

please support the bill

i do have a small farm and do not support the growing of trans crops. they are toxic to people and the environment and may cause irrefutable damage to the environment.

there are farmers growing transgenic alfalfa and corn and we just cannot get away from these toxic plants. please help. not only that but they are dousing them with Glyphosate which has already contaminated our water supply.

**"Nothing will benefit human health and increase chances of survival for life on earth as much as the evolution to a vegetarian diet." - Albert Einstein ----- <https://www.herbdoc.com/blog/video/dr-speaks-5/> - EATING MEAT IS HAZARDOUS TO YOUR HEALTH**

And God said, Behold, I have given you every herb bearing seed, which is upon the face of all the earth, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat. **Genesis 1:29 (KJV)**

"When health is absent, wisdom cannot reveal itself, art cannot manifest, strength cannot fight, wealth becomes useless, and intelligence cannot be applied." — Herophilus

shall grow all trees for meat, whose leaf shall not fade, neither shall the fruit thereof be consumed: it shall bring forth new fruit according to his months, because their waters they issued out of the sanctuary: and the fruit thereof shall be for meat, and the leaf thereof for medicine. **Ezekiel 47:12**

The greatest want of the world is the want of men,--men who will not be bought or sold; men who in their inmost souls are true and honest; men who do not fear to call sin by its right name; men whose conscience is as true to duty as the needle to the pole; men who will stand for the right though the heavens fall.--Education, p. 57. (1903)

There are only two ways to live your life. One is as though nothing is a miracle. The other is as though everything is a miracle. ~Albert Einstein~

"You can easily judge the character of a man by how he treats those who can do nothing for him". -- James D. Miles

"Truth mixed with error is equivalent to all error, except that it is more innocent looking and, therefore, more dangerous." ~ H.A. Ironside

The moral evils of a flesh diet are not less marked than the physical ills. Flesh food is injurious to health, and whatever affects the body has a corresponding effect on the mind and the soul. Think of the cruelty to animals that meat eating involves, and its effect on those who inflict and those who behold it—how it destroys the tenderness with which we should regard these creatures of God. The intelligence displayed by many dumb animals approaches so closely to human intelligence that it is a mystery. The animals see and hear and love and fear and suffer. They use their organs far more faithfully than many human beings use theirs. They manifest sympathy and tenderness toward their companions in suffering. Many animals show an affection for those who have charge of them, far superior to the affection shown by some of the human race. They form attachments for man which are not broken without great suffering to them. What man with a human heart, who has ever cared for domestic animals, could look into their eyes, so full of confidence and affection, and willingly give them over to the butcher's knife? How could he devour their flesh as a sweet morsel? **PHJ September 1, 1905**

**if nature didn't make it, don't take it. Dr. Fred Sebi**

"Had men ever been obedient to the law of Ten Commandments, carrying out in their lives the principles of those precepts, the curse of disease now flooding the world would not be." "All our enjoyment or suffering may be traced to obedience or transgression of natural law." "To make plain natural law, and urge the obedience of it, is the work that accompanies the third angel's message to prepare a people for the coming of the Lord. T vol. 3 page 161 White

Be not overcome of evil, but overcome evil with good. Romans 12:21 - "Do something every day to improve, beautify, and ennoble the life that Christ has purchased with His own blood. {HDL 33.2)

Health, it is the difference between knowing it and doing it. - The way you do anything, is the way you do everything.

We may disguise poison by mingling it with wholesome food, but we do not change its nature. On the contrary, it is rendered more dangerous, as it is more likely to be taken unawares. It is one of Satan's devices to combine with falsehood just enough truth to give it plausibility." (Great Controversy, 587.1)

Most people work hard and spend their health trying to achieve wealth. Then they retire and spend their wealth trying to get back their health.'

"Common sense is not so common" - Voltare - Live your truth. - Be the change you want to see in the world.

Hippocrates (960 - 377 B.C.), the father of Western Medicine said, " Every one of us has a doctor in him or her; we just have to help it in its work. The natural healing force within each one of us is the greatest force in getting well. Our food should be our medicine. Our medicine should be our food. But to eat when you are sick is to feed your sickness."

"Toleration to poisons is merely a slow method of dying. Instead of seeing in the phenomena of toleration something to be sought after, it is something to seek to avoid the necessity for." --Herbert Shelton

"A truth's initial commotion is directly proportional to how deeply the lie was believed. It wasn't the world being round that agitated people, but that the world wasn't flat. When a well-packaged web of lies has been sold gradually to the masses over generations, the truth will seem utterly preposterous and its speaker, a raving lunatic." — Dresden James
