Summary of Revenue Changes

The Oregon Watershed Enhancement Board (OWEB) is funded primarily with Measure 76 Lottery Funds and federal funds from the Pacific Coastal Salmon Recovery Fund. The agency also receives revenues from the sales of salmon license plates. The agency’s six-year limitation described in this budget report is funded solely with Measure 76 Lottery Funds.

Summary of Natural Resource Subcommittee Action

OWEB promotes and implements programs that restore, maintain, and enhance Oregon watersheds to protect the economic and social wellbeing of the state and its citizens. The board provides grants to restore and preserve local streams, rivers, wetlands and natural habitat. Community members and landowners use scientific criteria to decide jointly, what needs to be done to conserve and improve habitat in the places where they live. The Subcommittee approved a total funds budget of \$119,302,545 for the agency, with \$51,708,244 total funds approved in House Bill 5040 and the remaining \$67,594,301 total funds approved in House Bill 5041. House Bill 5040 also provides 33.00 FTE for the board.

Operations

See the budget report for House Bill 5040.

Grants

For grants without a six-year limitation, please see the budget report for House Bill 5040.

Budget Note

During development of the 2019-21 budget, and in subsequent biennia, the Oregon Watershed Enhancement Board shall phase-out the capital construction expenditure limitations approved for lottery moneys deposited into the Watershed Conservation Grant Fund for the 65% dedicated to local grant expenditures as usual. OWEB shall then add as technical adjustment to the Current Service Level (CSL), in package 060, the amount estimated to be deposited in the Watershed Conservation Grant Fund using the Office of Economic Analysis forecast of Lottery Revenues for June of even numbered years. This estimate will then be updated during development of the Governor's Budget and the Legislatively Adopted Budget in non-CSL packages. Ballot Measure 76 Lottery Fund expenditures will continue to be reflected in the budget as six-year expenditure limitation to allow time for grants to be fully expended.

The Subcommittee approved Package 200, Capital Grants. This package adds \$67,594,301 six-year Lottery Funds expenditure limitation for OWEB's Ballot Measure 76 Lottery Funds grant program. Measure 76 constitutionally dedicates 65 percent of the Natural Resource Lottery Funds for watershed grants to improve and enhance Oregon's water quality, native species and wildlife habitat. Because the expenditure limitation is for six years, it is established in a separate bill.
