

Dear Members, I wish to voice my opposition to senate bill 941 This bill will only effect law abiding citizens of the State of Oregon. As we all know the criminal will do what they wish and the law abiding will suffer. Please use good judgment and not support this bill or any that may come forward like it. If this mandate would pass it could cause strong penalties or loss of our second amendment rights to our United States constution. This would be ineffective and un enforceable legislation. Please Do Not Support this bill. Don and Ruby Haynes 24425 S.W. Scholls Ferry road Hillsboro Oregon. 97123

Please DO NOT support S291 It is another bill that will only cause honest people more harassment and not accomplish anything to stop violence. Our world has become a more violent society. We don't like it but it is here. You can't legislate and stop it, I wish you could. Don't pass another bad bill like this one. Don and Ruby Haynes Hillsboro Oregon. Thanks please listen!
