

I believe this Bill is not in the best interest of the citizens of Oregon and I hope it does not move forward. In my experience, conflicts between family members are extremely personal and laws like this can be used to unfair advantage.

Protecting all participants in a family dispute in a family dispute must be of the highest priority. The threat of physical harm needs to be eliminated. These things I understand, but this Bill offers a means of vengeance , loss of freedoms and unfair opportunity to cause lasting harm simply by an unproven accusations.

I am a competitive shooter, firearms safety officer and advocate for the 2nd Amendment Rights of all people. I would be willing to help draft a modification of this Bill to better serve the citizens of Oregon.
