#### **§ 3.1-796.137. Definitions**

As used in this chapter, unless the context requires a different meaning:

"Agricultural products" means any livestock, aquaculture, poultry, horticultural, floricultural, viticultural, silvicultural, or other farm crops.

"Agritourism activity" means any activity carried out on a farm or ranch that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities, including farming, wineries, ranching, historical, cultural, harvest-your-own activities, or natural activities and attractions. An activity is an agritourism activity whether or not the participant paid to participate in the activity.

"Agritourism professional" means any person who is engaged in the business of providing one or more agritourism activities, whether or not for compensation.

"Farm or ranch" means one or more areas of land used for the production, cultivation, growing, harvesting or processing of agricultural products.

"Inherent risks of agritourism activity" mean those dangers or conditions that are an integral part of an agritourism activity including certain hazards, including surface and subsurface conditions; natural conditions of land, vegetation, and waters; the behavior of wild or domestic animals; and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity.

"Participant" means any person, other than an agritourism professional, who engages in an agritourism activity.

#### **§ 3.1-796.138. Liability limited; liability actions prohibited**

A. Except as provided in subsection B, an agritourism professional is not liable for injury to or death of a participant resulting from the inherent risks of agritourism activities, so long as the warning contained in § 3.1-796.139 is posted as required and, except as provided in

subsection B, no participant or participant's representative is authorized to maintain an action against or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities; provided that in any action for damages against an agritourism professional for agritourism activity, the agritourism professional shall plead the affirmative defense of assumption of the risk of agritourism activity by the participant.

B. Nothing in subsection A shall prevent or limit the liability of an agritourism professional if the agritourism professional does any one or more of the following:

1. Commits an act or omission that constitutes negligence or willful or wanton disregard for the safety of the participant, and that act or omission proximately causes injury, damage, or death to the participant;
2. Has actual knowledge or reasonably should have known of a dangerous condition on the land or in the facilities or equipment used in the activity, or the dangerous propensity of a particular animal used in such activity and does not make the danger known to the participant, and the danger proximately causes injury, damage, or death to the participant; or
3. Intentionally injures the participant.

C. Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law.

### **§ 3.1-796.139. Warning required**

A. Every agritourism professional shall post and maintain signs that contain the warning notice specified in subsection B. The sign shall be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice shall consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, shall contain in clearly readable print the warning notice specified in subsection B.

B. The signs and contracts described in subsection A shall contain the following notice of warning:

"WARNING: Under Virginia law, there is no liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such injury or death results from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner

that may contribute to your injury or death. You are assuming the risk of participating in this agritourism activity."

C. Failure to comply with the requirements concerning warning signs and notices provided in this section shall prevent an agritourism professional from invoking the privileges of immunity provided by this chapter.

### **§ 15.2-2288.3. Licensed farm wineries; local regulation of certain activities**

A. It is the policy of the Commonwealth to preserve the economic vitality of the Virginia wine industry while maintaining appropriate land use authority to protect the health, safety, and welfare of the citizens of the Commonwealth, and to permit the reasonable expectation of uses in specific zoning categories. Local restriction upon such activities and events of farm wineries licensed in accordance with Title 4.1 to market and sell their products shall be reasonable and shall take into account the economic impact on the farm winery of such restriction, the agricultural nature of such activities and events, and whether such activities and events are usual and customary for farm wineries throughout the Commonwealth. Usual and customary activities and events at farm wineries shall be permitted without local regulation unless there is a substantial impact on the health, safety, or welfare of the public. No local ordinance regulating noise, other than outdoor amplified music, arising from activities and events at farm wineries shall be more restrictive than that in the general noise ordinance. In authorizing outdoor amplified music at a farm winery, the locality shall consider the effect on adjacent property owners and nearby residents.

B, C. Expired.

D. No locality may treat private personal gatherings held by the owner of a licensed farm winery who resides at the farm winery or on property adjacent thereto that is owned or controlled by such owner at which gatherings wine is not sold or marketed and for which no consideration is received by the farm winery or its agents differently from private personal gatherings by other citizens.

E. No locality shall regulate any of the following activities of a farm winery licensed in accordance with subdivision 5 of § 4.1-207:

1. The production and harvesting of fruit and other agricultural products and the manufacturing of wine;
2. The on-premises sale, tasting, or consumption of wine during regular business hours within the normal course of business of the licensed farm winery;
3. The direct sale and shipment of wine by common carrier to consumers in accordance with Title 4.1 and regulations of the Alcoholic Beverage Control Board;
4. The sale and shipment of wine to the Alcoholic Beverage Control Board, licensed wholesalers, and out-of-state purchasers in accordance with Title 4.1, regulations of the Alcoholic Beverage Control Board, and federal law;
5. The storage, warehousing, and wholesaling of wine in accordance with Title 4.1, regulations of the Alcoholic Beverage Control Board, and federal law; or
6. The sale of wine-related items that are incidental to the sale of wine.
