

Rep Rayfield,

Vote NO on On SB 719 at any point you are afforded before this session ends.

Do not continue to allow misinformation and the banking on ignorance of others with this issue to be your method of operation. Take a higher road for Oregon. Remember the election map is broader in scope than just a few cities in the state.

You need to speak with Vets who are much more knowledgeable on this matter and have direct experience with how this type of legislation will bring harm. Senator Boquist's lone support and his condition on this matter is hardly a bi-partisan achievement. I would say more sad than anything. And believe me, the Vets I've spoken with are not happy about this misguided attempt to rob them of their rights.

The road to Hell is paved with good intention. Although I have been personally disappointed in witnessing your misuse of erroneous information in this anti gun agenda that you and the your Democrat colleagues are on, I am requesting that you reconsider any forward movement actions of this particular Bill. Look to 941 if nothing else to illustrate the irony and ultimate harm in the practice of bully legislating. Try exploring your resources in education on this matter from a broader perspective. They are available.

SB 719 is wrong and dangerous. Enacting sine die, something of an indicator. To say nothing of the gut and stuff tactic.

Vote NO.

Keep your Oath,

Sally

I would rather be exposed to the *inconveniences* attending too much liberty than those attending too small a degree of it. Thomas Jefferson, letter to Archibald Stewart, Dec 23, 1791

*“Since the general civilization of mankind, I believe there are more instances of the abridgment of freedom of the people by gradual and silent encroachment of those in power than by violent and sudden usurpations.” James Madison - 1788*
