Vice President

Dear Senators Edwards, Olsen, Dembrow, Prozanski and Thomsen,

Kris Olson
Secretary

Recycling Advocates' Board and membership would like to convey our support for SB 245 that provides adequate and stable funding for materials management programs. The funding sources for Oregon's progressive programs to pursue sustainable materials management have been stagnant for too long. We recommend passing SB 245 to properly fund the state's needs.

Additionally, Recycling Advocates fully supports SB 263 that updates waste prevention and recycling requirements and goals and utilizes the latest techniques and broader criteria to determine status and success.

Best Regards,
