

I am written in response to Oregonians being ignored by the Judiciary committee to stop Senate bill 941. You are a representative of Oregon and that means you represent the needs and desires of Oregonians and not a decision maker that decides what is best for Oregonians despite their outcries. SB 941 will not reduce crime, it will not make getting guns harder it will be a waste of time and effort and it will be impossible to enforce.

This is not the answer and I do not stand alone. It is important that you choose to NOT pass this bill, it will hurt law abiding citizens and it will cost tax payers money and it will be impossible to enforce and most important it will not stop criminals. You have county's opposing this law, law enforcement opposing this law, and hundreds of thousands of legal gun owners opposing this law. And even more if there was more than one day for public comments on SB 941.

You are not here to decide what is best for the people you represent but rather here to represent the people, and follow the constitution in its entirety. If this law was passed it would break your oath to uphold the constitution and represent the people.

At this point I would choose to point out a few key points that the **Senate Judiciary Committee choose to ignore during their effort to fast track this bill and effectively limit public comments the same way the house is attempting to do with only one day for public comments.**

**The consideration and further exploration of senate bill 941 is unconstitutional as reference within The United States Constitution.**

- ***The Constitution of These United States is the Supreme Law of the land.***
- **The Second Amendment to the Constitution of The United States of America states:**
  - **“A well-regulated Militia being necessary to the security of the Free State, the right of the people to keep and bear Arms, SHALL NOT BE INFRINGED”.**
- **The Ninth Amendment to the Constitution of the United States of America States:**
  - **“The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.” –Protects ancillary right that are closely related to the right to keep and bear arms protected by the Second Amendment: including the right to manufacture, transfer, buy and sell firearms, firearm accessories and ammunition.**

**My Point is simple that the representatives of the State of Oregon as well as the people of the United States are bound to follow and uphold the Constitutions listed above. It is your duty as a representative and as a citizen of the United States to oppose senate bill 941.**

I strongly oppose Senate Bill 941

Thank you for your time,
