**Subject:** Help needed please

Hi to all employees in Oregon!

We have reached a point where we are losing good candidates due to the affordable accommodations shortage in the Portland Metro – especially in Washington county.

I wanted to reach out to our Oregon Aero family as an extra 100 set of eyes to keep an eye out for ***any rooms for rent, open RV spaces, affordable rental homes or apartments.***

Do you perhaps know someone who has rooms to rent? Basements to rent? Etc?

These folks just need a transitional dwelling while they wait out a waiting list on extended stays or apartments. I will take any suggestions or leads you have and will follow up.

We have already reached out to local establishments. They are getting top dollar for their rooms so they are not willing to cut us any slack.

I recently heard some of our contractors may be camping because they cannot find a place. If this is factual it is absolutely heartbreaking.

Thanks so much in advance for any leads you can pass on. Please contact Steve Boyce, Andre or me if you have any ideas or know of anyone with space.

*Sincerely,*

*Michelle Kelley* PHR, SHRM-CP
