

Dear Oregon House

I'm a licensed Oregon Security Officer and I do work on the streets in Portland protecting people and property. I'm 100% opposed to this anti-gun bill SB-941. This bill is nothing but an attempt by the Anti-gun, anti constitution Democratic party to register private firearms in a precursor to banning them completely. Face it this bill requires to leave paper work behind for the government to find out who owns firearms. Democrats like Sen Ginny Burdick and Rep Mitch Greenlick have stated they want to ban all guns in Oregon and this gives them a huge leap to do just that. This law has no exception to Oregon Security Officers. Many Oregon Department of Public Safety Standards and Training trainers have extra firearms around to use as tools for new Officers or Officer who cant afford firearms to train with. Having a Trainer go threw a FFL and its fee for every student will bankrupt them and thus end Private security in Oregon in the end. It also overburdens Law Enforcement Officers who need to go after violent criminals. Who with this will have to persecute gun owners instead of murderers, rapist, and violent attackers. But to Democrats like Ginny Burdick they hate gun owners and think they are worse to criminals, no because they harm any one but they are opposed to there leftist BIG government agenda. At the same time the NICS system has not stopped any mass murder. the Sandy Hook and Clackamas Town Center attackers all stole there firearms and so a background check would not have stopped them. many killers passed a background check before doing there criminal attacks. For example, Jared and Amanda Miller (Las Vegas), Aaron Ybarra (Seattle Pacific University), Elliot Rodger (Santa Barabara), Ivan Lopez (Fort Hood 2014), Darion Marcus Aguilar (Maryland mall), Karl Halverson Pierson (Arapahoe High School), Paul Ciancia (LAX), Aaron Alexis (DC Navy Yard), James Holmes (Aurora theater), Jared Loughner (Tucson), Nidal Hasan (Fort Hood 2009), and Naveed Haq (Seattle), all passed background checks for the firearms they used to commit their crimes. So this bill will do nothing but harass law abiding gun owners. This is more with ultra liberal interest from down town Portland not all of Oregon at all trying to implement Democratic Party's gun ban agenda.

For Republicans and Democrats who are not bought and sold by the far extremes of there party. And are not sold off by Michael Bloomberg.  
Oppose SB-941

Thank you for your time
