I provide rental housing for tenants in Corvallis, Oregon. House bill 2009 will not provide more housing. It will mean I put my rental up for sale. It's a great market to sell and HB 2004 makes it too hard to run a rental business. I can't shoulder the costs of relocation costs and court costs for bad tenants. Already talked to a realtor.

Please vote "No" on House Bill 2004a

Thank you,
