

Please, do not subject the innocent, law abiding gun owners to this new law (sb941). Why does our 2nd amendment liberty so bother you, which, as far as I understand, our Constitution is the Supreme Law of the Land, period.

This law does nothing to the criminal element whom will not honor or live by your law.

If you keep chopping away at our Constitution, what else will we lose...our liberty altogether?

Please vote against this legislation.

Thank You,

Rob Lovett
