

Why is it that people like Mr. Prozanski insist on trampling our 2nd Amendment rights constantly when most of the people of Oregon have enjoyed these "Bill of Rights" all our lives and doing so "Honestly and Lawfully." They want to punish the lawful citizens and leave holes big enough to drive a car through for the criminals. It is this way always with Control Freaks. What they do is no different than if a person wants or wanted to trade a car off to someone or just give a car to someone whether it be family or friends and such. Cars are 99 percent more deadly than guns and every criminal and drunk and sober person on the road is a potential killer whether they intend it or not. I would like to see more sensible solutions implimented with much less confusion, cost to the public with their FRIVOLOUS ACTIONS ALONG WITH THE UNJUSTIFIED COSTS TO THE STATE WHICH IN TURN COSTS THE PUBLIC ULTIMATELY. USE YOUR HEADS PLEASE AND TRY TO BE MORE EFFECTIVE WITH OUR MONEY! My TAXES are plenty high enough already!

You cost the public much consternation with the rat maze you produce with your foolish notions and actions. That is not why you were voted into office and remember, you can be voted out if you continue on the path you seem to be stuck on. If money has not bought you than you need to revue your actions and thoughts and see if you can do better!

The Sheriffs of our state of Oregon are by a large percentage against this Bill and that is on record. They have told you what a farce it is in the recent past but that does not seem to deter you for some reason. That alone should wake you up as to the senseless money, time and unjust actions you cause the lawful people of our communities. Time, money and hard feelings are some of the results of your actions. I have never seen or heard of a gun hurting anyone yet in my life. It is the person pulling the trigger that does the damage. As i said above, there are millions of potential killers behind the wheel of every single automobiles across the world and each car you will pass on the road today is more deadly than the few in comparison that use a gun instead of a car to do what they will. I am 72 years spry and have had guns since i was seven years old being taught by my father how to handle the gun and always to be lawful and aware of what i was doing. When to load it, when not to carry a loaded piece and absolutely never to point it at any person period. Guns do not kill, PEOPLE DO! Got it??

I hope you come to realize that these (as i said above) FRIVOLOUS ACTIONS are producing nothing other than wasting time and money and

aggravating the lawful citizens of Oregon while the criminals are laughing at you and do as they will! Your actions do nothing to detract their agenda's!

**Sincerely.
Mr. G.Crane
