

I am very adamantly opposed to this stupid bill. When will you legislators see this only will effect the law abiding person in a very negative way. The criminal element does not care about laws. If they did we would not have problems with people with cars, knives, hammers, etc.A thug will get a gun knife or whatever if he wants it he will steal, kill or whatever. please do not pass this ridiculous gun bill. It is worse than stupid. Donald Haynes 24425 s.w. Scholl's ferry Hillsboro Or 97123 503 709 3752
