

Hello,

My name is Shelley Fleming of Newport, OR. I wish to submit testimony regarding SB941.

Regarding background checks: I got a background check done a couple of years ago. It took 5 months for the background check to be completed, so I could finally take my firearm home. Yes, that is five (5) months.

I was certainly not denied, but there was no reason given for that extended wait. The gun store owner said that my form had been placed on a deferral, or delay, or something similar (can't recall exact term). Again, the reason never supplied to me.

The logjam that will result if this is passed is going to be of epic proportions.
