

I am opposed to Senate Bill 941. It is another attempt, once again, to detour the transfer of firearms in a legal manner. It already identifies exceptions that gives special privileges to some law abiding & responsible citizens & discriminates against others. The impact will only be to **NON** law enforcement citizens. Once again transforming an otherwise law abiding citizen into a criminal. It will **NOT** detour the transfer of firearms by the career criminals.

This is a bogus bill & should be stopped.

Sincerely,
Wayne Penton
