

**A-Engrossed
House Bill 3427**

Ordered by the House April 18
Including House Amendments dated April 18

Sponsored by Representative LEWIS; Representatives BARRETO, BENTZ, BOONE, BUEHLER, ESQUIVEL, EVANS, HACK, JOHNSON, LIVELY, MEEK, NOBLE, PARRISH, POST, VIAL, WHISNANT

SUMMARY

The following summary is not prepared by the sponsors of the measure and is not a part of the body thereof subject to consideration by the Legislative Assembly. It is an editor's brief statement of the essential features of the measure.

Requires owner or operator of dam with high hazard rating to develop emergency action plan for dam. Requires determining frequency for conducting of emergency response exercises at dams with high hazard rating. Requires Water Resources Department to conduct periodic inspection of dams with high hazard rating. **Creates exception.**

A BILL FOR AN ACT

Relating to dams with high hazard ratings.

Be It Enacted by the People of the State of Oregon:

SECTION 1. Section 2 of this 2017 Act is added to and made a part of ORS chapter 540.

SECTION 2. (1) As used in this section:

(a) "Emergency action plan" means a plan that assists a dam owner or operator and the local emergency manager to perform actions to ensure human safety in the event of a potential or actual failure of a dam or a sudden release of water.

(b) "High hazard rating" means that the Water Resources Department expects loss of human life to occur if a dam fails.

(2) Except as provided in subsection (6) of this section, the department shall require the owner or operator of a dam with a high hazard rating to develop an emergency action plan for the dam. The emergency action plan must include, but need not be limited to:

(a) Means for emergency condition detection;

(b) Means for emergency level determination;

(c) Identification of, and information necessary for, the notifications and communications to be made at each level of emergency condition;

(d) A description of actions expected to be undertaken to prevent dam failure or reduce the effects of dam failure;

(e) A map of the dam failure inundation zones for varying conditions, including but not limited to dry weather conditions and high flood conditions; and

(f) Procedures to be followed at termination of an emergency.

(3) An owner or operator of a dam with a high hazard rating shall file copies of the emergency action plan for the dam with the department, the Office of Emergency Management and the local emergency services agency for the county where the dam is located. The department, in consultation with the office and local emergency services agency, shall peri-
