

Please enter into the record my remarks regarding upcoming Senate Bills 797 and 868

Senators,

Please vote NO on the 2 upcoming bills SB 797 and SB 868.

NEITHER of these bills will do ANYTHING to make anyone safer. SB 797 can deny the transfer not because the person maybe unqualified, BUT because the OSP cannot do the job correctly. Rep. Williamson indicated a REAL problem in that 95% of these types of transfer ARE IN ERROR. How can you use that as a starting point of a bill to infringe on people's right to own a firearm?

SB 868 can remove my gun rights because I bought ammo or a gun within the last 180 days. HOW DOES THIS DO ANYTHING TO MAKE PEOPLE SAFER? The language of this bill also indicates I could lose my RIGHT (as defined in the U.S. Constitution) because of "unlawful and recklessbrandishing of a firearm". What IS RECKLESS AND BRANDISHING? Shouldn't you at the very least provide a clear unambiguous definition of what behavior you are attempting to control so those in charge of enforcing the ridiculous piece of legislation will understand clearly what is meant by it.

Respectfully,
