Follow Up Flag: Follow up
Flag Status: Flagged

To Whom It May Concern:

- I support HB 4029 and protections for the Deschutes River and other state scenic waterways.
- Please balance sustainable recreation and wildlife protection on the Deschutes River by finding an alternative route to connect trails that doesn't require weakening river protections.
- In a time when our public lands are under attack from extractive industries and the Trump administration, Oregon should stand firm in protecting our rivers and public lands.

The Deschutes River is one of the premier rivers in the state of Oregon and deserves to remain protected from any additional bridges. It's important to preserve the natural state of the river for all of us to continue to enjoy. Thank you for your consideration.
