

Dear Representatives:

If it weren't for the grace of God, I might be in ICU or the morgue today.

Coming out of a sporting goods store at closing time last week, I was accosted by two young men. One began peppering me with questions about what I had, what I was carrying. He asked me if I had any firearms, and if I was a good shot. The other stayed just out of my vision.

For some reason, they apparently decided that I wasn't worth robbing. Even though they had me outnumbered 2 to 1 in a deserted parking lot, and I had nothing to protect myself with, they let me go. It could as easily have gone the other way: they could have cracked me over the head and left me bleeding in that deserted parking lot, and I wouldn't be here today.

My message to you is simple: law abiding citizens don't need your stupid, intrusive, unworkable SB 941. We need protection -- from the predators who threaten our lives, our property, our homes and families. The police can't do it all -- we have to have the means to defend ourselves. And your attempt to deny us that natural right, by strangling it with endless red tape and ever more restrictive regulations, puts you on the side of the robbers and rapists who prey on us.

NO ON SB 941!
