

To whom it may concern,

As a Portland resident please register my opposition to the far reaching and ill-thought out amendments to ORS 166.255, 166.412, 166.418, 166.432, 166.434 and 166.436. Including 'household members' is a dangerous and far reaching expansion of definitions that cannot be supported.

Thank you,
