

Portland metro should not be able to dictate what goes on throughout the state. Not everyone lives in a condo in Portland.

Gun collectors and enthusiasts, buy, sell, trade between family members and friends.

WHAT IS THE PURPOSE OF THIS BILL. It will not do anything to prevent underground trade of illegal gun, by illegal people, by illegal means.

Why keep harassing the honest working folks.

The only purpose of this bill is requiring registration for all guns, more taxes and penalties.
