

Jeff Rhoades,

I am a resident of Milwaukie and have lived in Oregon all my life. I have never seen the usurpation that is taking place to rush this bill through without thorough public testimony and review of the bill. It is not an emergency!

It will not stop people who want to do harm from doing harm. The 2nd Amendment was for people to protect themselves.

STOP infringing on our rights!!!!

This is outrageous and will remain on the backs of the Democrats in this session and beyond.

This body of is not representing the people of this state!
