

As a registered voter and citizen of the State of Oregon, I encourage my elected representatives to vote NO on HB4145. HB4145 does not support the American right of due process. Every American has their right to be innocent until proven guilty. HB4145 is a bill allowing it's citizens to be individually subjected to the whims of dejected others. Due process is what separates us as a whole from those governed in so called "banana republics".

Sincerely,

Roger Vinyard
