Except for ORS 443.705 (1), requirements under ORS 443.705 to 443.825 and rules adopted by the department pursuant to ORS 443.705 to 443.825 apply to adult foster homes that participate in the pilot program. The department shall adopt additional requirements by rule for participating adult foster homes to:

(c) Require an adult foster home, before participating in the pilot program, to pass a physical inspection conducted by the department to determine if the home and the operation of the home can safely accommodate two additional residents.

(2) In approving an adult foster home for the pilot program, the department must take into account:

(a) The adult foster home's compliance with regulatory requirements during the preceding two-year period.

(b) The history of abuse complaints and the findings of investigators in response to complaints of abuse.

(c) Input from the local regulatory authority about the adult foster home's overall ability
to take on an additional resident.

(3)(a) The department shall provide to the Long Term Care Ombudsman a list of adult foster homes participating in the pilot program. (b) The department shall consult with the Long Term Care Ombudsman regarding any concerns of the ombudsman that arose from a past investigation of a participating adult foster home.

(4) The department shall track and compile data on the success of the pilot program and on the frequency of monitoring of the adult foster homes by the local regulatory authorities. The data must include, but is not limited to, monitoring increases or decreases in:

(a) The number of complaints;
(b) The number of violations of licensing requirements;
(c) The number of substantiated complaints of abuse; and
(d) Resident satisfaction, as measured by resident surveys.
