

HOUSING ALLIANCE

June 10, 2019

Joint Ways and Means Subcommittee on Transportation and Economic Development
Oregon State Legislature
900 Court Street NE
Salem, OR 97301

Dear Co-Chair Manning, Co-Chair Gomberg, members of the Committee:

I am writing to you today on behalf of the Oregon Housing Alliance in support of HB 2006A and the -A8 amendments, which provides resources to support renters in the private rental market.

The Oregon Housing Alliance is a coalition of ninety organizations from all parts of the state. Our members have come together with the knowledge that housing opportunity is the foundation on which all of our success is built – individual success as students, parents, workers, and community members as well as the success of our communities. We represent a diverse set of voices including non-profit housing developers, residents of affordable housing, local jurisdictions, and organizations working to meet basic needs in every corner of our state.

We believe that all Oregonians need a safe, stable, and affordable place to call home.

HB 2006A, and the -A8 amendments invest in critical supports for renters in the private market, including education, hotline assistance, support for people seeking safety from violence, and legal assistance. Today, we know that people who rent their homes are experiencing a wide range of challenges. They may need assistance to better understand their rights as a renter, legal assistance when facing an eviction, or help navigating a tight rental market. HB 2006A and the -A8 amendments seek to invest in these solutions to support the private rental market, and provide this critical assistance.

HB 2006A and the -A8 amendments will allow Oregon Housing and Community Services to make a range of investments to assist renters and landlords. The agency could choose to invest in targeted education and classes, investments in fair housing trainings, expanding Rent Well classes, and navigation services for people with Housing Choice vouchers. In addition, the -A8 amendments make specific investments in assistance for women and families seeking safety from violence.

Helping both landlords and renters to understand their rights and responsibilities is critical. HB 2006A and the -A8 amendments could provide for education for renters. In Oregon, we have a renters' rights hotline, which renters can call to receive trained assistance in communicating with their landlord over issues like repairs or rent increases, understanding and asserting their rights, and receiving referrals to additional supports. In addition, this would also support programs such as Rent Well, or Ready to Rent, which is a class for renters with barriers such as

a past eviction, or problems with their credit history. Rent Well helps renters understand their rights and responsibilities, as well as how to communicate with their landlord over their history. It provides a certificate to renters upon completion, as well as access to a guarantee fund in the event of a problem.

Lastly, support for people seeking safety from violence is critical. Women often report staying with abusers because of a lack of another place to go, and women who experience homelessness report that domestic violence is a primary cause of that homelessness. Additional resources to support housing assistance for people seeking safety from violence is critical.

Investing in the basics – a safe, stable, affordable home for Oregonians with low incomes – has positive ripple effects across our state. We know what home, and what stable housing, means to all of us. When people have safe and stable housing, it has important and significant benefits. Kids are able to focus on the things that matter – being kids, doing their homework – instead of worrying about where their families will sleep at night. Parents are able to focus on work. Safe and stable housing that people can afford is key to accessing opportunity.

We urge your strong support of HB 2006A and the -A8 amendments.

Thank you very much for your time, and for your service to our state.

Sincerely,

A handwritten signature in black ink that reads "Alison McIntosh". The signature is written in a cursive, flowing style.
