I strongly oppose this bill. It will NOT keep guns out of criminals hands.

Key supporters and sponsors of this bill have publicly admitted that criminals will still get guns. Sheriffs say they have no intention of enforcing it.

Stop with the "feel good" laws. I hear supporters saying this is a "common sense" gun law. That is a ridiculous claim. Only the LAW ABIDING will follow this law. I urge you to use common sense...stop this bill and push law enforcement to enforce the current laws we have!

Thank you,
