CHAPTER

AN ACT

Relating to location of apiaries.

Whereas residential beekeepers contribute to the overall stability of pollinator populations within urban areas when using safe and sound beekeeping practices; and

Whereas education related to bees and beekeeping helps reduce conflicts, informs local decision makers of the means to minimize nuisance complaints related to backyard beekeeping, and increases the acceptance of residential beekeeping by neighbors; and

Whereas the creation of best practice documentation for residential beekeeping can provide a means for developing good local policies that facilitate healthy and safe apiary practices; now, therefore,

Be It Enacted by the People of the State of Oregon:

SECTION 1. Sections 2 and 3 of this 2015 Act are added to and made a part of ORS chapter 602.

SECTION 2. (1) The Oregon State University Extension Service, in consultation with the State Department of Agriculture and beekeeping organizations, shall establish by written policy best practices for beekeeping within residential areas.

(c) Local government oversight of beekeeping activities within residential areas.

(3) The Oregon State University Extension Service shall collaborate with the League of Oregon Cities and the Association of Oregon Counties to:
