HB 2705 and HB 2706 We are opposed to both bills.

Chairman Helm and Members of the House Committee on Energy & Environment We are opposed to HB 2705 and HB 2706. Water Resources has constantly been harrasing us here in the Sprague River Valley. Personally, our family has spent thousands of dollars hiring lawyers to defend both the surface and ground water that is rightfully ours. For over 60 years Water Resources has refused to enforce the laws currently on the books. Water Resources operates on "politics," not "science." I urge you to deny Water Resources any new funding.
