

HB 4020 -2 STAFF MEASURE SUMMARY

House Committee On Health Care

Prepared By: Oliver Droppers, LPRO Analyst

Sub-Referral To: Joint Committee On Ways and Means

Meeting Dates: 2/9

WHAT THE MEASURE DOES:

See amendment.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-2 Replaces the measure. Defines provisions for licensing extended stay centers by the Oregon Health Authority (OHA). Requires the Health Evidence Review Commission to develop evidence-based guidelines on patient characteristic and surgical procedures appropriate for ambulatory surgical centers and extended stay centers. Requires Commission to report on implementation plan to the Legislative Assembly during the 2019 session. Requires OHA to apply to the federal Centers for Medicare and Medicaid Services (CMS) for approval to receive federal financial participation and allow extended stay centers and ambulatory surgical centers to operate under a single license. Requires OHA to report on status of federal request no later than Dec. 15, 2018. Declares an emergency, effective upon passage.

REVENUE: May have revenue impact, but no statement yet issued.

FISCAL: May have fiscal impact, but no statement yet issued.

BACKGROUND:

Ambulatory Surgery Centers (ASC) are health care facilities that focus on providing same-day surgical care, including diagnostic and preventive procedures. Currently, Arizona, Colorado, Florida, Illinois, and Nevada have adopted extended stay recovery licensure.

In 2015, the House Committee on Health Care formed a work group to explore the possibility of allowing patients to recover from outpatient surgery in an extended stay facility or extended stay recovery center. In 2017, House Bill 2664-A would have defined “extended stay centers,” “extended stay services,” “health system,” and “local hospital,” and directed the Oregon Health Authority (OHA) to adopt rules specifying the criteria for the licensing of extended stay centers and for emergency transfer agreements. The bill specified hospital requirements where the patient would be transferred; that the patient stay in an extended stay center for up to 48 hours, or four hours past the 48-hour limit based on patient safety; and that OHA license no more than 16 extended stay centers until January 2, 2023.
