**Oregon Progressive Party  
Position on Bill at 2018  
Session of Oregon Legislature:**

**HB 4005: Support**

Dear Committee:

The Oregon Progressive Party supports this bill, which requires prescription drug manufacturers to report annually information to Department of Consumer and Business Services regarding prices of prescription drugs and costs associated with developing and marketing prescription drugs.

This minimal reporting requirement would seem the least that the Legislature could do about skyrocketing drug prices.
