Subject: HB 4029

I live in Bend, OR and I support HB 4029 and protections for the Deschutes River and other scenic rivers in Oregon.

The beautiful, wild and scenic Deschutes River attracted me to central Oregon 12 years ago. I've seen the water quality in the river deteriorate in the past 12 years.

Please find a different route to connect trails that don't further harm the Deschutes River.

Thanks,

Jan Rising
