Subject: Prepare students for the future
Date: Monday, April 22, 2019 3:41:28 PM

Members of the Joint Committee on Student Success:

I'm urging you to support H.B. 3427 because it will finally provide full funding for Measure 98. Thanks to Measure 98, my kids have access to hands-on classes that prepare them for the jobs that are available in our community. We need more opportunities that prepare our students for their futures, which is why I'm asking that you and your colleagues fully fund Measure 98 this legislative session. We can't afford to keep short changing our students.

Thank you,
John Nettleton
