To whom it may concern,

I'm Remi Lenzen, my family has lived in Hillsboro for 7 generations (Norman "Swede" Ralston). They have owned their land for over 100 years.

I am in support of HB 4075. It will allow a planned community close to jobs eliminating excess burden on access roads to service population in communities outside of Metro's planning process. It will meet growth and demand at the right place. It offers the opportunity for high quality transit. It will prevent hazardous long term impact to arterial roads. This highly valuable land could be a real asset to Hillsboro and Oregon. The location of this important section of land should be utilized to it's fullest potential. Please pass HB 4075!

Hoping for you to make the right decision for the community and the generations of family's who have been a staple of Hillsboro.

Kind Regards,

Remi A. Lenzen
