I am a veteran who strongly supports the Second Amendment to the United States Constitution. I am **very strongly** against SB941 because I believe that this is a clear move to start the process of removing guns from the hands of law-abiding citizens. I also believe that this is strictly a political move supported by wealthy supporters (Mr. Bloomberg) from outside the state of Oregon as well as a minority of the citizens of our state.

It is my firm belief that gun control will only have the effect of insuring that crooks and criminals will be the only ones with firearms. A check of the results of Australia's gun control laws will make the unintended consequences very clear. (Note the sky-rocketing number of physical crimes against the senior population.)

Therefore, I respectfully ask that SB941 be eliminated from consideration by the Oregon state legislature.

I am a veteran of the US Army and a proud supporter of the Second Amendment of the United States Constitution. I believe that SB941 is the beginning of total gun control in Oregon. I also believe that this is a political move supported by wealthy people (Mr. Bloomberg) from outside the state of Oregon and a vocal minority of the citizens inside our beautiful state.

For evidence of the dire unintended consequences of gun control, just look at Australia's recent experience with it. Crime has skyrocketed, especially against the most vulnerable populations, like the elderly.

I am **STRONGLY AGAINST** SB941 and respectfully request that it be eliminated from consideration by the legislature. Thank you.
