Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.

To the Oregon Legislature:

I cringe and sometimes hold my nose as I pass by any person using a gas-powered leaf blower. It is the most horrendous piece of lawn equipment I've ever encountered. I am all in for banning these blowers for the noise.

Whatever happened to sweeping the sidewalk? Brooms are efficient, and much quieter.

Please continue to send this bill through its appropriate channels to ban the 2-cycle, gas-powered leaf blowers from the entire state of Oregon.

Thank you.

Sincerely,

Deborah Lee
