I'm writing to express my support of HB 3427, and to please encourage you to do the same. I am a former student in the Beaverton School District, a parent of children who are in or have graduated from the Beaverton School District, a coach in the Beaverton School District, currently a Paraeducator II in the Beaverton School District, and, in the fall, a student teacher working towards my Masters in Teaching... also in the Beaverton School District. Hopefully, you can see my dedication and interest in providing students in Oregon, the best possible education I can to help them be the best citizens they can be.

To accomplish those goals, we need to adequately fund education! Please support the proposal from the Joint Committee for Student Success (House Bill 3427) to create a \$2 billion investment in our kids.
