Please SUPPORT and VOTE for HOUSING BILL 2004! PLEASE do the right thing. People must have shelter! Landlords don't need more money.

I am a senior citizen who may have been on the streets to die. My rent was almost doubled. I had been in my apartment for 21 years and the landlord passed away. The new owners got rid of everyone except for me and another who was here 18 years. He could pay the new increased rent, but I could not.

Through many twists and turns and fighting the good fight I was one of the very few (60 seniors and disabled people) lucky ones who got a Section 8 Housing Voucher.

Why is Housing Bill 2004 even an issue? It must be passed with flying colors because you know it is the right thing to do! PLEASE listen to your constituents in need!!!! There is absolutely no reason to not vote for this bill!!!!

With Respect, Marsha
