9 “423.525. (1) A county, group of counties or intergovernmental corrections
10 entity shall apply to the Director of the Department of Corrections in a
11 manner and form prescribed by the director for funding made available under
12 ORS 423.500 to 423.560. The application shall include a community cor-
13 rections plan. The Department of Corrections shall provide consultation and
14 technical assistance to counties to aid in the development and implementa-
15 tion of community corrections plans.

16 “(2)(a) From July 1, 1995, until June 30, 1999, a county, group of counties
17 or intergovernmental corrections entity may make application requesting
18 funding for the construction, acquisition, expansion or remodeling of
19 correctional facilities to serve the county, group of counties or intergovern-
20 mental corrections entity. The department shall review the application for
21 funding of correctional facilities in accordance with criteria that consider
22 design, cost, capacity, need, operating efficiency and viability based on the
23 county’s, group of counties’ or intergovernmental corrections entity’s ability
24 to provide for ongoing operations.

25 “(b)(A) If the application is approved, the department shall present the
26 application with a request to finance the facility with financing agreements
27 to the State Treasurer and the Director of the Oregon Department of Ad-
28 ministrative Services. Except as otherwise provided in subparagraph (B) of
29 this paragraph, upon approval of the request by the State Treasurer and the
30 Director of the Oregon Department of Administrative Services, the facility

1 may be financed with financing agreements, and certificates of participation
2 issued pursuant thereto, as provided in ORS 283.085 to 283.092. All decisions
3 approving or denying applications and requests for financing under this
4 section are final. No such decision is subject to judicial review of any kind.

5 “(B) If requests to finance county correctional facility projects are sub-
6 mitted after February 22, 1996, and the requests have not been approved by
7 the department on the date a session of the Legislative Assembly convenes,
8 the requests are also subject to the approval of the Legislative Assembly.

9 “(c) After approval but prior to the solicitation of bids or proposals for
10 the construction of a project, the county, group of counties or intergovern-
11 mental corrections entity and the department shall enter into a written
12 agreement that determines the procedures, and the parties responsible, for
13 the awarding of contracts and the administration of the construction project
14 for the approved correctional facility. If the parties are unable to agree on
15 the terms of the written agreement, the Governor shall decide the terms of
16 the agreement. The Governor’s decision is final.

17 “(d) After approval of a construction project, the administration of the
18 project shall be conducted as provided in the agreement required by para-
19 graph (c) of this subsection. The agreement must require at a minimum that
20 the county, group of counties or intergovernmental corrections entity shall
21 submit to the department any change order or alteration of the design of the
22 project that, singly or in the aggregate, reduces the capacity of the
23 correctional facility or materially changes the services or functions of the
24 project. The change order or alteration is not effective until approved by the
25 department. In reviewing the change order or alteration, the department
26 shall consider whether the implementation of the change order or alteration
27 will have any material adverse impact on the parties to any financing
28 agreements or the holders of any certificates of participation issued to fund
29 county correctional facilities under this section. In making its decision, the
30 department may rely on the opinions of the Department of Justice, bond

9 corrections entity, county or group of counties may enter into any agree-
10 ments, including, but not limited to, leases and subleases, that are reasonably
11 necessary or generally accepted by the financial community for purposes of
12 acquiring or securing financing as authorized by this section. In financing
13 county correctional facilities under this section, ‘property rights’ as used in
14 ORS 283.085 includes leasehold mortgages of the state’s rights under leases
15 of correctional facilities from counties.

16 “(4) Notwithstanding any other provision of state law, county charter or
17 ordinance, a county may convey or lease to the State of Oregon, acting by
18 and through the Department of Corrections, title to interests in, or a lease
19 of, any real property, facilities or personal property owned by the county for
20 the purpose of financing the construction, acquisition, expansion or remodel-
21 eling of a correctional facility. Upon the payment of all principal and inter-
22 est on, or upon any other satisfaction of, the financing agreement used to
23 finance the construction, acquisition, expansion or remodeling of a
24 correctional facility, the state shall reconvey its interest in, or terminate and
25 surrender its leasehold of, the property or facilities, including the financed
26 construction, acquisition, expansion or remodeling, to the county. In addi-
27 tion to any authority granted by ORS 283.089, for the purposes of obtaining
28 financing, the state may enter into agreements under which the state may
29 grant to trustees or lenders leases, subleases and other security interests in
30 county property conveyed or leased to the state under this subsection and

1 in the property or facilities financed by financing agreements.

2 “(5) In connection with the financing of correctional facilities, the Di-
3 rector of the Oregon Department of Administrative Services may bill the
4 Department of Corrections, and the Department of Corrections shall pay the
5 amounts billed, in the same manner as provided in ORS 283.089. As required
6 by ORS 283.091, the Department of Corrections and the Oregon Department
7 of Administrative Services shall include in the Governor’s budget all
8 amounts that will be due in each fiscal period under financing agreements
9 for correctional facilities. Amounts payable by the state under a financing
10 agreement for the construction, acquisition, expansion or remodeling of a
11 correctional facility are limited to available funds as defined in ORS 283.085,
12 and no lender, trustee, certificate holder or county has any claim or recourse
13 against any funds of the state other than available funds.

14 “(6) The director shall adopt rules that may be necessary for the admin-
15 istration, evaluation and implementation of ORS 423.500 to 423.560. The
16 standards shall be sufficiently flexible to foster the development of new and
17 improved supervision or rehabilitative practices and maximize local control.

18 “(7) When a county assumes responsibility under ORS 423.500 to 423.560
19 for correctional services previously provided by the department, the county
20 and the department shall enter into an intergovernmental agreement that
21 includes a local community corrections plan consisting of program de-
22 scriptions, budget allocation, performance objectives and methods of evalu-
23 ating each correctional service to be provided by the county. The
24 performance objectives must include in dominant part reducing future crim-
25 inal conduct. The methods of evaluating services must include, to the extent
26 of available information systems resources, the collection and analysis of
27 data sufficient to determine the apparent effect of the services on future
28 criminal conduct.

29 “(8) All community corrections plans shall comply with rules adopted
30 pursuant to ORS 423.500 to 423.560, and shall include but need not be limited

1 to an outline of the basic structure and the supervision, services and local
2 sanctions to be applied to offenders convicted of felonies **and designated**
3 **drug-related misdemeanors** who are:

4 “(a) On parole;

5 “(b) On probation;

6 “(c) On post-prison supervision;

7 “(d) Sentenced, on or after January 1, 1997, to 12 months or less incar-

9 “(e) Sanctioned, on or after January 1, 1997, by a court or the State Board
10 of Parole and Post-Prison Supervision to 12 months or less incarceration for
11 a violation of a condition of parole, probation or post-prison supervision; and

12 “(f) On conditional release under ORS 420A.206.

13 “(9) All community corrections plans shall designate a community cor-
14 rections manager of the county or counties and shall provide that the ad-
15 ministration of community corrections under ORS 423.500 to 423.560 shall be
16 under such manager.

17 “(10) No amendment to or modification of a county-approved community
18 corrections plan shall be placed in effect without prior notice to the director
19 for purposes of statewide data collection and reporting.

20 “(11) The obligation of the state to provide funding and the scheduling for
21 providing funding of a project approved under this section is dependent upon
22 the ability of the state to access public security markets to sell financing
23 agreements.

24 “(12) No later than January 1 of each odd-numbered year, the Department
25 of Corrections shall:

26 “(a) Evaluate the community corrections policy established in ORS
27 423.475, 423.478, 423.483 and 423.500 to 423.560; and
