

Dear Oregon Promise,

Last fall I entered college as a freshman and I was beyond grateful to have receive Oregon promise. Having Oregon promise, Financial Aid, and some scholarships, I was fortunate to only have to pay small amounts to finish my first year of college and not end up broke. But, unfortunately next school year I am not able to receive Financial Aid for reasons I do not know. With that being said, having Oregon promise my sophomore year would be immensely appreciated. Not only will this grant motivate me to finish my Associate of Arts Oregon Transfer degree at Rogue Community College, but it will also allow me to continue to be financially stable.

Thank you,

Cassidy
