(2) An authorized agency may request that the Department of State Police conduct a criminal records check on a subject individual for non-criminal justice purposes. If a nationwide criminal records check of a subject individual is necessary, the authorized agency may request that the Department of State Police conduct the check, including fingerprint identification, through the Federal Bureau of Investigation.

identification. If a subject individual is determined to be unfit, then the individual may not hold the
position, provide services, be employed or be granted a license, certification, registration or permit.

is not entitled to a determination of fitness as a subject individual under paragraph (a) of this sub-

An individual's decision to appeal a determination through personnel rules, policies and collective bargaining provisions is an election of remedies as to the rights of the individual with respect to the fitness determination and is a waiver of the contested case process.

(c) An individual prohibited from receiving public funds for employment under ORS 443.004 (3) is not entitled to appeal a determination under paragraph (a) or (b) of this subsection.

(15) Criminal offender information is confidential. Authorized agencies and the Department of State Police shall adopt rules to restrict dissemination of information received under this section to persons with a demonstrated and legitimate need to know the information.
