**Subject:** Senate Bill 1049 - Vote NO  
**Date:** Wednesday, May 15, 2019 9:08:48 AM

---

**TO:** Joint Committee on Ways & Means, Capital Construction  
**RE:** Senate Bill 1049  
**ON:** May 14, 2019

Co-Chairs Holvey and Girod, members of the committee,

My name is **Gina Curiale**, I am a Trainer (TDS1) working at DHS, Aging and People with Disabilities Central Office in Salem, and I am a OPSRP PERS member.

I have worked for the State for 9 years. I grew up in a union household, so I know the value of and what it means to fight for benefits like our retirement. Working in public service is sometimes a thankless job, but there was always at least the security of our retirement. How dare you threaten that now. Find another way.

SB 1049 harms my retirement security by making unaffordable cuts to my individual account program. According to analysis from PERS, if this bill passes, my IAP would be cut 7.1%.

- Tier 1 member would see a 7.8% reduction in the IAP.
- Tier 2 members would see a 12.5% reduction in the IAP.
- OPSRP members would see a 7.1% reduction in the IAP.

This is a tax on my retirement benefits to pay the state's obligation to retirees. These cuts are unfair and illegal and hurt working people like me. People like me hired after OPSRP was created are not the cause of the state's pension debt. The 2003 system was designed to be sustainable and it is. But now you are asking me to take a cut to pay a debt I had nothing to do with creating.

Besides, OPSRP members like me already earn, on average, 88% of what we would earn in the private sector. We have agreed to lower salaries over the years to protect benefits. These reductions are a betrayal of those agreements.

This isn't just about how this impacts workers like me though, it's about Oregon's ability to continue to recruit and retain a strong public workforce.

30% of my colleagues are eligible to retire today. If SB 1049 passes, we will have a rush of retirements and our already overworked staff will struggle with workload issues and the so-called “brain drain” that comes with losing more experienced workers.

I show up to work every day and do my job. I have kept my end of the deal. I urge you to vote NO on SB 1049 and keep your promise to people like me.

Thank you,

Gina Curiale
