This graphic depicts the rankings of judicial salaries, with the highest salary for each of the three positions having a rank of “1.” General jurisdiction judge salaries, adjusted for cost of living, are also included in this graphic. Empty squares represent states without an intermediate appellate court.
The figures presented use the C2ER Cost-of-Living Index. The Council for Community and Economic Research-C2ER is the most widely accepted U.S. source for cost-of-living indices, with nearly 400 reporting jurisdictions across America. Due to the rounding of C2ER factors to the nearest hundredth for publication purposes, user calculations of our adjusted salary figures may not equate to the published totals.
