

To whom it may concern:

Today, Oregon's advance directive allows me choices as far as what kind of care I want at the end of life. HB 4135 endangers my choices by removing the advance directive from statute. The bill is not written carefully enough to protect Oregonians' rights to basic food and water.

Please don't rush the process of updating advance directives without ensuring that legal protections for vulnerable people are kept in place.

I call on you legislators to protect my healthcare choices by voting no on HB 4135.
