- Boat registration revenue
- Fees for non-motorized boats
- Aquatic Invasive Species Prevention Fund
- Law enforcement contracts

EFFECT OF AMENDMENT:

Amends biennial fee from \$4.50 per foot to \$5 plus \$5.95 per foot for the original or renewal certificate of identification number or registration for all sailboats 12 feet in length or more and all motorboats. Specifies that \$5 of each original or renewal certificate be deposited in the Aquatic Invasive Species Prevention Fund. Removes existing biennial fee for motorboat aquatic invasive species prevention permit.

BACKGROUND:

The Oregon State Marine Board (Board) is the state's regulatory agency for recreational boating. The Board provides education, enforcement, access, and environmental stewardship to help make boating a safe and enjoyable experience. In 2015, the legislature passed House Bill 2459, which increased the biennial fee for boat registration from \$3 to \$4.50 and increased the original boat title or title transfer application fee from \$30 to \$50. According to the Board, registration revenue has decreased by 10 percent since 2015.

House Bill 2080 A would increase fees for boating safety certificates, registration, or identification number certificates for sailboats over 12 feet and motorboats, and boat title or title transfers, and would specify that \$5 of each registration or identification number certificate be deposited in the Aquatic Invasive Species Prevention Fund.
