Subject: Oppose HB 3231
Date: Monday, April 03, 2017 6:58:46 PM

I wish to express my strong opposition to HB 3231. I believe it creates the potential for major road projects that would be very damaging to the environment, including the precious farmland of Oregon. Furthermore by preventing Metro from reviewing or having the opportunity to approve/deny a project within its boundaries it would undermine our prized regional land use planning system.

Regards,

Iain MacKenzie
