Subject: House Bill 4029

How is it possible that “WE THE PEOPLE” of Central Oregon voted to complete the [Deschutes River Trail](#) from Tumalo to Sunriver by passing Measure 9-86 in 2012, only to have those in Salem twice in the past two years attempt to thwart our efforts. Since the passage of Measure 9-86 I have personally paid out approximately \$1,000 in taxes for completion of projects to include the [Deschutes River Trail](#), which incorporates the construction of a footbridge in River Rim to connect existing trails located on both sides of the Deschutes River. It’s time for our representatives from Central Oregon to standup and ensure our voices are heard, by stopping House Bill 4029 in Committee.
