or another developmental disability served in programs or facilities operated or supported by the department. This assessment shall measure the degree to which a family with a member with an intellectual disability or another developmental disability demonstrates enhanced care-giving and nurturing capacities, and the degree to which the independence, productivity and integration into the community of each person with an intellectual disability or another developmental disability has been increased as a result of receiving such services. The overall results of these assessments shall annually be aggregated and analyzed for each program or facility operated or supported by the department, and shall be made available for public inspection and review by the Legislative Assembly.]

[c] (b) *[The development of]* Specific standards for each component within the array of services[,] for persons with intellectual disabilities or other developmental disabilities, either operated or supported by the department *[and assure]*, **that ensure** the competent management, program quality and cost-effectiveness of such services.

(4) Subject to available funds, the department shall ensure that each family with a member with an intellectual disability or another developmental disability has access to family support services, and that each person with an intellectual disability or another developmental disability living in the community, including those leaving the public education system, has access to community-based services necessary to enable the person to strive to achieve independence, productivity and integration. Specific services proposed for the person shall be identified in an individual *[habilitation]* **support** plan or in a family support service plan.

(5) Subject to available funds, the department shall determine the content of individual *[habilitation]* **support** plans and family support service plans, and the process whereby such plans are developed and updated.

[(6) The department shall establish grievance procedures for mediation of disputes concerning eligibility for or appropriateness of services in individual cases.]

SECTION 5. ORS 427.104 is amended to read:

427.104. The Department of Human Services, with funds appropriated for that purpose by the legislature, *[shall establish and operate a Developmental Disability Diagnosis and Evaluation Service for people with intellectual disabilities or other developmental disabilities. The Developmental Disability Diagnosis and Evaluation Service shall provide all or part of diagnostic evaluations, as defined in ORS 427.105, when complete evaluations are not available through community developmental disabilities programs, and the Developmental Disability Diagnosis and Evaluation Service]* shall:

(1) Contract with each community developmental disabilities program to determine the eligibility of individuals to receive developmental disability services;

[(1)] **(2) Provide consultation and training to community developmental disabilities programs in [the development of local diagnosis and evaluation services] determining eligibility for developmental disability services;**

[2] (3) Develop and periodically revise [*department standards and procedures for diagnosis and evaluation*] **rules for determining eligibility for developmental disability services;**

[3] (4) Coordinate diagnostic evaluations statewide to minimize duplication of tests and examinations; **and**

[4] *Approve applications for admission to a state training center;*

[5] *Provide necessary information to the State Training Center Review Board when a decision of the Developmental Disability Diagnosis and Evaluation Service regarding admission to a state training center is appealed by the person, the parents or legal guardian of the person;*

[6] (5) Provide consultation to appropriate agencies and individuals regarding persons evaluated to **receive developmental disability services.**]; *and*]

SECTION 6. ORS 427.105 is amended to read:

427.105. (1) Pursuant to rules of the Department of Human Services, a diagnostic evaluation [*shall*] **conducted to determine eligibility for developmental disability services may** include, but **is** not [*be*] limited to, the following:

(a) A social history;

(b) A psychological evaluation, including an appropriate individual test of intellectual capacity, an academic achievement test, a social development assessment and an adaptive behavior assessment; **and**

(c) A medical evaluation including, **if practicable**, prenatal, natal, early postnatal and other past and family history. [*a complete physical examination including tests of visual function, and any specialized examinations necessary;*]

[*d*] *A speech and hearing screening; and*]

(2) The diagnostic evaluation shall also attempt to determine the existence of [*related conditions such as*] **a developmental disability, such as an intellectual disability**, epilepsy, cerebral palsy,] **or** autism, and specific learning disorders and to outline the most appropriate services for the treatment and training of the person, whether those services are immediately available or not.

(3) A facility approved by the department to conduct diagnostic evaluations may contract with qualified persons to perform components of the evaluation.

SECTION 7. ORS 427.215 is amended to read:

427.215. For the purposes of ORS [*427.061 and*] 427.235 to 427.290, a person with an intellectual disability is in need of commitment for residential care, treatment and training if the person is either:

(1) Dangerous to self or others; or

(2) Unable to provide for the person's basic personal needs and not receiving care as is necessary for the health, safety or habilitation of the person.

SECTION 8. ORS 427.235 is amended to read:

427.235. (1) Any two persons may notify the court having probate jurisdiction for the county or the circuit court, if it is not the probate court but its jurisdiction has been extended to include commitment of a person with an intellectual disability under ORS 3.275, that a person within the county has an intellectual disability and is in need of commitment for residential care, treatment and training. Such notice shall be in writing and sworn to before an officer qualified to administer an oath and shall set forth the facts sufficient to show the need for investigation. The circuit court shall forward notice to the community developmental disabilities program director in the county if it finds the notice sufficient to show the need for investigation. The director or the designee of the director shall immediately investigate to determine whether the person has an intellectual disability and is in need of commitment for residential care, treatment and training. [*However, if the petition for commitment is from a state training center, the duties of the community developmental disabilities program director under ORS 427.235 to 427.290 shall be the responsibility of the superintendent of the state training center or the designee of the superintendent.*]

(2) Any person who acts in good faith shall not be held civilly liable for making of the notification under subsection (1) of this section.

(3) Any investigation conducted by the community developmental disabilities program director or the designee of the director under subsection (1) of this section shall commence with an interview or examination of the person alleged to have an intellectual disability, where possible, in the home of the person or other place familiar to the person. Further investigation if warranted shall include a diagnostic evaluation as [defined] **described** in ORS 427.105 and may also include interviews with the person's relatives, neighbors, teachers and physician. The investigation shall also determine if any alternatives to commitment are available. The investigator shall also determine and recommend to the court whether the person is incapacitated and in need of a guardian or conservator.

(4) The investigation report shall be submitted to the court within 30 days of receipt of notice from the court. A copy of the investigation report and diagnostic evaluation, if any, shall also be made available to the [*Developmental Disability Diagnosis and Evaluation Service*] **Department of Human Services** and to the person alleged to have an intellectual disability and, if the person is a minor or incapacitated, to the parents or guardian of the person as soon as possible after its completion but in any case prior to a hearing held under ORS 427.245.

(5) Any person conducting an evaluation or investigation under this section shall in no way be held civilly liable for conducting the investigation or performing the diagnostic evaluation.

(6) If requested by a person conducting an investigation under this section, a physician who has examined the person alleged to have an intellectual disability may, with patient authorization or in response to a court order, provide any relevant information the physician has regarding the person alleged to have an intellectual disability.

SECTION 9. ORS 427.290 is amended to read:

427.290. After hearing all of the evidence, and reviewing the findings of the investigation and other examiners, the court shall determine whether the person has an intellectual disability and because of the intellectual disability is either dangerous to self or others or is unable to provide for the personal needs of the person and is not receiving care as is necessary for the health, safety or habilitation of the person. If in the opinion of the court the person is not in need of commitment for residential care, treatment and training, the person shall be discharged. If in the opinion of the court the person has, by clear and convincing evidence, an intellectual disability and is in need of commitment for residential care, treatment and training, the court may order as follows:

(1) If the person can give informed consent and is willing and able to participate in treatment and training on a voluntary basis, and the court finds that the person will do so, the court shall order release of the person and dismiss the case.

(2) If a relative, a friend or legal guardian of the person requests that the relative, friend or legal guardian be allowed to care for the person for a period of one year in a place satisfactory to the court and shows that the relative, friend or legal guardian is able to care for the person and that there are adequate financial resources available for the care of the person, the court may commit the person and order that the person be conditionally released and placed in the care and custody of the relative, friend or legal guardian. The order may be revoked and the person committed to the Department of Human Services for the balance of the year whenever, in the opinion of the court, it is in the best interest of the person.

(3) If in the opinion of the court voluntary treatment and training or conditional release is not in the best interest of the person, the court may order the commitment of the person to the department for care, treatment or training. The commitment shall be for a period not to exceed one year with provisions for continuing commitment pursuant to ORS [427.020] **427.235 to 427.290**.

(4) If in the opinion of the court the person may be incapacitated, the court may appoint a legal guardian or conservator pursuant to ORS chapter 125. The appointment of a guardian or conservator shall be a separate order from the order of commitment.

The department shall define "medical emergency" by rule, including but not limited to an increase in the level of needed care or the person engaging in a behavior that poses an imminent danger to self or others.**

(c) **Except in a medical emergency, the person has the right to an administrative hearing prior to an involuntary transfer or discharge. ORS 441.605 (4) and the department's rules governing transfer notices and hearings for residents of long term care facilities apply to a transfer or discharge under this section. If the person is being transferred or discharged for a medical emergency, the hearing must be held no later than seven days after the transfer or discharge. The department shall maintain a space in the facility for the person pending the administrative order.**

(3) The department, pursuant to its rules, may delegate to a community developmental disabilities program director the responsibility for assignment of persons with intellectual disabilities to suitable facilities or transfer between such facilities under conditions *[which]* **that** the department may define. *[Any voluntary client or resident shall be released from the treating or training facility*

This subsection applies to written accounts maintained in or by facilities of the Department of Corrections only to the extent that the written accounts concern the medical, dental or psychiatric treatment as patients of those under the jurisdiction of the Department of Corrections.

(3) If the individual or a personal representative of the individual provides an authorization, the content of any written account referred to in subsection (2) of this section must be disclosed accordingly, if the authorization is in writing and is signed and dated by the individual or the personal representative of the individual and sets forth with specificity the following:

(4) The content of any written account referred to in subsection (2) of this section may be disclosed without an authorization:

(a) To any person to the extent necessary to meet a medical emergency.

(6) The content of any written account referred to in subsection (2) of this section and held by a health care services provider currently engaged in the treatment of an individual may be disclosed

to officers or employees of that provider, its agents or cooperating health care services providers who are currently acting within the official scope of their duties to evaluate treatment programs, to diagnose or treat or to assist in diagnosing or treating an individual when the written account is to be used in the course of diagnosing or treating the individual. Nothing in this subsection prevents the transfer of written accounts referred to in subsection (2) of this section among health care services providers, the Department of Human Services, the Department of Corrections, the Oregon Health Authority or a local correctional facility when the transfer is necessary or beneficial to the treatment of an individual.

(7) When an action, suit, claim, arbitration or proceeding is brought under ORS 34.105 to 34.240 or 34.310 to 34.730 and involves a claim of constitutionally inadequate medical care, diagnosis or treatment, or is brought under ORS 30.260 to 30.300 and involves the Department of Corrections or an institution operated by the department, nothing in this section prohibits the disclosure of any written account referred to in subsection (2) of this section to the Department of Justice, Oregon Department of Administrative Services, or their agents, upon request, or the subsequent disclosure to a court, administrative hearings officer, arbitrator or other administrative decision maker.

(8)(a) When an action, suit, claim, arbitration or proceeding involves the Department of Human Services, the Oregon Health Authority or an institution operated by the [department or] authority, nothing in this section prohibits the disclosure of any written account referred to in subsection (2) of this section to the Department of Justice, Oregon Department of Administrative Services, or their agents.

(b) Disclosure of information in an action, suit, claim, nonlabor arbitration or proceeding is limited by the relevancy restrictions of ORS 40.010 to 40.585, 183.710 to 183.725, 183.745 and 183.750 and ORS chapter 183. Only written accounts of a plaintiff, claimant or petitioner shall be disclosed under this paragraph.

(9)(a) The copy of any written account referred to in subsection (2) of this section, upon written request of the individual or a personal representative of the individual, shall be disclosed to the individual or the personal representative of the individual within a reasonable time not to exceed five working days. The individual or the personal representative of the individual shall have the right to timely access to any written accounts.

(b) If the disclosure of psychiatric or psychological information contained in the written account would constitute an immediate and grave detriment to the treatment of the individual, disclosure may be denied, if medically contraindicated by the treating physician or a licensed health care professional in the written account of the individual.

(c) The Department of Corrections may withhold psychiatric or psychological information if:

(A) The information relates to an individual other than the individual seeking it.

(B) Disclosure of the information would constitute a danger to another individual.

(10) A health care services provider may require a person requesting disclosure of the contents of a written account under this section to reimburse the provider for the reasonable costs incurred in searching files, abstracting if requested and copying if requested. However, an individual or a personal representative of the individual may not be denied access to written accounts concerning the individual because of inability to pay.

(11) A written account referred to in subsection (2) of this section may not be used to initiate or substantiate any criminal, civil, administrative, legislative or other proceedings conducted by federal, state or local authorities against the individual or to conduct any investigations of the individual. If the individual, as a party to an action, suit or other judicial proceeding, voluntarily produces evidence regarding an issue to which a written account referred to in subsection (2) of this

section would be relevant, the contents of that written account may be disclosed for use in the proceeding.

(12) Information obtained in the course of diagnosis, evaluation or treatment of an individual that, in the professional judgment of the health care services provider, indicates a clear and immediate danger to others or to society may be reported to the appropriate authority. A decision not to disclose information under this subsection does not subject the provider to any civil liability. Nothing in this subsection may be construed to alter the provisions of ORS 146.750, 146.760, 419B.010, 419B.015, 419B.020, 419B.025, 419B.030, 419B.035, 419B.040 and 419B.045.

(13) The prohibitions of this section apply to written accounts concerning any individual who has been treated by any health care services provider irrespective of whether or when the individual ceases to receive treatment.

(14) Persons other than the individual or the personal representative of the individual who are granted access under this section to the contents of a written account referred to in subsection (2) of this section may not disclose the contents of the written account to any other person except in accordance with the provisions of this section.

(15) Nothing in this section prevents the Department of Human Services or the Oregon Health Authority from disclosing the contents of written accounts in its possession to individuals or agencies with whom children in its custody are placed.

(16) The system described in ORS 192.517 (1) shall have access to records, as defined in ORS 192.515, as provided in ORS 192.517.

(17)(a) Except as provided in paragraph (b) of this subsection, a health care services provider must obtain an authorization from an individual or a personal representative of the individual to disclose psychotherapy notes.

(b) A health care services provider may use or disclose psychotherapy notes without obtaining an authorization from the individual or a personal representative of the individual to carry out the following treatment, payment and health care operations:

(A) Use by the originator of the psychotherapy notes for treatment;

(B) Disclosure by the health care services provider for its own training program in which students, trainees or practitioners in mental health learn under supervision to practice or improve their skills in group, joint, family or individual counseling; or

(C) Disclosure by the health care services provider to defend itself in a legal action or other proceeding brought by the individual or a personal representative of the individual.

(c) An authorization for the disclosure of psychotherapy notes may not be combined with an authorization for a disclosure of any other individually identifiable health information, but may be combined with another authorization for a disclosure of psychotherapy notes.

SECTION 56. ORS 179.509 is amended to read:

179.509. (1) The superintendent of each state institution shall submit quarterly reports on the number of deaths, including the ages of the deceased, the causes of death and the disposition of the remains, within the institution to the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority, as the case may be, having jurisdiction over the institution.

(2) The agencies shall compile the reports described in subsection (1) of this section and submit them quarterly to the offices of the President of the Senate and of the Speaker of the House of Representatives.

SECTION 57. ORS 179.610 is amended to read:

179.610. As used in ORS 179.610 to 179.770, unless the context requires otherwise:

(1) "Authorized representative" means an individual or entity appointed under authority of ORS chapter 125, as guardian or conservator of a person, who has the ability to control the person's finances, and any other individual or entity holding funds or receiving benefits or income on behalf of any person.

(2) "Care" means all services rendered **to a patient** by the state institutions as described in ORS 179.321 or by the [*Department of Corrections, Department of Human Services or Oregon Health*

Authority on behalf of those institutions] **Eastern Oregon Training Center.** These services include, but are not limited to, such items as medical care, room, board, administrative costs and other costs not otherwise excluded by law.

(3) “Decedent’s estate” has the meaning given “estate” in ORS 111.005 (15).

(4) “Person,” “person in a state institution” or “person at a state institution,” or any similar phrase, means an individual who is or has been at a state institution described in ORS 179.321 **or in the Eastern Oregon Training Center.**

(5) “Personal estate” means all income and benefits as well as all assets, including all personal and real property of a living person, and includes assets held by the person’s authorized representative and all other assets held by any other individual or entity holding funds or receiving benefits or income on behalf of any person.

SECTION 58. ORS 179.620 is amended to read:

179.620. (1) A person and the personal estate of the person, or a decedent’s estate, is liable for the full cost of care. Full cost of care is established according to ORS 179.701.

(2) While the person is liable for the full cost of care, the maximum amount a person is required to pay toward the full cost of care shall be determined according to the person’s ability to pay. Ability to pay is determined as provided in ORS 179.640.

(3) Upon the death of a person, the decedent’s estate shall be liable for any unpaid cost of care. The liability of the decedent’s estate is limited to the cost of care incurred on or after July 24, 1979. The decedent’s estate shall not include assets placed in trust for the person by other persons. Collection of any amount from a decedent’s estate shall be pursuant to ORS 179.740.

(4) Regardless of subsection (1) of this section and ORS 179.610 (5), assets held in trust by a trustee for a person are subject to laws generally applicable to trusts.

(5) Notwithstanding subsections (1) and (3) of this section, the Department of Corrections, the Department of Human Services and the Oregon Health Authority may not collect the cost of care from:

(a) Any assets received by or owing to a person and the personal estate of the person, or the decedent’s estate, as compensation from the state for injury, death or, if the collection is being made by the Department of Corrections, the false imprisonment of the person that occurred when the person was in a state institution listed in ORS 179.321 **or in the Eastern Oregon Training Center** and for which the state admits liability or is found liable through adjudication; and

(b) Any real or personal property of the personal estate of the person, or the decedent’s estate, that the person or an authorized representative of the person can demonstrate was purchased solely with assets referred to in paragraph (a) of this subsection or partially with such assets, to the extent such assets were used in the purchase.

SECTION 59. ORS 179.640 is amended to read:

179.640. (1)(a) The Department of Corrections[, *the Department of Human Services*] and the Oregon Health Authority shall establish rules for determining ability to pay for persons in their respective institutions. The rules adopted by each agency shall require, in addition to other relevant factors, consideration of the personal estate, the person’s need for funds for personal support after release, and the availability of third-party benefits such as, but not limited to, Medicare or private insurance. Each agency may also consider the probable length of stay at the state institution. Nothing in this section requires the Department of Corrections to investigate a person’s ability to pay or to issue an ability-to-pay order.

(b) When adopting rules under paragraph (a) of this subsection, the Department of Corrections shall consider the person’s needs for funds to pay for the support of the person’s children and to pay any monetary obligations imposed on the person as a result of the person’s conviction.

(2) In determining a person’s ability to pay, none of the agencies may consider as part of the personal estate of the person or the decedent’s estate:

(a) Any assets received by or owing to the person and the personal estate of the person, or the decedent’s estate, as compensation from the state for injury, death or, if the collection is being made by the Department of Corrections, the false imprisonment of the person that occurred when the

person was in a state institution listed in ORS 179.321 and for which the state admits liability or is found liable through adjudication; and

(b) Any real or personal property that the person or an authorized representative of the person can demonstrate was purchased solely with assets referred to in paragraph (a) of this subsection or partially with such assets, to the extent such assets were used in the purchase.

(3) A person and the authorized representative of the person, if any, shall provide all financial information requested by the agency that is necessary to determine the person's ability to pay. To determine ability to pay, the agency may use any information available to the agency, including information provided by the Department of Revenue from personal income tax returns pursuant to ORS 314.840, and elderly rental assistance claims. Upon request, the Department of Revenue shall release copies of tax returns to the agency. When the person or the person's authorized representative fails to provide evidence to demonstrate an inability to pay full cost of care, the agency may determine the person has the ability to pay the full cost of care.

(4) The agency shall provide actual notice to the person and any authorized representative, if known to the agency, of its determination by issuing an ability-to-pay order. The order shall state the person's full liability and the person's determined ability to pay. Actual notice means receipt by the person and the authorized representative of notice. The notice shall include a copy of the ability-to-pay order, a description of the person's appeal rights and the date upon which appeal rights terminate and state the address where a request for hearing may be mailed or delivered. At any time, the agency may reissue an ability-to-pay order to notify an authorized representative as provided by ORS 179.653 (4).

(5) At any time during the person's stay at the state institution or within 36 months from the date the person is released, if the agency receives new financial information that shows a change in the person's financial circumstances, the agency shall consider the changed circumstances and issue a new ability-to-pay order.

(6) Orders issued after the person is released may not require the person to make payments toward the cost of care for more than 36 consecutive months following release. However, the agency may collect beyond the 36-month period any payments that became due but were not paid within the 36 months following release. Any remaining balance of full cost of care shall be collected as provided in ORS 179.740.

(7) Notwithstanding ORS 183.315 (5), if a person or authorized representative disagrees with any ability-to-pay order issued pursuant to this section, the person or authorized representative may request a contested case hearing. To the extent practical, the hearing will be held at a location convenient to the person or the authorized representative. The request must be postmarked within 60 days from the date of the mailing of the ability-to-pay order. If the person or the authorized representative makes a timely request for a contested case hearing, the hearing and any appeal of the final hearing order shall be governed by ORS 183.413 to 183.497. If the person or the authorized representative fails to make a timely request for a contested case hearing, the ability-to-pay order shall be final and not subject to judicial review, except as subsequently modified by the agency as provided in subsection (5) of this section.

(8) On appeal, regardless of other information presented, payment of the full cost of care may be ordered if the person or the authorized representative refuses to produce financial information that the Hearings Officer or administrative law judge determines is relevant and must be produced.

SECTION 60. ORS 179.653 is amended to read:

179.653. (1) If any person or authorized representative refuses to pay for the cost of care as ordered by the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority under ORS 179.640, the amount unpaid plus interest shall be a lien in favor of the State of Oregon. The lien shall arise as each payment is due under the order and shall continue until the liability with interest is satisfied. The lien shall be upon the title to and interest in the real and personal property of the personal estate.

(2) Prior to the filing of a distraint warrant as provided in ORS 179.655 (2), the lien shall only be valid against:

- (a) Property of the person;
- (b) Assets held by any authorized representative bound by the ability-to-pay order; and
- (c) Assets subject to lien held by any person or entity having actual knowledge of the ability-to-pay order or the lien.

(3) Regardless of any other provision of law or statute that provides a procedure for establishing obligations, including the claim and payment provisions of ORS chapter 125, an authorized representative who has received notice and had an opportunity to request a contested case hearing shall comply with an ability-to-pay order upon demand by the agency. The agency may issue the demand any time after the order becomes final.

(4) An authorized representative who has not had an opportunity to request a contested case hearing, either because the authorized representative was not appointed at the time the ability-to-pay order became final, or was not given notice of the ability-to-pay order as required by ORS 179.640 (4), shall not be bound by the order of the agency. To bind the authorized representative, the ability-to-pay order must be reissued and notice provided to the authorized representative pursuant to ORS 179.640 (4). The authorized representative shall have the same appeal rights as if the order had originally been issued to the authorized representative. After the order becomes final, the authorized representative shall be bound as provided in subsection (3) of this section. The agency may not issue an execution of a lien or foreclose against property held by or in the control of the authorized representative until the authorized representative is bound by the order of the agency.

(5) An authorized representative who is a trustee shall only be bound to the extent that the final order specifically finds that the trust assets of a trust fund are subject to claim by the agency.

(6) If the authorized representative does not comply with the demand, the agency may file with the probate court a motion to require the authorized representative to comply. If the authorized representative is a conservator or guardian appointed under ORS chapter 125, the motion shall be filed in that proceeding. The motion shall be accompanied by an affidavit stating that the order is final, that demand has been made on the authorized representative and that the order has not been complied with.

(7) The authorized representative may object to the motion only on grounds that the order is not final, that the order is not binding on the authorized representative as provided in this section or that all required payments have been made. The objection must be by affidavit.

(8) If the authorized representative objects by affidavit, the court shall hear the motion. If the court determines that the ability-to-pay order is final and binding on the authorized representative and that all required payments have not been made, the court shall order the authorized representative to comply with the ability-to-pay order.

(9) If the authorized representative fails to object by affidavit within 15 days of the filing of the motion, the court shall order the authorized representative to comply with the order. An authorized representative who willfully fails or refuses to comply may be found in contempt of court and may be held personally responsible.

(10) Nothing in this section shall affect the requirement that the agency issue a new order in accordance with ORS 179.640 (5) if financial circumstances have changed.

SECTION 61. ORS 179.655 is amended to read:

179.655. (1) If any amount due the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority for the cost of care of a person is not paid within 30 days after it becomes due, and no provision is made to secure the payment by bond, deposit or otherwise, pursuant to rules adopted by the appropriate agency, the agency may issue a distraint warrant directed to any county of the state.

(2) After the receipt of the distraint warrant, the clerk of the county shall enter in the County Clerk Lien Record the name of the person, the amount for which the distraint warrant is issued and the date the distraint warrant is recorded. The amount of the distraint warrant shall become a lien upon the title to and interest in any property owned or later acquired by the debtor against whom it is issued, and it may be enforced by the agency in the same manner as a judgment of the circuit court.

(3) In the event that an ability-to-pay order issued under ORS 179.640 (4) or (5) becomes final, and supersedes a previous final ability-to-pay order on which a distraint warrant had been issued, the agency shall issue a new distraint warrant superseding the previous distraint warrant, and the lien shall conform to the new order.

(4) The agency may direct a copy of the distraint warrant to the sheriff of any county of the state commanding the sheriff to levy upon and sell the real and personal property of the taxpayer found within that county, for the payment of the amount due, with interest, collection charge and the sheriff's fee. The sheriff shall return the distraint warrant to the agency and pay to it the money collected not less than 60 days from the date the copy of the distraint warrant was directed to the sheriff.

(5) The agency may issue the directive provided in subsection (4) of this section to any agent of the agency. In executing the distraint warrant, the agent shall have the same powers conferred by law upon sheriffs. However, the agent is not entitled to any fee or compensation in excess of actual expenses incurred in the performance of this duty.

SECTION 62. ORS 179.660 is amended to read:

179.660. If the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority believes a person at one of its state institutions needs a guardian or conservator, or both, and one has not been appointed, the agency may request that the district attorney institute proper proceedings for this appointment in the court having probate jurisdiction. The county of which the person is a resident, or was a resident at the time of admittance, shall be the basis for determining the appropriate district attorney to be contacted.

SECTION 63. ORS 179.701 is amended to read:

179.701. (1) The cost-of-care rates for a person **who is or was in a state institution described in ORS 179.321** shall be determined by the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority, as appropriate. The rates established shall be reasonably related to current costs of the institutions as described in ORS 179.321. Current costs shall exclude costs of outpatient services as defined in ORS 430.010 and any other costs not directly related to the care for a person at a state institution.

(2) **The cost-of-care rates for a person who was a resident of the Eastern Oregon Training Center shall be determined by the Department of Human Services. The rates established shall be reasonably related to the costs to operate, control, manage and supervise the state training center at the time of the person's residency. The department must exclude costs of outpatient services as defined in ORS 430.010 and any other costs not directly related to the care of the person at the state training center.**

SECTION 64. ORS 179.711 is amended to read:

179.711. (1) Remittance of amounts due for care of persons at state institutions as provided in ORS 179.610 to 179.770 shall be made to the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority, as appropriate.

(2) The agency shall refund any unearned payment for the care of a person at a state institution where payment has been made in advance and the person dies or is discharged before the end of the period for which payment was made. Any refund shall be paid to the person, to the authorized representative of the person or to the decedent's estate if the person has died. All claims for refunds approved by the agency shall be paid as provided in ORS 293.295 to 293.462. Any amounts necessary for payment of refunds are appropriated from the money collected by that agency under the provisions of ORS 179.610 to 179.770.

SECTION 65. ORS 179.731 is amended to read:

179.731. If the Department of Corrections[, *the Department of Human Services*] or the Oregon Health Authority determines that collection of the amount payable under ORS 179.610 to 179.770 for the cost of care of a person would be detrimental to the best interests of the person or the agency, the agency may waive the collection of part or all of the amount otherwise payable.

SECTION 66. ORS 314.840, as amended by section 11, chapter 107, Oregon Laws 2012, is amended to read:

314.840. (1) The Department of Revenue may:

(a) Furnish any taxpayer, representative authorized to represent the taxpayer under ORS 305.230 or person designated by the taxpayer under ORS 305.193, upon request of the taxpayer, representative or designee, with a copy of the taxpayer's income tax return filed with the department for any year, or with a copy of any report filed by the taxpayer in connection with the return, or with any other information the department considers necessary.

(b) Publish lists of taxpayers who are entitled to unclaimed tax refunds.

(c) Publish statistics so classified as to prevent the identification of income or any particulars contained in any report or return.

(d) Disclose a taxpayer's name, address, telephone number, refund amount, amount due, Social Security number, employer identification number or other taxpayer identification number to the extent necessary in connection with collection activities or the processing and mailing of correspondence or of forms for any report, return or claim required in the administration of ORS 310.630 to 310.706, any local tax under ORS 305.620, or any law imposing a tax upon or measured by net income.

(2) The department also may disclose and give access to information described in ORS 314.835 to:

(a) The Governor of the State of Oregon or the authorized representative of the Governor[:]

[A] with respect to an individual who is designated as being under consideration for appointment or reappointment to an office or for employment in the office of the Governor. The information disclosed shall be confined to whether the individual:
